2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,¹³ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁴ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of filing (or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest), the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁵ and

subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁶

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in the furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-55333; File No. SR-Phlx-2007-13]

Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to 100 Share Away Markets in Non-Nasdaq Securities on XLE

February 22, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 20, 2007, the Philadelphia Stock Exchange, Inc. (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II, below, which Items have been prepared by the Phlx. The Exchange has designated the proposed rule change as constituting a “non-controversial” rule change under Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Phlx proposes to modify XLE, Phlx’s equity trading system, so as to prevent XLE from trading through 100 share away quotations in non-Nasdaq securities. In addition, XLE will be modified to route to 100 share away quotations in non-Nasdaq securities. Accordingly, Phlx Rule 1(cc)(3) will be modified to include 100 share away quotations in the definition of Protected

Bids, Offers and Quotations for non-Nasdaq securities before the Trading Phase Date. The text of the proposed rule change is available at the Phlx, the Commission's Public Reference Room, and <http://www.phlx.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Phlx included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Phlx has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to reflect the impending elimination of the Intermarket Trading System ("ITS") Plan in favor of the Trading Phase Date of Regulation NMS on March 5, 2007 by protecting additional away quotations in XLE. This would be accomplished by modifying XLE to consider 100 share bids, offers and quotations in non-Nasdaq securities in other markets as Protected Bids, Offers and Quotations beginning on February 26, 2007. Therefore, XLE would route to 100 share away quotations in non-Nasdaq securities and would not trade through or quote through such quotations unless simultaneously routing to those quotations, pursuant to Phlx Rules.

Currently, XLE trades and quotes through 100 share away quotations in non-Nasdaq securities. Additionally, XLE does not route to 100 share away quotations in non-Nasdaq securities. This is because in the ITS Plan, which applies to non-Nasdaq securities, and the Phlx Rules adopted pursuant to the ITS Plan, provide an exemption from trade-through and from locking and crossing protection for 100 share bids and offers of away markets. In contrast, commencing with the Trading Phase Date of Regulation NMS, which is currently March 5, 2007, the exemption for 100 share away quotation in the ITS Plan will not be available to Phlx (or any other exchange) under the new Order Protection Rule, Rule 611.⁵ XLE

will be ready for the Trading Phase Date in that it will not, among other things, trade or quote through 100 share away markets. However, Phlx believes that it is appropriate to modify its trading system, XLE, on February 26, 2007, to take 100 share away markets in non-Nasdaq securities into account for trading, quoting and routing because Phlx is currently rolling out XLE's routing functionality in non-Nasdaq securities.

Phlx has observed that other markets trading non-Nasdaq securities pursuant to the ITS Plan have modified or adapted their systems to provide for very rapid or immediate execution of their displayed quotations, including quotations of 100 shares. Phlx believes that the system modification in this proposed rule change could provide more opportunities for executions of orders that XLE routes away pursuant to Phlx Rules, since XLE would begin routing to 100 share away quotations, in addition to larger quotations. Finally, Phlx would modify Phlx Rule 1(cc)(3) to clarify the change to XLE by stating that a Protected Bid, Offer or Quotation in non-Nasdaq securities includes a 100 share bid, offer or quotation.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act⁷ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by increasing the category of Protected Bids, Offers and Quotations in non-Nasdaq securities to include 100 share away bids, offers and quotations.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder⁹ because the proposal does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.¹⁰

The Exchange has requested that the Commission waive the 30-day operative delay and make the proposed rule change operative on February 26, 2007. The Commission hereby grants the request.¹¹ The Commission believes that such waiver is consistent with the protection of investors and the public interest because the earlier operative date would enhance the protection of quotations in non-Nasdaq exchange-listed securities displayed in away markets in that, pursuant to the proposal, the Phlx would no longer trade or quote through 100 share away quotations in non-Nasdaq securities. Further, the earlier operative date will allow XLE Participants to gain additional experience with the expanded XLE trading environment and functionality prior to its full implementation on the Trading Phase Date.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹²

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-55331; File No. SR-Phlx-2007-09]

Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Definition of "Complex Trade"

February 22, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 7, 2007, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been substantially prepared by the Phlx. The Exchange filed the proposal pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Phlx proposes to amend Exchange Rule 1083(c) to revise the definition of "Complex Trade" as that definition applies to trades under the Plan for the Purpose of Creating and Operating an Options Intermarket Linkage (the "Linkage Plan"). The text of the proposed rule change is available at the Exchange, in the Commission's Public Reference Room, and at http://www.phlx.com/exchange/phlx_rule_fil.html.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Phlx included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Phlx has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

⁴ 17 CFR 240.19b-4(f)(6).

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the definition of "Complex Trade" in the Exchange's rules that relate to the Linkage Plan. For Linkage purposes, Exchange Rule 1083(c) currently defines a "Complex Trade" as a trade reflecting the execution of an order in an options series in conjunction with one or more other orders in different series in the same underlying security for the equivalent number of contracts.

Under the proposal, a "Complex Trade" includes a spread, straddle, or combination order where the number of contracts on the legs of the spread, straddle, or combination order differs by any ratio equal to or greater than one-to-three and less than or equal to three-to-one. A Complex Trade is exempt from trade-through liability.⁵

The Exchange notes that its current rules provide that the components of spread, straddle, and combination orders must generally offset one another on a one-for-one basis,⁶ and that priority concerning ratio and other types of spreads currently applies only to foreign currency options.⁷ In order to make those rules and the instant proposal consistent, the Exchange has filed a separate proposed rule change to permit such order types on other than a one-for-one basis, and to establish priority for such orders in all options traded on the Exchange.⁸

This proposal would adopt the same definition of "Complex Trade" for Linkage Plan purposes as that adopted by other options exchanges.⁹

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,¹⁰ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹¹ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect
