The Commission believes that the wide availability of such information, as described above, will facilitate transparency with respect to the Shares and diminish the risk of manipulation or unfair informational advantage.

C. Listing and Trading

The Commission finds that the Exchange's proposed rules and procedures for the listing and trading of the proposed Shares are consistent with the Act. Shares will trade as equity securities subject to NYSE rules including, among others, rules governing trading halts, responsibilities of the specialist, account opening, and customer suitability requirements. In addition, the Shares will be subject to NYSE listing and delisting rules and procedures governing the trading of ICUs on the NYSE. The Commission believes that listing and delisting criteria for the Shares should help to maintain a minimum level of liquidity and therefore minimize the potential for manipulation of the Shares. Finally, the Commission believes that the Information Memo the Exchange will distribute will inform members and member organizations about the terms, characteristics, and risks in trading the Shares, including their prospectus delivery obligations.

D. Acceleration

The Commission finds good cause for approving the proposed rule change, as amended, prior to the 30th day after the date of publication of the notice of filing thereof in the **Federal Register**. The Commission has previously granted approval to a NYSE proposal to adopt NYSE Rules 1300A and 1301A that govern the trading of Currency Trust

³⁹ According to the Exchange, the Sponsor has represented to the Exchange that the NAV for the Trust will be available to all market participants at the same time. The Exchange further represents that therefore, no market participant will have a time advantage in using such data.

⁴⁰ As noted above, the last sale price of the Shares in the secondary market will be disseminated over the Consolidated Tape.

Shares, and a proposal to list and trade Euro Shares pursuant to such rules.⁴¹ The Shares proposed to be listed and traded in this proposed rule change, are substantially similar in structure and operation to the Euro Shares, will be listed and traded pursuant to the same rules, and do not raise any new issues. Therefore, the Commission finds good cause, consistent with Section 19(b)(2) of the Act,⁴² to approve the proposal, as amended, on an accelerated basis.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act⁴³ that the proposed rule change (SR-NYSE-2007-03), as amended, is approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁴⁴

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The NYSE proposes to extend until February 1, 2008 the following pilot programs ("Pilots"): Crossing Session III, for the execution of guaranteed price coupled orders by member organizations to fill the balance of customer orders at a price that was guaranteed to a customer prior to the close of the Exchange's 9:30 a.m. to 4:00 p.m. trading session; and Crossing Session IV, whereby an unfilled balance of an order may be filled at a price such that the entire order is filled at no worse price than the Volume Weighted Average Price ("VWAP") for the subject security. The text of the proposed rule change is available at the NYSE, the Commission's Public Reference Room, and <http://www.nyse.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the NYSE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The Exchange has prepared summaries set forth in Sections A, B, and C below of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

In SR-NYSE-2002-40,⁵ the Commission approved an order establishing two new crossing sessions (Crossing Sessions III and IV) in the Exchange's Off-Hours Trading Facility ("OHTF") as a pilot program ("Pilot"), expiring on December 1, 2004. Subsequently, the Commission published two notices of filing and immediate effectiveness of a proposed rule change extending the Pilot until

⁴ 17 CFR 240.19b-4(f)(6).

⁵ See Securities Exchange Act Release No. 48857 (December 1, 2003), 68 FR 68440 (December 8, 2003).

February 1, 2006⁶ and until February 1, 2007.⁷

This proposal extends the Pilot until February 1, 2008.⁸ Crossing Sessions III and IV are described below.

Background

The purpose of the original proposed rule change was to add two additional "Crossing Sessions" (Crossing Sessions III and IV) to the Exchange's OHTF. Before the proposed rule change, the OHTF consisted of Crossing Sessions I and II. Crossing Session I permits the execution, at the Exchange's closing price, of single-stock, single-sided closing price orders and crosses of single-stock, and closing price buy and sell orders. Crossing Session II permits the execution of crosses of multiple-stock ("basket") aggregate priced buy and sell orders. For Crossing Session II, trade reporting is accomplished by reporting to the Consolidated Tape the total number of shares and the total market value of the aggregate-price trades. There is no indication of the individual component stocks involved in the aggregate-price transactions.

Crossing Session III

The Exchange is proposing to extend until February 1, 2008, the Pilot in Crossing Session III. Crossing Session III is described in Exchange Rule 907. This Pilot would continue to allow for the execution on the NYSE of "guaranteed price coupled orders" whereby member organizations could fill the unfilled balance of a customer order at a price which was guaranteed to the customer prior to the close of the Exchange's 9:30 a.m. to 4:00 p.m. trading session.

