

FACOSH meeting should contact Veneta Chatmon, at the address above, at least seven days before the meeting.

Public Participation—Submissions and Access to Official Meeting Record:

You may submit comments and requests to speak (1) electronically, (2) by facsimile, or (3) by hard copy. All submissions, including attachments and other materials, must identify the Agency name and the OSHA docket number for this notice (Docket No. OSHA–2007–0010). You may supplement electronic submissions by uploading documents electronically. If, instead, you wish to submit hard copies of supplementary documents, you must submit three copies to the OSHA Docket Office using the instructions in the **ADDRESSES** section above. The additional materials must clearly identify your electronic submission by name, date and docket number.

Because of security-related procedures, the use of regular mail may cause a significant delay in the receipt of submissions. For information about security procedures concerning the delivery of submissions by hand, express delivery, messenger or courier service, please contact the OSHA Docket Office at (202) 693–2350 (TTY (877) 889–5627).

Meeting transcripts and minutes as well as submissions in response to this **Federal Register** notice are included in the official record of the FACOSH meeting (Docket No. OSHA–2007–0010). Submissions are posted without change at: <http://www.regulations.gov>. Therefore, OSHA cautions interested parties about submitting personal information such as social security numbers and birth dates. Although all submissions are listed in the <http://www.regulations.gov> index, some documents (e.g., copyrighted material) are not publicly available to read or download through <http://www.regulations.gov>. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office.

Exhibits referenced in this **Federal Register** notice are included in Docket No. OSHA–2007–0010, which is the “Docket ID” number in <http://www.regulations.gov>. Exhibit numbers are listed at the beginning of the title of the specific document in the <http://www.regulations.gov> index (see “Document Title” column).

Information on using the <http://www.regulations.gov> Website to make submissions and to access the docket and exhibits is available at the Website’s User Tips link. Contact the OSHA Docket Office for information about materials not available through the

Website and for assistance in using the Internet to locate submissions and other documents in the docket. Electronic copies of this **Federal Register** notice are available at: <http://www.regulations.gov>. This notice, as well as news releases and other relevant information, is also available at OSHA’s Website at: <http://www.osha.gov>.

[Docket No. OSHA–2006–0050]

Nationally Recognized Testing Laboratories; Revised Fee Schedule

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: This notice provides the revised schedule of fees to be charged by the Occupational Safety and Health Administration (OSHA) to Nationally Recognized Testing Laboratories (NRTLs). OSHA charges fees for specific types of services it provides to NRTLs. The fees charged to NRTLs first went into effect on October 1, 2000.

DATES: The Fee Schedule will become effective on February 15, 2007.

FOR FURTHER INFORMATION CONTACT: MaryAnn Garrahan, Director, Office of Technical Programs and Coordination Activities, NRTL Program, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N3655, Washington, DC 20210, or phone (202) 693–2110. Our Web page includes information about the NRTL Program (see <http://www.osha.gov> and select “N” in the site index).

SUPPLEMENTARY INFORMATION:

I. Notice and Introduction

The Occupational Safety and Health Administration (OSHA) hereby gives notice that it has revised the fees that the Agency charges for the services it provides to Nationally Recognized Testing Laboratories (NRTLs). OSHA is taking this action as a result of its process for annually reviewing the fees, as provided under 29 CFR 1910.7(f). This review showed that the costs of providing the services covered by the fees had changed sufficiently to warrant adjustments to the fee schedule, which had been in effect since January 2002. The notice to propose the revised fees was published in the **Federal Register** on December 20, 2006 (71 FR 76365). That notice requested submission of comments by January 4, 2007. No comment was received. The notice also stated that the fees would go into effect on February 5, 2007; OSHA, however, has changed the effective date of the fee increase. As set forth above, the new fee schedule is effective February 15, 2007.

You may obtain or review documents related to the establishment of the fees by contacting the Docket Office, Room N2625, Occupational Safety and Health Administration, U.S. Department of Labor, at the above address. Docket No. OSHA–2006–0050 (formerly, NRTL95–F–1), contains all materials in the record concerning OSHA’s NRTL Program fees.

