I. Section (a)(2)(A) all of the following must be satisfied:

B. The sales or production, or both, of such firm or subdivision have decreased absolutely; and

C. Increased imports of articles like or directly competitive with articles produced by such firm or subdivision have contributed importantly to such workers' separation or threat of separation and to the decline in sales or production of such firm or subdivision; or

II. Section (a)(2)(B) both of the following must be satisfied:

A. A significant number or proportion of the workers in such workers' firm, or an appropriate subdivision of the firm, have become totally or partially separated, or are threatened to become totally or partially separated;

3. There has been or is likely to be an increase in imports of articles that are like or directly competitive with articles which are or were produced by such firm or subdivision.

Also, in order for an affirmative determination to be made for secondarily affected workers of a firm and a certification issued regarding eligibility to apply for worker adjustment assistance, each of the group

eligibility requirements of Section 222(b) of the Act must be met.

(1) Significant number or proportion of the workers in the workers' firm or an appropriate subdivision of the firm have become totally or partially separated, or are threatened to become totally or partially separated;

(2) The workers' firm (or subdivision) is a supplier or downstream producer to a firm (or subdivision) that employed a group of workers who received a certification of eligibility to apply for trade adjustment assistance benefits and such supply or production is related to the article that was the basis for such certification; and

(3) Either—

(A) The workers' firm is a supplier and the component parts it supplied for the firm (or subdivision) described in paragraph (2) accounted for at least 20 percent of the production or sales of the workers' firm; or

(B) A loss or business by the workers' firm with the firm (or subdivision) described in paragraph (2) contributed importantly to the workers' separation or threat of separation.

In order for the Division of Trade Adjustment Assistance to issue a certification of eligibility to apply for Alternative Trade Adjustment Assistance (ATAA) for older workers, the group eligibility requirements of Section 246(a)(3)(A)(ii) of the Trade Act must be met.

Negative Determinations for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In the following cases, the investigation revealed that the eligibility criteria for worker adjustment assistance have not been met for the reasons specified.

(shift in production to a foreign country under a free trade agreement or a beneficiary country under a preferential trade agreement, or there has been or is likely to be an increase in imports).

DEPARTMENT OF LABOR

Employment and Training Administration

Labor Certification Process for the Temporary Employment of Aliens in Agriculture and Logging in the United States: 2007 Adverse Effect Wage Rates, Allowable Charges for Agricultural and Logging Workers' Meals, and Maximum Travel Subsistence Reimbursement

AGENCY: Employment and Training Administration, Department of Labor.

ACTION: Notice of Adverse Effect Wage Rates (AEWRs), allowable charges for

meals, and maximum travel subsistence reimbursement for 2007.

SUMMARY: The Employment and Training Administration (ETA) of the U.S. Department of Labor (Department or DOL) is issuing this Notice to announce the 2007 AEWRs for employers seeking to employ temporary or seasonal nonimmigrant foreign workers to perform agricultural labor or services (H-2A workers) or logging (H-2 logging workers); the allowable charges for 2007 that employers seeking H-2A workers and H-2 logging workers may levy upon their workers when three meals a day are provided by the employer; and the maximum travel subsistence reimbursement which a worker with receipts may claim in 2007.

AEWRs are the minimum wage rates the Department has determined must be offered and paid by employers of H-2A workers or H-2 logging workers to U.S. and foreign workers. AEWRs are established in order to prevent the employment of these foreign workers from adversely affecting wages of similarly employed U.S. workers. The Department also announces the minimum and maximum charge of travel subsistence expenses a worker may claim in 2007.

EFFECTIVE DATE: February 21, 2007.

FOR FURTHER INFORMATION CONTACT: William L. Carlson, Administrator, Office of Foreign Labor Certification, U.S. Department of Labor, Room C-4312, 200 Constitution Avenue, NW., Washington, DC 20210. *Telephone:* 202-693-3010 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: The U.S. Citizenship and Immigration Services may not approve an employer's petition for admission of H-2A workers or H-2 logging workers in the United States unless the petitioner has received from DOL an H-2A or H-2 labor certification, as appropriate. Approved labor certifications attest: (1) There are not sufficient U.S. workers who are able, willing, and qualified and who will be available at the time and place needed to perform the labor or services involved in the petition; and (2) the employment of the foreign worker in such labor or services will not adversely affect the wages and working conditions of workers in the U.S. similarly employed. 8 U.S.C. 1101(a)(15)(H)(ii)(a), 1184(c), and 1188.

DOL's regulations for the H-2A and H-2 program require employers to offer and pay their U.S., H-2A, and H-2 workers no less than the appropriate hourly AEWR in effect at the time the work is performed. 20 CFR 655.102(b)(9)
