

Pond Campground, Grand Menard Picnic Area, CCC Camp, Ninemile Remount Depot, and Stoney Creek, Ch-paa-qn, Kennedy Ridge, and McCormick Trailheads); and establishing an OHV education program in local area schools,

(7) Improving fish habitat by rehabilitating the placer mining site on ½ mile of Little McCormick Creek, and

(8) Keeping open the Houle Creek and CCC gravel pits and developing the Sixmile rip-rap source.

The SEIS is intended to provide additional analysis on the existing condition and potential effects of proposed treatment activities on soils, along with unit-specific mitigation requirements to protect and improve soils conditions in these units. In addition, we are taking this opportunity to provide more information wildlife issues and cumulative effects. We expect to have a draft SEIS available for public review and comment in February, 2007, and a Final SEIS in April, 2007. The comment period for the Draft SEIS will be 45 days from the date the EPA publishes the notice of availability in the **Federal Register**.

The Forest Service believes it is important at this early stage to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of draft supplemental environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 533 (1978). Also, environmental objections that could be raised at the Draft SEIS stage but that are not raised until after completion of the Final SEIS (Final Supplemental Environmental Impact Statement) may be waived or dismissed by the courts. *Wisconsin Heritages, Inc. v. Harris*, 490 F. Sup. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45 day comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider and respond to them in the Final SEIS. Reviewers may wish to refer to the Council on Environmental Quality regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Responsible Official

Deborah L. R. Austin, Forest Supervisor of the Lolo National Forest,

Bldg. 24, Fort Missoula, Missoula, Montana 59804, is the Responsible Official for this project. The Record of Decision will identify the land management activities to be implemented in the project area. The Forest Supervisor will make a decision on this project after considering comments and responses, environmental consequences discussed in the Final SEIS, and applicable laws, regulations, and policies. The decision and supporting reasons will be documented in a Record of Decision.

Dated: February 7, 2007.

Deborah L. R. Austin,

Forest Supervisor, Lolo National Forest.

DEPARTMENT OF AGRICULTURE

Forest Service

Shoshone National Forest, Wyoming, Notice of New Fee Site; Federal Lands Recreation Enhancement Act (REA)

AGENCY: Forest Service, USDA.

ACTION: Notice of new fee sites.

SUMMARY: The Shoshone National Forest will begin renting overnight to the public, four Forest Service administrative cabins and a fire lookout. The Clay Butte Fire Lookout is on the Clarks Fork Ranger District and the cabins are located at the Sunlight Ranger Station on the Clarks Fork Ranger District, the East Fork Guard Station and Double Cabin Guard Station on the Wind River Ranger District of the Shoshone National Forest. The fees charged will vary from \$30 to \$150 per night, depending on the type of structure, occupancy capacity, and amenities available. Overnight rental of cabins on adjacent national forests has shown that the public appreciates and enjoys the availability of historic rental cabins. Funds from the rentals will be used for the continued operation and maintenance of these structures.

DATES: The cabins will be available for rent beginning August 17, 2007.

ADDRESSES: Forest Supervisor, Shoshone National Forest, 808 Meadow Lane Avenue, Cody, WY 82414.

FOR FURTHER INFORMATION CONTACT: Julie Lyons, Natural Resource Specialist, 307-527-6921.

SUPPLEMENTARY INFORMATION: A comparison of other cabin rental programs and local commercial operations indicate the \$30 to \$150 per night fee is both reasonable and

acceptable for these types of facilities and recreational experience.

Those wanting to rent these cabins will need to do so through the National Recreation Reservation Service, at <http://www.reserveuse.com> or by calling 1-877-444-6777. The National Recreation Reservation Service charges a \$9 fee for reservations.

Dated: February 8, 2007.

Mark Giacoletto,

Shoshone National Forest, Acting Forest Supervisor.

Risk Management Agency

Notice for Extension and Revision of a Currently Approved Information Collection

AGENCY: Risk Management Agency, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the Risk Management Agency (RMA) to request an extension for and revision to a currently approved information collection for projects listed in the Abstract of this document.

DATES: Written comments on this notice will be accepted until close of business April 16, 2007.

FOR FURTHER INFORMATION CONTACT: To request additional information on the proposed collection of information contact: Lon Burke, Risk Management Education Division USDA/RMA, Stop 0808, 1400 Independence Ave. SW., Washington, DC 20250-0808, or call (202) 720-5265.

SUPPLEMENTARY INFORMATION:

Title: Agricultural Risk Management Education and Information.

OMB Number: 0563-0070.

