

exceed 2 years in length. The regulations at 36 CFR 223.32 have a similar requirement. The operating plans are collected within 60 days of award of timber sale contracts and annually thereafter until harvest is complete. Timber sale purchasers may submit the required information in the form of a chart or letter using surface mail, electronic mail, or via facsimile. The information is based on the timber sale purchaser's business plan.

Need and Use of the Information: Forest Service (FS) will collect information to determine eligibility for additional contract time. There is no prescribed format for the collection of the information. FS officials may have contractors submit operating plans on form FS-2400-67 or in a format chosen by the contractor. In addition, the information is used to plan the agency timber sale contract administration workload and to meet other contract obligations. The information collected includes planned periods and methods of anticipated major activities, including, road construction, timber harvesting, and completion of other contract requirements.

Description of Respondents: Business or other for-profit; Individuals or households.

Number of Respondents: 2,500.

Frequency of Responses: Reporting; Annually.

Total Burden Hours: 15,200.

Submission for OMB Review; Comment Request

February 6, 2007.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including

through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission* @OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: Untreated Oranges, Tangerines, and Grapefruit from Mexico Transiting the United States to Foreign Countries.

OMB Control Number: 0579-0303.

Summary Of Collection: Under the Plant Protection Act (7 U.S.C. 7701-7772), the Secretary of Agriculture is authorized to prohibit or restrict the importation, entry, or movement of plants and plant pests to prevent the introduction of plant pests into the United States or their dissemination within the United States. The Code of Federal Regulations, § 352.30 addresses the movement into or through the United States of untreated oranges, tangerines, and grapefruit from Mexico that transit the United States en route to foreign countries. This information collection amends the regulations to allow untreated oranges, tangerines, and grapefruit from Mexico to be moved overland by truck or rail to Corpus Christi and Houston, Texas for export to another country by water.

Need And Use Of The Information: The Animal and Plant Health Inspection Service (APHIS) is taking action to provide additional protection against the possible introduction of fruit flies via untreated oranges, tangerines, and grapefruit from Mexico that transit the United States. Untreated oranges, tangerines, and grapefruit from Mexico transiting the United States for export to another country must be shipped in

sealed, refrigerated container and insect-proof packaging. A transportation and exportation permit must be issued by an inspector for shipments of untreated oranges, tangerines, and grapefruit from Mexico. Without the information, APHIS would not be able to allow the movement of untreated citrus to transit the United States to foreign countries.

Description Of Respondents: Business or other for-profit; Individual or households.

Number Of Respondents: 400.

Frequency Of Responses: Reporting; On occasion.

Total Burden Hours: 200.
