

for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 10 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (67 FR 68719; 68 FR 2629; 69 FR 71100; 68 FR 8794; 70 FR 8659; 69 FR 64806; 70 FR 2705). Each of these 10 applicants has requested timely renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the standard specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption standards. These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

Request for Comments

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by March 8, 2007.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 10 individuals from the vision requirement in 49 CFR 391.41(b)(10). The final decision to grant an exemption to each of these individuals was based on the merits of each case and only after careful consideration of the comments received to its notices of applications. The notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision requirements. That information is available by consulting the above cited **Federal Register** publications.

Interested parties or organizations possessing information that would

otherwise show that any, or all of these drivers, are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.

Federal Motor Carrier Safety Administration

Solicitation of Applications for Fiscal Year (FY) 2007, Safety Data Improvement Program Grant Opportunity

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice.

SUMMARY: FMCSA announces that it has published an opportunity to apply for FY 2007 Safety Data Improvement Program Grant Opportunity funding on the grants.gov Web site (<http://www.grants.gov>). Section 4128 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy For Users (SAFETEA-LU) establishes the Safety Data Improvement Program Grant Opportunity. The legislation supports a discretionary grant program that provides funding for States to improve the quality of crash and inspection truck and bus data reported by the States to FMCSA, as defined in Section 31102 of Title 49, United States Code. Eligible awardees can include a State agency located in one of the fifty States, the District of Columbia, Puerto Rico, Northern Mariana Islands, American Samoa, Guam, and the U.S. Virgin Islands. To apply for funding, applicants must be registered with grants.gov. Registration with grants.gov may take two to five days before the system will allow you to apply for grants using the grants.gov Web site (http://www.grants.gov/applicants/get_registered.jsp). Submit application in accordance with the instructions provided. Applications for grant funding must be submitted electronically to the FMCSA through the grants.gov Web site. The Catalog of Federal Domestic Assistance (CFDA)

number for Safety Data Improvement Program is 20.234.

DATES: FMCSA will initially consider funding for applications submitted by March 31, 2007, by qualified applicants. If additional funding remains available, applications submitted after March 31, 2007 will be considered on a case-by-case basis. Funds will not be available for allocation until fiscal year 2007 appropriations legislation is passed and signed into law. Funding is subject to reductions resulting from obligation limitations or rescissions as specified in SAFETEA-LU or other legislation.

[Docket No. FMCSA-04-17984]

Qualification of Drivers; Exemption Applications; Vision

AGENCY: Federal Motor Carrier Safety Administration, DOT.

ACTION: Notice of renewal of exemption; request for comments.

SUMMARY: FMCSA announces its decision to renew the exemption from the vision requirement in the Federal Motor Carrier Safety Regulations for Scott D. Goalder. FMCSA has statutory authority to exempt individuals from the vision requirement if the exemptions granted will not compromise safety. The Agency has concluded that renewing Mr. Goalder's exemption will provide a level of safety that will be equivalent to, or greater than, the level of safety maintained without the exemption for this commercial motor vehicle (CMV) driver.

DATES: This decision is effective February 25, 2007. Comments must be received on or before March 8, 2007.