Expiration Date of Approval: September 30, 2007.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The Federal Crop Insurance Act directs the Federal Crop Insurance Corporation, operating through RMA, to (a) establish crop insurance education and information programs in States that have been historically underserved by the Federal crop insurance program [7 U.S.C. 1524(a)(2)]; and (b) provide agricultural producers with training opportunities in risk management, with a priority given to producers of specialty

crops and underserved commodities [7 U.S.C. 1522(d)(3)(F)]. With this submission, RMA seeks to obtain OMB's generic approval for four information collection projects that will assist RMA in operating and evaluating these programs. The four information collection projects are: (1) Request for Applications; (2) Performance Reporting; (3) Training Session Evaluation; and (4) Needs Assessment. The primary objectives of the four information collection projects are, respectively, to: (1) Enable RMA to better evaluate the performance capacity and plans of organizations that are applying for funds for cooperative and partnership agreements; (2) document the scope of activities conducted by the recipients of Federal educational funding; (3) assess the effectiveness of individual educational activities; and (4) provide program managers and policy makers with information regarding the effectiveness of educational programs in underserved States.

We are asking the Office of Management and Budget (OMB) to approve this information collection activity for 3 years.

The purpose of this notice is to solicit comments from the public concerning this information collection activity. These comments will help us:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average: 8 hours per response for agri-business professionals, for a total of 5,904 hours and 15 minutes per response for producers, for a total of 21 hours.

Respondents/Affected Entities: Agribusiness professionals and agricultural producers.

Estimated annual number of respondents: 19,450 respondents (2,950 agribusiness professionals and 16,500 agricultural producers).

Estimated annual number of responses: 19,450 responses or 1 per respondent.

Estimated total annual burden on respondents: 5,925 hours (5,904 hours for agribusiness professionals and 21 hours for agricultural producers).

Comments may be sent to Lon Burke, Risk Management Education Division, USDA/RMA, 1400 Independence Avenue, SW., Stop 0808, Room 5720, Washington, DC 20250-0808. Comments may also be submitted electronically to: *RMA.Risk-Ed@rma.usda.gov*.

All comments will be available for public inspection during regular business hours at the same address.

All responses to this notice will be summarized and included in the request for OMB approval.

All comments will also become a matter of public record.

Signed in Washington, DC, on February 8, 2007.

Eldon Gould,

Manager, Federal Crop Insurance Corporation.

BILLING CODE 3410-08-P

DEPARTMENT OF COMMERCE

International Trade Administration

[A-428-815, A-580-816, C-580-818]

Continuation Pursuant to Second Five-Year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders: Certain Corrosion-Resistant Carbon Steel Flat Products from Germany and Korea

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce ("the Department") and the International Trade Commission ("ITC") that revocation of the antidumping ("AD") orders on certain corrosion-resistant carbon steel flat products ("CORE") from Germany and Korea would likely lead to continuation or recurrence of dumping; that revocation of the countervailing duty ("CVD") order on CORE from Korea would likely lead to continuation or recurrence of a countervailable subsidy; and that revocation of these AD and CVD orders would likely lead to a continuation or recurrence of material injury to an industry in the United States, the Department is publishing this notice of continuation of these AD and CVD orders.

EFFECTIVE DATE: February 14, 2007.

FOR FURTHER INFORMATION CONTACT: Darla Brown (AD orders), Stephanie Moore (CVD order), or Brandon Farlander, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2849, (202) 482-3692, or (202) 482-0182, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 1, 2005, the Department initiated and the ITC instituted sunset reviews of the AD orders on CORE from Germany and Korea and CVD order on CORE from Korea, pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended ("the Act"), respectively. See *Notice of Initiation of Five-Year ("Sunset") Reviews*, 70 FR 65884 (November 1, 2005). As a result of its reviews, the Department found that revocation of the AD orders would likely lead to continuation or recurrence of dumping and that revocation of the CVD order would be likely to lead to continuation or recurrence of subsidization, and notified the ITC of the margins of dumping and the subsidy rates likely to prevail were the orders to be revoked. See *Final Results of Expedited Sunset Reviews: Corrosion-Resistant Carbon Steel Flat Products from Australia, Canada, France, Germany, Japan, and South Korea*, 71 FR 32508 (June 6, 2006) and *Certain Corrosion-Resistant Carbon Steel Flat Products From Korea: Final Results of Expedited Five-Year ("Sunset") Review of Countervailing Duty Order*, 71 FR 32519 (June 6, 2006) (collectively, "Final Results").

On January 31, 2007, the ITC determined that revocation of the AD orders on CORE from Germany and Korea and the CVD order on CORE from Korea would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. See *Certain Carbon Steel Products from Australia, Belgium, Brazil, Canada, Finland, France, Germany, Japan, Korea, Mexico, Poland, Romania, Spain, Sweden, Taiwan, and the United Kingdom*, 72 FR 4529 (January 31, 2007) ("ITC Determination") and USITC Publication 3899 (January 2007), entitled *Certain Carbon Steel Products from Australia, Belgium, Brazil, Canada, Finland, France, Germany, Japan, Korea, Mexico, Poland, Romania, Spain, Sweden, Taiwan, and the United Kingdom: Investigation Nos. AA1921-197; (Second Review); 701-TA-319, 320, 325-327, 348, and 350 (Second Review)*;