The fee adjustments described in this notice are based on the current approach for calculating fees, which is the same approach OSHA used in developing the first fee schedule (effective October 1, 2000). OSHA is also in the process of developing a new approach to calculating fees that would more accurately recoup the total costs of the services OSHA provides to NRTLs. The Agency will be proposing this new approach, and seeking comments on it, in a **Federal Register** notice to be published at a later date.

II. Background

Many of OSHA’s safety standards require that equipment or products used in the workplace be tested and certified to help ensure they can be used safely. See, e.g., 29 CFR 1910, Subpart S. In general, this testing and certification must be performed by a Nationally Recognized Testing Laboratory (NRTL). In order to ensure that the testing and certification is done appropriately, OSHA implemented the NRTL Program. The NRTL Program establishes the criteria that an organization must meet in order to be and remain recognized as an NRTL.

The NRTL Program requirements are set forth under 29 CFR 1910.7,

“Definition and requirements for a nationally recognized testing laboratory.” To be recognized by OSHA, an organization must: (1) Have the appropriate capability to test, evaluate, and approve products to assure their safe use in the workplace; (2) be completely independent of the manufacturers, vendors, and major users of the products for which OSHA requires certification; (3) have internal programs that ensure proper control of the testing and certification process; and (4) have effective reporting and complaint handling procedures.

OSHA requires NRTL applicants (*i.e.*, organizations seeking initial recognition as NRTLs) to provide detailed and comprehensive information about their programs, processes, and procedures in writing when they apply. OSHA reviews the written information and conducts an on-site assessment to determine whether the organization meets the requirements of 29 CFR 1910.7. OSHA uses a similar process when an NRTL (*i.e.*, an organization already recognized) applies for expansion or renewal of its recognition. In addition, the Agency conducts annual audits to ensure that the recognized laboratories maintain their programs and continue to meet the recognition requirements. Currently, there are 18 NRTLs operating over 50

recognized sites in the U.S., Canada, Europe, and the Far East.

III. Program Costs and Fee Calculation

To understand the adjustments we have made to the fee schedule, Section A discusses the derivation of the hourly rate we used to assess the fees. Section B discusses changes we made to the estimate of activity times and briefly describes new chargeable activities for the services to NRTLs. Section C details new activity costs.

A. Derivation of Hourly Rate (ECR)

In preparing the fee schedule presented in this notice, OSHA has updated its calculation of the total resources that it has committed to the NRTL Program overall and has then computed the costs that are involved solely with the application approval and the periodic review (*i.e.*, audit) functions.

OSHA calculates the fees for these services by multiplying an equivalent average direct staff cost per hour rate (ECR) by the time it takes to perform the activities involved in application processing or audit functions. Simply put,

$$\text{Fee for activity} = \text{ECR} \times \text{Time for activity.}$$

OSHA derives the ECR by taking the total estimated direct and indirect costs

of the program, consisting of personnel costs (salary and fringe) and office expenses, but excluding travel, and dividing that total by the total available annual work hours of the direct staff devoted to all the NRTL Program activities, *i.e.*, the number of full-time equivalent (FTE) personnel.¹ Illustrated as an equation:

$$\text{ECR} = \text{TPC} / \text{TAW},$$

where TPC is the total estimated direct and indirect program costs (excluding travel) and TAW is the total available annual work hours of the direct staff.

Figure 1, below, represents OSHA’s TPC of providing the services for which we charge fees and shows the calculation of the ECR. As a result of our adjustments, our base hourly rate for calculating our fees, *i.e.*, the ECR, has increased approximately 17% above the previous level, from \$54.50 to \$63.80. The \$54.50 is the rate that was derived using 2002 projected staff salary and fringe, and other program costs. It is the rate contained in the prior fee schedule (effective January 1, 2002), which is now superseded by the fee schedule shown in this notice. The 17% increase mainly reflects annual salary adjustments provided to Federal employees that have accumulated since the revision in 2002. The Agency believes these costs are fair and reasonable.

FIGURE 1.—NRTL PROGRAM ANNUAL COST ESTIMATES

Cost description	FTE	Avg. cost per FTE (including fringe)	Total costs
Direct Staff Costs	5.24	\$110,743	\$580,294
Indirect Staff & Other Costs	na	na	*115,130
Subtotal Costs			695,424
Travel Expenses	na	na	60,000
Total Program Costs			755,424

Avg. direct staff cost/hr. = \$580,294/(5.24 FTE × 2,080 hours) = \$53.20.

