SUPPLEMENTARY INFORMATION:

I. Abstract

The International Trade Administration's International Buyer Program (IBP) encourages international buyers to attend selected domestic trade shows in high export potential industries and to facilitate contact between U.S. exhibitors and foreign visitors. The program has been successful, having substantially increased the number of foreign visitors attending these selected shows as compared to the attendance when not supported by the program. The number of shows selected to the program increased from 10 in FY 1986 to 32 in FY 2004 and will increase to 36 shows in FY 2007. (Because the program schedule will transition from a fiscal year to calendar year, the 2007 program will run 15 months rather than 12. This will cause six shows to repeat, bringing the total number of shows in the FY/CY 2007 schedule to 42.) The criteria used to select these shows are: export potential, international interest, scope of show, stature of show, exhibitor interest, overseas marketing, logistics, delegation incentives, and cooperation of show organizers.

II. Method of Collection

Form ITA-4014P, Exhibitor Data, is used to determine which U.S. firms are interested in meeting with international business visitors and the overseas business interest of the exhibitors. The form is completed by U.S. exhibitors participating in an IBP domestic trade show and is used to list the firm and its products in an Export Interest Directory, which is made available for use by Foreign Commercial Officers in recruiting delegations of international buyers to attend the show and is also
