The merchandise covered by this antidumping finding is hot-rolled carbon steel plate, 0.1875 inch or more in thickness, over 8 inches in width, not in coils, not pickled, not coated or plated with metal, not clad, other than black plate, and not pressed or stamped to nonrectangular shape. The merchandise under review is currently classifiable under items 7208.40.30.30, 7208.40.30.60, 7208.51.00.30, 7208.51.00.45, 7208.51.00.60, 7208.52.00.00, 7208.90.00.00, 7210.70.30.00, 7210.90.90.00, 7211.13.00.00, 7211.14.00.30, 7211.14.00.45, 7211.90.00.00, 7212.40.10.00, 7212.40.50.00, and 7212.50.00.00 of the HTSUS. Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise under investigation is dispositive.

Determination

As a result of the determination by the Commission that revocation of these countervailing and antidumping duty orders, and antidumping finding, is not likely to lead to continuation or recurrence of material injury to an industry in the United States, the Department is revoking the countervailing duty orders on CTL plate from Belgium, Brazil, Mexico, Spain and Sweden; the antidumping duty orders on CTL plate from Belgium,

Brazil, Finland, Germany, Mexico, Poland, Romania, Spain, Sweden, and the United Kingdom; and the antidumping finding on carbon steel plate from Taiwan, pursuant to sections 751(c) and 751(d) of the Act. Pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(2)(i), the effective date of revocation is December 15, 2005 (*i.e.*, the fifth anniversary of the date of publication in the **Federal Register** of the *Continuation Notice*). The Department will notify U.S. Customs and Border Protection to discontinue suspension of liquidation and collection of cash deposits on entries of the subject merchandise entered or withdrawn from warehouse on or after December 15, 2005, the effective date of revocation of these countervailing and antidumping duty orders, and antidumping finding. The Department will complete any pending administrative reviews of these orders or finding and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO which may be subject to sanctions.

These revocations pursuant to five-year sunset reviews and this notice are in accordance with sections 751(c) and 751(d)(2) of the Act and are published pursuant to section 777(i)(1) of the Act.

Notice of Final Results of Antidumping Duty Administrative Review and Final Partial Rescission: Certain Cut-to-Length Carbon Steel Plate from Romania

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On September 11, 2006, the Department ("the Department") published the preliminary results of the administrative review of the antidumping duty order on certain cut-to-length carbon steel plate ("cut-to-length plate") from Romania. The review covers Mittal Steel Galati, S.A. ("MS Galati") a Romanian producer/exporter of the subject merchandise.

This administrative review also covers Metalexportimport SA ("MEI"), an unaffiliated exporter for which the Department is rescinding this review. The period of review is August 1, 2004, through July 31, 2005.

EFFECTIVE DATE: February 12, 2007

FOR FURTHER INFORMATION CONTACT:

Dena Crossland or John Drury, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-3362 or (202) 482-0195, respectively.

SUPPLEMENTARY INFORMATION:

Background

On September 11, 2006, the Department published the preliminary results of the administrative review of the antidumping duty order on cut-to-length plate from Romania. See *Certain Cut-to-Length Carbon Steel Plate from Romania: Preliminary Results of the Antidumping Duty Administrative Review and Partial Rescission*, 71 FR 53377 (September 11, 2006) ("Preliminary Results"). We invited interested parties to comment on the Preliminary Results.

On October 11, 2006, we received case briefs from MS Galati and the domestic interested party IPSCO Steel Inc. ("IPSCO"). Additionally, on October 11, 2006, we received a letter from petitioner, Nucor Corporation ("Nucor"), stating its support for the case brief filed by IPSCO. We received rebuttal briefs from IPSCO, Nucor, and MS Galati on October 18, 2006. On October 11, 2006, MS Galati requested a public hearing in this review, but withdrew its request on October 20, 2006. Therefore, no public hearing was held.

Final Partial Rescission

We preliminarily determined to rescind the review with respect to MEI because we found during verification that MEI is not the producer of subject merchandise, MEI does not take title to the merchandise which MS Galati exports through MEI, and MS Galati has knowledge of the destination of its subject merchandise exports. See *Preliminary Results*. No parties commented on this issue. Therefore, we have received no new information or evidence of changed circumstances that would cause the Department to reconsider that determination. Thus, we are finally rescinding the administrative review with respect to MEI.

Scope of the Order

The products covered by this order include hot-rolled carbon steel universal mill plates (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 millimeters but not exceeding 1,250 millimeters and of a thickness of not less than 4 millimeters, not in coil and without patterns in relief), of rectangular shape, neither clad, plated nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain hot-rolled carbon steel flat-rolled products in straight lengths, of rectangular shape, hot rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 millimeters or more in thickness and of a width which exceeds 150 millimeters and measures at least twice the thickness, as currently classifiable in the HTS under item numbers 7208.31.0000, 7208.32.0000, 7208.33.1000, 7208.33.5000, 7208.41.0000, 7208.42.0000, 7208.43.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.11.0000, 7211.12.0000, 7211.21.0000, 7211.22.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, and 7212.50.0000. Included under this order are flat-rolled products of nonrectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been "worked after rolling")--for example, products which have been bevelled or rounded at the edges. Excluded from this review is grade X-70 plate. These HTS item numbers are provided for convenience and customs purposes. The written description remains dispositive.