ECR = Equivalent avg. direct staff cost/hr. rate = \$695,424/(5.24 FTE × 2,080 hours) = \$63.80 (includes direct & indirect costs but not travel).

* This amount consists of \$60,150 for management and support staff and \$54,980 for equipment and other costs.

In Figure 1, Direct Staff Costs are personnel costs for the staff that perform direct activities (*i.e.*, the services, such as the application, on-site and legal reviews, and other activities involved in application processing and audits) as well as activities not directly connected to the fees. Indirect Staff and Other Costs are expenses for support and management staff, equipment, and other costs that are involved in the operation of the program. Support and management staff consists of program

management and secretarial staff. Equipment and other costs are intended to cover items such as computers, telephones, building space, utilities, and supplies, which are necessary to perform the services covered by the fees. In general, indirect costs, by their very nature, are not readily identified with a specific output (in the present context, a specific activity) but are used in producing it. They are allocated to the application processing and audit activities based on direct staff costs.

Travel Expenses shown in the figures are estimates of the costs we incur for travel related to the services that are covered by the fees. However, this amount is not included in the ECR since we charge for the actual staff travel expenses of the on-site visits performed by our program staff. In Figure 1, the travel expenses figure is presented only to show total program costs.

The use of an “equivalent average direct staff cost per hour rate” (ECR) measure is a convenient method of

¹ In discussing total hours in this notice, we often refer to FTEs which stands for full-time equivalents

and equals total hours divided by 2,080, the total

available annual work hours for one full-time employee.

allocating indirect costs to each of the services for which OSHA is charging fees. The same result is obtained if direct staff costs are first calculated and then indirect costs are allocated based on the value, i.e., dollar amount, of the direct staff costs, which is an approach that is consistent with Federal accounting standards.

To illustrate this, assume that a direct staff member spends 10 hours on an activity; the direct staff costs would then be calculated as follows: Direct staff costs = 10 hours × \$53.20/hour = \$532.

The \$53.20/hour is the average direct staff cost/hour amount shown in Figure 1. The indirect costs would be allocated by first calculating the ratio of indirect costs to direct staff costs, again using the costs shown in Figure 1. This ratio would be as follows: Indirect costs/direct staff costs = \$115,130/\$580,294 = 0.1984.

Next, the indirect costs would be calculated based on the \$532 estimate of direct staff costs: Indirect costs = \$532 × 0.1984 = \$106.

inally, the total costs of the activity are calculated: Total costs = direct staff costs + indirect costs = \$532 + \$106 = \$638.

We derive the same amount using the ECR of \$63.80, i.e., 10 hours × \$63.80/hour = \$638.

B. Modified Activity Times and Additional Activities

In addition to updating the ECR, the Agency has updated estimates of the average staff time that it spends on some specific activities or functions of the services covered by the fees. The staff activity times we updated resulted in a portion of the adjustments in the Fee Schedule (Table A below). OSHA previously developed these times for each major activity within the main types of services, which are application processing and audits.

For application processing, OSHA has increased the average staff activity time in the areas of the on-site assessment and the final report/**Federal Register** notice activities. In the first case, the increase mainly reflects the time necessary for making travel arrangements and, in the second case, mainly reflects the separate time necessary for the preparation of the notice. For audits, OSHA has increased the average staff activity time in the areas of the pre-site review and report preparation activities, each for similar reasons as the corresponding application activities just described. In addition, in both cases, we now charge for actual travel time (i.e., time in travel to and from sites), which replaces the nominal 4 hours that was included in

the first day fee for assessments and audits of the prior fee schedule.

OSHA also is now charging for some additional activities it performs during application processing and audits. These activities are for Additional Application Review, Supplemental Program Review, and Invoice Processing. Section IV of this notice further explains these activities and the modifications mentioned above. The revised fees reflect the Agency's experience with the NRTL Program fees over the four years since OSHA published the prior fee schedule.

