Great Bay Hydro Corporation; Notice of Issuance of Order

February 1, 2007.

Great Bay Hydro Corporation (GBHC) filed an application for market-based rate authority, with an accompanying rate schedule. The proposed market-based rate schedule provides for the sale of energy, capacity and ancillary services at market-based rates. GBHC also requested waivers of various Commission regulations. In particular, GBHC requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by GBHC.

On December 19, 2003, pursuant to delegated authority, the Director,

Division of Tariffs and Market Development—South, granted the requests for blanket approval under part 34. The Director's order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Notice is hereby given that the deadline for filing motions to intervene or protest is February 15, 2007.

Absent a request to be heard in opposition by the deadline above, GBHC is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of GBHC, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approvals of GBHC's issuance of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426.