The Granting of "Upstairs Stops"

In serving their institutional customers, member firms may offer them a guarantee that a large size order will receive no worse than a particular price. Such a practice is usually referred to as an "upstairs stop" meaning that the firm guarantees that its customer's order will be executed at no worse price than the agreed-upon, guaranteed price, with the member firm trading for its

own account, if necessary, to effectuate the guarantee.

Typically, a member firm will seek to execute as much of the order as possible during the trading day at or below the "stop" price (in the case of a buy order) or at or above the "stop" price (in the case of a sell order). Any portion of the order not filled during the trading day will be completed after hours, with the firm either buying from, or selling to, its customer at a price which ensures that the entire order is executed at a price which is no worse than the "stop" price.

Member firms typically execute the unfilled balance of the order, after the U.S. Consolidated Tape is closed, in the London over-the-counter market, where trades are not reported in real time. The purpose of this is simply to minimize the possibility that other market participants may ascertain the firm's, or the customer's inventory position, and possibly trade in the subject security to the detriment of the firm that granted the "upstairs stop." It is more transparent to print the trade in the NYSE primary market during U.S. Consolidated Tape hours.

Crossing Session IV

The Exchange is also proposing to extend the Pilot in Crossing Session IV (which is also described in NYSE Rule 907), until February 1, 2008. Crossing Session IV is a facility whereby member organizations may fill the unfilled balance of a customer's order at a price such that the overall order is filled at a price that is no worse than the VWAP for the subject security on that trading day. The member organization would be required to document its VWAP agreement with the customer and the basis upon which the VWAP price would be determined.

Operation of Crossing Sessions

As described in NYSE Information-Memos 04-30 and 05-57 and NYSE Rule 907, Crossing Sessions III and IV would continue to operate as follows:

- (i) The original order as to which an "upstairs stop" or "VWAP" has been granted may be of any size;
- (ii) The customer must have received a "stop" (guaranteed price) or VWAP for the entire order;
- (iii) The member firm must record all details of the order, including the price it has guaranteed its customer or that the entire order will be filled at no worse than the VWAP;
- (iv) An order or the unfilled balance of an order that would be executed in Crossing Session III or Crossing Session IV may be of any size;
- (v) The customer's order must be executed in Crossing Session III or

Crossing Session IV at a price that ensures that the entire order is executed at a price that is no worse than the guaranteed price or the VWAP;

(vi) Orders may be entered in Crossing Session III or Crossing Session IV between 4 p.m. and 6:30 p.m., and must be identified as either a Crossing Session III or Crossing Session IV order;

(vii) Member firms will receive an immediate report of execution upon entering an order into Crossing Session III or Crossing Session IV; (viii) Orders may be entered into Crossing Session III for execution at prices outside the trading range in the subject security during the 9:30 a.m. to 4 p.m. trading session;

(ix) Orders may not be entered into Crossing Session III or Crossing Session IV in a security that is subject to a trading halt at the close of the regular 9:30 a.m. to 4 p.m. trading session; and

(x) At 6:30 p.m., the Exchange will print trades reported through Crossing Session III as guaranteed price coupled orders or in Crossing Session IV as VWAP executions.

2. Statutory Basis

The basis under the Act for this proposed rule change is the requirement under Section 6(b)(5)⁹ that an Exchange have rules that are designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

B. Self Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time

as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

NYSE has asked the Commission to waive the five-day pre-filing notice requirement and the 30-day operative delay. The Commission believes such waivers are consistent with the protection of investors and the public interest because they would allow the Pilots to operate without interruption.¹² For this reason, the Commission designates the proposal to be operative upon filing with the Commission.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

[Release No. 34-55282; File No. SR-Phlx-2007-03]

Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Eliminating the Telephone System Line Extension Charge

February 12, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 11, 2007, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been substantially prepared by the Phlx. The Phlx filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit

comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Phlx, pursuant to Section 19(b)(1) of the Act⁵ and Rule 19b-4 thereunder,⁶ proposes to eliminate from Appendix A of the Exchange's fee schedule the telephone system line extension charge of \$22.50 per month per extension. Any member, participant, and member or participant organization may, however, keep their telephone system line extensions without being charged. The Exchange proposes to make effective beginning January 2007 the elimination of the telephone system line extension charge.⁷

In its filing with the Commission, the Phlx included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Phlx has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, the Exchange assesses a fee of \$22.50 per month per extension for telephone system line extensions on the options and foreign currency trading floors. The Exchange recently eliminated this fee for members and member organizations on the equity trading floor in connection with the