C. Tables of Activity Costs

Figures 2, 3, 4, and 5, below, present the costs of the major activities for which fees are charged. We include average travel costs in the figures below to provide an overall cost for a particular activity. However, as explained above, since we charge for actual travel, only the non-travel costs serve as the basis for the fees later shown in the Fee Schedule (Table A). In deriving the fee amounts shown in Table A, OSHA has generally rounded the costs shown in Figures 2, 3, 4, and 5, up or down, to the nearest \$5 or \$10 amount.

Notes to OSHA Fee Schedule for NRTLs:

1. Who must pay the Application Review fees, and when must they be paid?

If you are applying for initial recognition as an NRTL, you must pay the Initial Application Review fee and include this fee with your initial application. If you are an NRTL and applying for an expansion or renewal of recognition, you must pay the Expansion Application Review fee or Renewal Application Review fee, as appropriate, and submit this fee concurrently with your expansion or renewal application. See note 7 if you amend or revise your initial or expansion application.

2. What assessment fees do you submit for an initial application, and when must they be paid?

If you are applying for initial recognition as an NRTL, you must pay \$8,890 for each site for which you wish to obtain recognition, and you must submit this amount concurrently with your initial application. We base this amount on two assessors performing a three-day assessment at each site. After completing the actual assessment, we calculate our assessment fee based on the actual staff time and travel costs incurred in performing the assessment. We calculate this fee at the rate of \$1,910 for the first day at the site, \$510 for each additional day at the site, and \$510 for each day in travel, plus actual travel expenses, for each assessor. (*Note: days charged for being in travel status are those allowed under government travel rules. This note applies to any assessment or audit.*) Actual travel expenses are determined by government per diem and other travel rules. We bill or refund the difference between the amount you pre-paid and the actual assessment fee. We reflect this difference in the final bill that we send to you at the time we publish the preliminary FEDERAL REGISTER notice announcing the application.

3. What assessment fees do you submit for an expansion or renewal application, and when must they be paid?

If you are an NRTL and applying solely for an expansion or renewal of recognition, you do not submit any assessment fee with your application. If we need to perform an assessment for the expansion or renewal request, we bill you for this fee after we perform the assessment. The fee is based on the actual staff time and travel costs we incurred in performing the assessment. We calculate this fee at the rate of \$1,790, \$1,530, or \$1,280 for the first day at the site of a renewal, expansion (site), and expansion (other) assessment, respectively. We also include \$510 for each additional day at the site and \$510 for each day in travel, plus actual travel expenses, for each assessor. Actual travel expenses are determined by government per diem and other travel rules. When more than one site of the NRTL is visited during one trip, we charge the \$510 additional day fee, plus actual travel expenses, for each day at a site.

4. When do I pay the Supplemental Travel, the Supplemental Program Review, or the Fees Invoice Processing fees?

You must include the Supplemental Travel fee when you submit an initial application for recognition and the site you wish to be recognized is located outside the 48 contiguous U.S. states or the District of Columbia. The current supplemental travel fee is \$1,000. We factor in this prepayment when we bill for the actual costs of the assessment, as described in our note 2, above. See note 8 for possible refund of application or assessment fees. You must include the Supplemental Program Review fee when you apply for approval to use other qualified parties or facilities to perform specific activities. See Chapter 2 of the NRTL Program Directive for more information. We will include the Fees Invoice Processing fee in the total for each of our invoices to you.

5. When do I pay the Review and Evaluation and the Final Report/Register Notice fees?

We bill an applicant or an NRTL for the appropriate fees at the time we publish the preliminary FEDERAL REGISTER notice to announce the application. We calculate the Review and Evaluation Fee at the rate of \$13 per test standard requested for those standards that OSHA previously recognized for any NRTL and that require minimal review or do not represent a new area of testing for the NRTL. Otherwise, this fee is \$64 per standard requested.

6. When do I pay the Audit fee?

We bill the NRTL for this fee (on-site or office, as deemed necessary) after completion of the audit and base the fee on actual staff time and travel costs incurred in performing the audit. We calculate our fee at the rate of \$2,680 for the first day at the site, \$510 for each additional day at the site, and \$510 for each day in travel, plus actual travel expenses for each auditor. Actual travel expenses are determined by government per diem and other travel rules.

