Defense Federal Acquisition Regulation Supplement; Radio Frequency Identification (DFARS Case 2006-D002)

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD has adopted as final, with changes, an interim rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to

include additional commodities and locations that require package marking with passive radio frequency identification (RFID) tags. The rule requires contractors to affix passive RFID tags at the case and palletized unit load levels when shipping packaged petroleum, lubricants, oils, preservatives, chemicals, additives, construction and barrier materials, and medical materials to specified DoD locations.

EFFECTIVE DATE: February 12, 2007.

SUPPLEMENTARY INFORMATION:

A. Background

DoD published an interim rule at 71 FR 29084 on May 19, 2006, to implement the second year of DoD's three-year roll-out plan for supplier implementation of RFID. The rule added requirements for contractors supplying materiel to DoD to affix passive RFID tags at the case and palletized unit load levels when shipping packaged petroleum, lubricants, oils, preservatives, chemicals, additives, construction and barrier materials, and medical materials to specified locations. Ten respondents submitted comments on the interim rule. A discussion of the comments is provided below.

1. *Comment:* The DoD Suppliers' Passive RFID Information Guide states that the Air Mobility Command Terminals at Charleston, Dover, and Travis Air Force Bases will be added to the locations that require passive RFID tags in 2006. Instead of Dover Air Force Base, the rule adds the Naval Air Station in Norfolk.

DoD Response: The locations identified in the DFARS rule are correct. DoD is updating the Suppliers' Passive RFID Information Guide to incorporate these changes.

2. *Comment:* The Air Mobility Commands should be excluded until 2007, when all ship-to locations will require RFID tags. For contracts with transshipment points, such as the Air Mobility Commands, vendors do not know whether or not the ship-to location requires RFID tags when they respond to the solicitation. Vendors are required to contact the Transportation Office for shipping instructions at time of shipment.

DoD Response: DoD has amended the rule to require RFID tags for all high-
