Forest Service

Nebraska National Forest, Nebraska & South Dakota Black-Tailed Prairie Dog (*Cynomys ludovicianus*) Management on the Nebraska National Forest and Associated Units

AGENCY: Forest Service, USDA.

ACTION: Revised notice of intent to prepare an environmental impact statement.

SUMMARY: The USDA Forest Service published a Notice of Intent in the **Federal Register** of September 29, 2006, in FR Volume 71, No. 189, on pages 57460-57461, concerning request for comments on a Supplement to the Final Environmental Impact Statement for the 2002 Nebraska National Forest Revised Land and Resource Management Plan for black-tailed prairie dog (*Cynomys ludovicianus*) management on the Nebraska National Forest and associated units. Instead of supplementing the Final Environmental Impact Statement for the 2002 Nebraska National Forest Revised Land and Resource Management Plan, the Agency will prepare an Environmental Impact Statement (EIS) for black-tailed prairie dog (*Cynomys ludovicianus*) management on the Nebraska National Forest and associated units. This EIS will tier to and not supplement the Final EIS for the 2002 Revised Nebraska National Forest Land and Resource Management Plan.

The proposed action is to amend current management direction in the Nebraska National Forest Land and Resource Management Plan to meet various multiple use objectives by: (1) Specifying the desired range of acres of prairie dog colonies that would be provided on the Nebraska National Forest and associated units; and (2) to be able to use toxicants if the acreage exceeds the desired range and for multiple use objectives. The proposed action would amend Chapter 1, Section H, Standard #1 in the Nebraska National Forest Land and Resource Management Plan, which allows for limited use of rodenticides in the interior of the Forest. The proposed action would also authorize the site-specific control of prairie dogs forest-wide, including the use of rodenticides, when management thresholds are exceeded for geographic areas. Future prairie dog control would occur based on management thresholds without further NEPA analysis.

Public Comments

Public comment was received in response to the September 29, 2006

Notice of Intent. The comments have been analyzed and distilled into a comprehensive set of analysis issues. Since the proposed action and purpose and need for the project have not changed, those who have already commented do not need to resubmit their comments. However, comments will continue to be accepted, but will be most useful if received by March 16, 2007.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Socioeconomic Research and Monitoring Program for the Florida Keys National Marine Sanctuary: Recreation/Tourism in the Florida Keys—A Ten-year Replication.

Form Number(s): None.

OMB Approval Number: 0648-xxxx.

Type of Request: Regular submission.

Burden Hours: 10,539.

Number of Respondents: 15,686.

Average Hours Per Response: Auto, air and cruise ship visitors: On-site survey, 4 minutes; mail-back surveys, 15 minutes; other visitor surveys: On-site: 15 minutes; mail-back surveys, 20 minutes; resident mail survey, 1 hour; and supply-side surveys, 5 minutes.

Needs and Uses: This is an approximate ten-year replication of the study "Linking the Economy and Environment of the Florida Keys/ Florida Bay" which established baseline measurements for recreation/tourist uses of the Florida Keys National Marine Sanctuary (FKNMS). The baseline measurements were taken in 1995-96 for the broader recreation/tourist uses, while for reef use the baseline measurements were taken in 2000-2001. Baseline measurements were taken on number of users and recreation/tourist uses of the Florida Keys, along with estimates of economic value of resource use, economic impact associated with these uses on the local and regional economies, importance/satisfaction ratings for 25 natural resource attributes, facilities and services, and demographic profiles of users. This application also includes establishment of new baselines for knowledge, attitudes and perceptions of Sanctuary management strategies and regulations for recreation/tourist user groups, adds evaluations of management alternatives for coral reefs, and adds information that will support better predictions of how users will respond to management/regulations.

Affected Public: Business or other for-profit organizations; individuals or households.

Frequency: One time only.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995, Pub. L. 104-13 (44 U.S.C. 3506 (c)(2)(A)).

Bureau: International Trade Administration (ITA).

Title: Commercial Service Market Segmentation Study of Moderate U.S. Exporters Focus Groups.

Agency Form Number: ITA-XXXX.

OMB Number: None.

Type of Request: Regular Submission.

Burden: 108 hours.

Number of Respondents: 72.

Average Hours per Response: 1.5 hours.

Needs and Uses: Expanding U.S. exports is a national priority essential to improving U.S. trade performance. The Department of Commerce, ITA, U.S. Commercial Service (CS) serves as the key U.S. government agency responsible for promoting exports of goods and services from the United States, particularly by small and medium-sized enterprises, and assisting U.S. exporters in their dealings with foreign governments. The CS is mandated by the Government Performance and Results Act of 1993 and the President's Management Agenda Fiscal Year 2002 to improve program performance and achieve better results for the American people. In accordance with these mandates, the CS needs to address the weaknesses and opportunities for improvement identified by the Office of Management and Budget's 2003 Program Assessment Rating Tool (PART). To address these weaknesses and opportunities and in an effort to remain relevant to the marketplace and optimize our respective operations, the Commercial Service, Manufacturing Extension Partnership (MEP), Census Bureau (Census), and Export-Import Bank (Ex-Im) have embarked on a market segmentation research study of moderate U.S. exporters. The objectives are to gain market knowledge and generate statistically valid characterizations about the needs and buying behavior of exporting

companies, with a particular focus on Moderate exporters, which are defined as those U.S. firms that currently export, but on a limited or reactive basis and whose international sales comprise less than 10% of total sales or whose international sales growth is less than 10% per year. Respondents benefit from the collection of this information because it will be used to improve services provided to the public. Without this information, the CS/MEP/Census/Ex-Im team is unable to systematically determine the needs, attitudes and behaviors of U.S. exporters. This effort will gather statistically valid market intelligence on SME attitudes and behaviors vis-à-vis making international sales and working with a government consultant.

Affected Public: U.S. companies that are recruited by Pacific Consulting Group, the vendor hired by the U.S. Commercial Service for this research.

Frequency: One time.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Written comments and recommendations for the proposed information collection should be sent to David Rostker, OMB Desk Officer, David_Rostker@omb.eop.gov or fax (202) 395-7285 within 30 days of the publication of this notice in the **Federal Register**.