7. When do I pay the Additional Review fee or Renewal Information Review fee?

The Additional Review fees cover the staff time in reviewing new or modified information submitted after we have completed our preliminary review of an application. There is no charge for review of a "minor" revision, which entails modifying or supplementing less than approximately 10% of the documentation in the application. The Additional Review fee applies to revisions modifying or supplementing from 10% to 50% of that documentation. For a new application, the fee represents 16 hours of additional review time and for a renewal or expansion application, the fee represents 8 hours of additional review time. If an applicant exceeds that 50% threshold in revising its application, we will charge one-half the Initial Application Review fee and the full Expansion Application Review fee, as applicable. The Renewal Information Review fee applies when an NRTL submits updated information to OSHA in connection with a request for renewal of recognition.

8. When and how can I obtain a refund for the fees that I paid?

If you withdraw before we complete our preliminary review of your initial application or your expansion application to include an additional site, we will refund half of the application fee. If you are applying for initial recognition as an NRTL, we will refund the pre-paid assessment fees if you withdraw your application before we have traveled to your site to perform the on-site assessment. For an initial application, we will also credit your account for any amount of the pre-paid assessment fees collected that is greater than the actual cost of the assessment. Other than these cases, we do not generally refund or grant credit for any other fees that are due or collected.

9. Will I be billed even if my application is rejected?

If we reject your application, we will bill you for the fees pertaining to tasks that we have performed that are not covered by the fees you have submitted. For example, if we perform an assessment for an expansion application but deny the expansion, we will bill you for the assessment fee. Similarly, we will bill you for the Final Report and FEDERAL REGISTER fee if we also wrote the report and published the notice. See note 11 for the consequences of non-payment.

10. What rate does OSHA use to charge for staff time?

OSHA has estimated an equivalent staff cost per hour that it uses for determining the fees that are shown in the Fee Schedule. This hourly rate takes into account the costs for salary, fringe benefits, equipment, supervision and support for each "direct staff" member, that is, the staff that perform the main activities identified in the Fee Schedule. The rate is an average of these amounts for each of these direct staff members. The current estimated equivalent staff costs per hour = \$63.80.

11. What happens if I do not pay the fees that I am billed?

As explained above, if you are an applicant, we will send you a final bill (for any assessment and for the Review and Evaluation and Final Report/Register Notice fees) at the time we publish the preliminary FEDERAL REGISTER notice. If you do not pay the bill by the due date, we will assess the Late Payment fee shown in the Fee Schedule. This late payment fee represents one hour of staff time at the equivalent staff cost per hour (see note 10). If we do not receive payment within 60 days of the bill date, we will cancel your application. As also explained above, if you are an NRTL, we will generally send you a bill for the audit fee after completion of the audit. If you do not pay the fee by the due date, we will assess the Late Payment Fee shown in the Fee Schedule. If we do not receive payment within 60 days of the bill date, we will publish a FEDERAL REGISTER notice stating our intent to revoke recognition. However, please note that in either case, you may be subject to collection procedures under U.S. (Federal) law.

12. How do I know whether this is the most Current Fee Schedule?

You should contact OSHA's NRTL Program (202-693-2110) or visit the program's Web site to determine the effective date of the most current Fee Schedule. Access the site by selecting "N" in the Subject Index at www.osha.gov. Any application review fees are those in effect on the date you submit your application. Other application processing fees are those in effect when the activity covered by the fee is performed. Audit fees are those in effect on the date we begin our audit.

The following is a description of the tasks and functions currently covered by each type of fee category, e.g., application fees, and the basis used to charge each fee.

Application Fees: This fee reflects the technical work performed by office and field staff in reviewing application documents to determine whether an

applicant submitted complete and adequate information. The application review does not include a determination on the test standards requested, which is reflected in the Review and Evaluation fee. Application fees are based upon average costs per type of application. OSHA uses an average cost because the amount of time spent on the

application review does not vary greatly by type of application. This is based on the premise that the number and type of documents submitted will generally be the same for a given type of application. Experience has shown that, indeed, most applicants do follow the application guide that OSHA provides. Two new fees were added in this area,

which are explained in the Section VI, below.

