Publication of Project Cost Limits Under Blanket Certificates; Order of the Director, OEP

Section 157.208(d) of the Commission's Regulations provides for project cost limits applicable to construction, acquisition, operation and miscellaneous rearrangement of facilities (Table I) authorized under the blanket certificate procedure (Order No. 234, 19 FERC ¶ 61,216). Section 157.215(a) specifies the calendar year dollar limit which may be expended on underground storage testing and development (Table II) authorized under the blanket certificate. Section 157.208(d) requires that the 'limits specified in Tables I and II shall be adjusted each calendar year to reflect the 'GDP implicit price deflator' published by the Department of Commerce for the previous calendar year.'

Pursuant to § 375.308(x)(1) of the Commission's Regulations, the authority for the publication of such cost limits, as adjusted for inflation, is delegated to the Director of the Office of Energy Projects. The cost limits for calendar year 2007, as published in Table I of § 157.208(d) and Table II of § 157.215(a), are hereby issued. It is noted that Order No. 686, 117 FERC ¶ 61,074, increased the Table I dollar limits for calendar year 2006. The 2007 cost limits are calculated based on these increased limits.
