Administration for Children and Families

Proposed Information Collection Activity; Comment Request

Proposed Projects

Title: Grant Application Data Summary (GADS) Form.

OMB No.: New Collection.

Description: The Grant Application Data Summary (GADS) collects information from applicants seeking grants from the Administration for Native Americans (ANA). ANA awards annual grants in three competitive areas. Previously, ANA collected information using a separate form for each competitive area (OMB No. 0970-0261, OMB No. 0970-0263 and OMB No. 0970-0265). ANA has consolidated the three previous information collections into the single GADS instrument.

Respondents: Tribal Governments, Native Non-profits, Tribal Colleges and Universities.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Grant Application Summary	500	1	.5	250

Estimated Total Annual Burden Hours: 250.

In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administrator for Children and Families, Office of Administration, Office of Information Services, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. E-mail address: infocollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to

comments and suggestions submitted within 60 days of this publication.

Dated: February 13, 2007.

Agency Information Collection Activities: Proposed Collection: Comment Request

In compliance with the requirement for opportunity for public comment on proposed data collection projects (section 3506(c)(2)(A) of Title 44, United States Code, as amended by the Paperwork Reduction Act of 1995, Pub. L. 104-13), the Health Resources and Services Administration (HRSA) publishes periodic summaries of proposed projects being developed for submission to the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995. To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, call the HRSA Reports Clearance Officer on (301) 443-1129.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) The accuracy of the agency's estimate of the burden of the proposed collection of information; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: National Practitioner Data Bank and Healthcare Integrity and Protection Data Bank Market Surveys and Survey of Use of Data Bank Information by Queriers: New

The Health Resources and Services Administration plans to conduct an evaluation of the National Practitioner Data Bank (NPDB) and the Healthcare Integrity and Protection Data Bank (HIPDB). The purpose of these surveys is to conduct a follow-up study to the NPDB User and Non-User Surveys of 2001. In addition, HIPDB users and non-users will be included in this study. The study will evaluate the effectiveness of the NPDB and the HIPDB as flagging systems, sources of information, and decision making tools. It will also determine user satisfaction with the

process, use, and information provided by the NPDB and HIPDB.

Surveys will be administered to entities that report to and/or query the NPDB and HIPDB, including users who query either the NPDB and/or HIPDB and who receive a "match", *i.e.* copies of adverse actions concerning a queried practitioner. A sample of Queriers who

received a matched response will be surveyed about the information received. NPDB and HIPDB non-users will also be surveyed. Eligible NPDB and HIPDB users will be asked to complete a Web-based Internet survey or a computer-assisted telephone interview (CATI). NPDB and HIPDB non-users will complete either a Web or

CATI, or will be transferred to an interactive voice response (IVR) system during the CATI to complete the survey.

Data gathered from the survey will be compared with similar information from previous surveys of users and non-users and will provide HRSA with the information necessary to improve the usability of the NPDB and HIPDB.

Proposed Collection Comment Request; Monitoring and Evaluation of the NIDA Goes Back to School National Dissemination Campaign; Revision

Summary: In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collection of information, the National Institute on Drug Abuse (NIDA), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval. We are publishing a revised version of the notice that we published in the **Federal**

Register on January 30, 2006 (72 FR 4273-4274) to reflect a correction in the data presented in Table A. In the previous notice, we inadvertently calculated the burden totals on the basis of 400 subjects for a single year. We should have calculated the burden totals on the basis of 400 subjects per each of three study years. Today's notice corrects that error.

Proposed Collection

Title: Monitoring and Evaluation of the NIDA Goes Back to School National Dissemination Campaign.

Type of Information Collection Request: New.

Need and Use of Information Collection: This is a request for a one-time clearance to collect information on the use of the NIDA Goes Back to School (NGBTS) dissemination materials that can be requested by interested persons from the NIDA Internet site. The