Assessment Fees: This fee is different for the initial, renewal, expansion (site) and expansion (other) applications. It is based on the number of days for staff preparatory and on-site work and related travel. Six types of fees are shown, and five are charged per site and per person. The four fees for the first day reflect time for office preparation and 8 hours at the applicant's facility. There is one fee covering either additional days at the facility and/or days in travel. Additional days or days in travel are assessed for either a half or a full day. A supplemental travel amount is assessed for travel outside the contiguous 48 states or the District of Columbia. For initial applications, an amount to cover the assessment must be submitted "up-front" with the application. In addition to the first day and additional day amounts, the applicant or NRTL must pay actual travel expenses, based on government per diem and travel rules. For initial applications, any difference between actual travel expenses and the up-front travel amount is reflected in the final bill or refund sent to the applicant.

Similar to the application fee, the office preparation time generally involves the same types of activities. Actual time at the facility may vary, but the staff devote at least a full day to performing the on-site work. The fee for the additional day reflects time spent at the facility and the actual travel expenses for that day.

Review and Evaluation Fee: This fee is charged per test standard (which is part of an applicant's proposed scope of recognition). The fee reflects the fact that staff time spent on the office review of an application varies based on the number of test standards requested by the applicant. In general, the fee is based on the estimated time necessary

to review test standards to determine whether each one is "appropriate," as defined in 29 CFR 1910.7, and covers equipment for which OSHA mandates certification by an NRTL. The fee also covers time to determine the current designation and status (i.e., active or withdrawn) of a test standard by reviewing current directories of the applicable test standard organization. Moreover, it includes time spent discussing the results of the application review with the applicant. The actual time spent will vary depending on whether an applicant requests test standards that have previously been approved for other NRTLs. When the review is minimal, these activities take approximately 2 hours for 10 standards. This translates to \$13 per standard. When the review is more substantial, the estimated average review time per standard is one hour for each standard, which translates to \$64 per standard. Substantial review will occur when the standard has not been previously recognized for any NRTL or when the NRTL is proposing to conduct testing in a "new" area, i.e., for a type of product not similar to any currently included under its scope of recognition.

Final Report/Register Notice Fees: Each of these fees are charged per application. The fee reflects the staff time required to prepare the report of the on-site review of an applicant's or an NRTL's facility, which includes contacting the applicant or NRTL to discuss issues or items in its response to our findings during our assessment. The fee also reflects the time spent making the final evaluation of an application, preparing the required **Federal Register** notices, and responding to comments received in response to the preliminary finding notice. These fees are based on average costs per type of application, since the type and content of documents prepared

are generally the same for each type of applicant. There is a separate fee when OSHA performs no on-site assessment. In these cases, the NRTL Program staff perform an office assessment and prepare a memorandum to recommend the expansion or renewal.

Audit (Post-Recognition Review) Fees: These fees reflect the time for office preparation, time at the facility and travel, and time to prepare the audit report of the on-site audit. A separate fee is shown for an office audit conducted in lieu of an actual visit. Each fee is per site and does not generally vary for the same reasons described for the assessment fee and because the audit is generally limited to between one and two days. As previously described, the audit fee includes amounts for travel, and, similar to assessments, OSHA will bill the NRTL for actual travel expenses.

Miscellaneous Fees: Four different fees are shown under this category. OSHA can charge a Late Payment fee if an invoice is not paid by the due date. This amount represents 1 hour of staff time for contacting the NRTL and preparing a late invoice and cover letter. The Supplemental Travel fee applies per site for an initial application if the site to be recognized is located outside the 48 contiguous U.S. states or the District of Columbia. The fee is \$1,000. We added two new miscellaneous fees, which are explained in Section VI, below.

VI. Major Changes to the Fee Schedule

The following table shows the major adjustments (i.e., increases or decreases of \$100 or more) that we made to the fee schedule in Table A as compared to the prior fee schedule, which had been in effect since January 1, 2002. Following the table, we explain each of the major adjustments.

