

response, on December 21, 2006, SBA published in the **Federal Register** a notice of intent to waive the Nonmanufacturer Rule for Demountable Cargo Containers Manufacturing (Dry Freight Containers/Connex Boxes). SBA explained in the notice that it was soliciting comments and sources of small business manufacturers of this class of products. In response to that December 21, 2006 notice, SBA received comments from small business manufacturers indicating that it has furnished this product to the Federal government. Accordingly, based on the available information, SBA has determined that there are small business manufacturers of this class of products, and, is therefore denying the class waiver of the Nonmanufacturer Rule for Demountable Cargo Containers Manufacturing (Dry Freight Containers/Connex Boxes), NAICS 336212.

## DEPARTMENT OF TRANSPORTATION

### Corridors of the Future Program

**AGENCY:** Department of Transportation (DOT).

**ACTION:** Notice; announcement of proposals selected to advance to Phase 2 of the Corridors of the Future Program.

**SUMMARY:** The U.S. Department of Transportation (DOT) announces the selection of the Corridors of the Future (CFP) Phase 1 proposals to be advanced to Phase 2 of the CFP. Through the CFP selection process, the DOT will select up to 5 nationally significant transportation corridors in need of investment for the purpose of reducing congestion, increasing freight system reliability, and enhancing the quality of life for U.S. citizens. The DOT has identified 8 nationally significant corridors comprised of 14 CFP proposals that have the potential to alleviate congestion and provide national and regional long-term benefits to further economic growth and international trade within the corridors and across the Nation. Several of these proposals are multimodal and multi-jurisdictional in nature.

**DATES:** The proposals selected for Phase 2 of the CFP are invited to submit a Corridor Application. Applications must be received on or before May 25, 2007.

**ADDRESSES:** Proposals selected for Phase 2 should submit their Corridor Application to Mr. James D. Ray, Chief Counsel, Federal Highway Administration, 400 Seventh Street, SW., Room 4213, Washington, DC 20590, or electronically to [corridorsofthefuture@dot.gov](mailto:corridorsofthefuture@dot.gov).

**FOR FURTHER INFORMATION CONTACT:** Mr. Michael W. Harkins, Attorney-Advisor, (202) 366-4928 ([michael.harkins@dot.gov](mailto:michael.harkins@dot.gov)), or Ms. Alla C. Shaw, Attorney-Advisor, (202) 366-1042 ([alla.shaw@dot.gov](mailto:alla.shaw@dot.gov)), Federal Highway Administration, Office of the Chief Counsel, 400 Seventh Street, SW., Room 4230, Washington, DC 20590. Office hours are from 7:45 a.m. to 4:15 p.m., e.t., Monday through Friday, except Federal holidays.

**SUPPLEMENTARY INFORMATION:**

*Electronic Access:* An electronic copy of this document may also be downloaded from the Office of the Federal Register's home page at: <http://www.archives.gov> and the Government Printing Office's Web page at: <http://www.access.gpo.gov/nara>.

*Background:* On September 5, 2006, the DOT published a notice in the **Federal Register** seeking applications from States, or private sector entities, interested in forming coalitions to build and manage corridors in a way that alleviates congestion on our highways, rail, or waterways (71 FR 52364). The notice outlined a two-phase submission

and selection process. For Phase 1, interested parties were asked to submit proposals containing general information about the proposed corridor projects. The DOT received 38 proposals during Phase I and evaluated each proposal against the primary objectives of the CFP. The DOT established a team comprised of representatives from DOT's surface transportation administrations with expertise in the areas of finance, environment and planning, infrastructure, and operations to review the proposals. Proposals were selected to move forward to Phase 2 based on each Applicant's responsiveness to the information requested for Phase 1 and the ability of the proposed project to achieve the primary goals of the CFP, including the development of corridors with national and regional significance in the movement of freight and people, congestion reduction, and the use of innovative financing.

Based on the recommendations of the Phase 1 review team, the DOT has identified 8 major corridors comprised of 14 CFP proposals that have the potential to achieve the goals of the CFP.

The 8 corridors and 14 proposals selected for Phase 2 of the CFP are as follows:

1. Interstate 95 (I-95)