TABLE OF MAJOR ADJUSTMENTS TO FEE SCHEDULE

Description of activity or category	Prior fee amount	Present fee amount	Comment on change in fee amount
Initial Application Review	\$4,400	\$5,100	none
Expansion Application Review	850	1,020	none
Additional Review—Initial Application	1	1,020	new fee
Renewal Application Information Review	1	1,020	new fee
Additional Review—Renewal or Expansion Application	1	510	new fee
Assessment—Initial Application (SUBMIT WITH APPLICATION)	6,500	8,890	none
Assessment—Initial Application (per person, per site—first day—BILLED AFTER ASSESSMENT).	1,500	1,910	none
Assessment—Renewal Application (per person, per site—first day)	1,100	1,790	currently combined with expansion assessment fee
Assessment—Expansion (additional site) (per person, per site—first day) ...	1,100	1,530	currently combined with renewal assessment fee
Assessment—Expansion (other) (per person, per site—first day)	1,100	1,280	currently combined with renewal assessment fee

Application and Assessment. The increase in the application review fees, the assessment-related fees, and the final report/register notice fees resulted primarily from the increase in the hourly cost charged for the direct staff time. The audit-related fees also increased in part for the same reason but also because we added 4 hours for the pre-site review of each audit and 14 hours for the preparation of the audit report. These extra audit-related hours are reflected in Figure 5. In our prior fee schedule, we had a fee for Assessment—Expansion or Renewal Application (first day). Under the new schedule, we replace this with a separate assessment fee for renewals and a separate fee for each type of expansion.

Travel. We changed our treatment of “travel time,” which is time in travel to and from a site, as opposed to audit or assessment time at a site. Travel time is determined following government travel regulations. The prior fee schedule included only 4 hours of travel time for an entire trip, which was reflected in the first day fee for assessments and audits. As explained in the notes to the fee schedule, we have now removed the 4-hour travel time from these first day fees and charge for actual travel time at the rate for an additional day, which under the new schedule would be \$510. This rate would be charged based on either a half-day or a full day. We are charging this fee separately, as opposed to including it in the first day flat fee, in order to more accurately recoup our travel costs. For example, if a trip for an audit lasts a total of three days, with two of those days spent at the site, we previously charged the lab for 2.5 workdays (20 hours). Under the new schedule, we are charging for 3 workdays (24 hours). This charge is most important in the case of foreign

travel where travel time may be 2 or 3 days in total. Of course, the removal of the 4 hours of travel time from the first day of an assessment or of an audit reduces those fees.

Additional Application Review. The new Additional Review fees cover the staff time in reviewing new or modified information submitted for an application. For example, an applicant may need to revise or amend an initial or expansion application if we find that there are “major” deficiencies with it. There is no charge for review of a “minor” revision, which as Note 7 to the Fee Schedule describes, entails modifying or supplementing less than approximately 10% of the documentation in the application. The Additional Review fee applies to revisions modifying or supplementing from 10% to 50% of that documentation. For a new application, the fee represents 16 hours of additional review time and for a renewal or expansion application, the fee represents 8 hours of additional review time. If an applicant exceeds that 50% threshold in revising its application, we will charge one-half the Initial Application Review fee and the full Expansion Application Review fee, as applicable. The Renewal Information Review fee applies when an NRTL submits updated information to OSHA in connection with a request for renewal of recognition. For example, such information may include revised procedures and manuals for various parts of its testing and certification activities.

Supplemental Program Review and Fees Invoice Processing. There are two more new fees, which will recoup costs for tasks we now perform in application processing and/or audits, but for which we had not been charging. The first fee,

Supplemental Program Review, covers the time to review requests by NRTLs to use a supplemental program, under which NRTLs can use other qualified parties to perform tasks necessary for product testing and certification. Currently, there are eight of these programs, and NRTLs may apply to use one or more of them. The use of the term “program” in this context may be a bit misleading. It is not separate from, but just a segment within, the NRTL Program and defines the category or type of activity or service that the NRTL can accept from other parties or facilities. To be approved to use a program, the NRTL must meet certain criteria and the fee covers the time for us to make the office review and determination. If an on-site assessment were needed as part of granting the approval, this would be covered separately in the fee for the on-site assessment or audit during which we review documentation or other operational aspects related to a proposed use of the applicable program(s). The second fee is Fees Invoice Processing, which also involves tasks directly related to the application processing or audit activities and for which we have not been recouping costs. We follow essentially the same process to prepare each invoice for either an application or an audit and would thus charge per invoice prepared.

Review and Evaluation Fee. The increase in the Review and Evaluation Fee is primarily a correction to the basis we used in the current fee schedule. In both cases, we base the fee on performing two separate reviews of 10 standards in 2 hours. However, the current fee schedule incorrectly reflects a \$10 cost for those 2 hours. Since the prior hourly rate had been \$54.50, this means the prior fee was understated by

about \$100 per ten standards (i.e., it should have been \$109 per 10 standards, but we only charged \$10 per 10 standards). At the new hourly rate, those 2 hours would result in a cost of

\$130 for the 10 standards or \$13 per standard.

Notes to the Fee Schedule. We have also changed a few of the notes to the fee schedule. In the table below, we

show the notes that we have modified or added and explain why. Adjustments that merely updated a fee amount mentioned in a note are not explained or described in the table below.

TABLE OF MODIFIED OR NEW NOTES TO THE FEE SCHEDULE

Note to fee schedule	Fee or area covered by note	Reason(s) for modifying or adding note
2	Initial application assessment	This note now also describes the separate charge for staff travel time.
3	Expansion or renewal assessment	This note now also describes the separate charge for staff travel time and shows the different first day fees for renewal and expansion assessments.
4	Supplemental travel	This note mentions possible refund of application fees. It also describes the new Supplemental Program Review and Fees Invoice Processing fees.
5	Review and evaluation	We corrected the basis for charging this fee, as explained in the section above.
6	Audit	This note now also describes the separate charge for staff travel time.
7	Additional review	Note 7 previously covered refund of fees and now would cover the fee for additional reviews of applications.
8	Refunds	This note would permit refunds of half the application fee if an applicant withdraws its initial or expansion (additional site) application before we complete our preliminary review. Note 8 previously covered the hourly rate for staff time, which is now under Note 10.
9	Application rejection	Note 9 previously covered non-payment of fees and now would cover the new area of fees due if we were to reject an application.
11	Non-payment	Note 11 is new. This area was previously covered under Note 9 and now would include a statement about collection procedures under U.S. (Federal) law.
12	Fees in effect	Note 12 is new. This area was previously covered under Note 10 and now would include a note primarily to change the "in-effect" criterion for certain application processing fees.

Finally, we are explaining again a matter dealing with the fee for Review and Evaluation, which was addressed when revising our fees in 2002. We revisit it here to clarify one aspect of our work involved in this activity. NRTLs submit requests to expand their scope to include additional test standards, i.e., testing of additional types of products. Generally, this request has consisted of a listing of the test standards. If we determine that the products requested are similar to products already in the particular NRTL's scope, the testing falls within its current capabilities, and no additional documentation needs to be reviewed. In that case, the NRTL is charged the new fee of \$13 per standard requested. However, if the NRTL requests a standard that represents a new area of testing outside its scope, then it must submit information on the testing equipment and procedures it will use as well as the qualifications of personnel that will perform the testing. In that case, the charge will be \$64 per standard, representing an average of 1 hour to review the information that must be submitted. Similarly, if OSHA has not previously recognized a particular standard for any NRTL, even though it may cover types of products under test standards that we have recognized, we will charge \$64 per standard, representing an average of 1 hour to review the testing and other provisions of the standard and to

determine if the NRTL has the necessary capability.

Final Decision

OSHA has performed its annual review of the fees it currently charges to Nationally Recognized Testing Laboratories, as provided under 29 CFR 1910.7(f). Based on this review, OSHA has determined that its prior fee schedule warranted adjustment, as detailed in this notice. As a result, OSHA now establishes the revised fees by adopting the Nationally Recognized Testing Laboratory Program Fees Schedule shown as Table A above, effective February 15, 2007. This fee schedule will remain in effect until superseded by a later fee schedule. OSHA will provide the public an opportunity to comment on any future changes to the fees.

Signed at Washington, DC this 12th day of February, 2007.

Edwin G. Foulke, Jr.,

Assistant Secretary of Labor.

BILLING CODE 4510-26-P

DEPARTMENT OF LABOR

Veterans' Employment and Training Service

Proposed Information Collection Request Submitted for Public Comment and Recommendations Eligibility Data Form: Uniformed Services Employment and Reemployment Rights Act and Veteran's Preference (USERRA/VP)

AGENCY: Veterans' Employment and Training Service (VETS), Labor.

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with The Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506 C (2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently the Veterans' Employment and Training Service (VETS) is soliciting comments concerning the proposed information
