

exempt from the requirement to submit RRA forms. Landholders who are "qualified recipients" have RRA forms submittal thresholds of 80 acres or 240 acres depending on the district's RRA forms submittal threshold category where the land is held. Only farm operators who provide multiple services to more than 960 acres held in trusts or by legal entities are required to submit forms.

Changes to the RRA forms and the instructions to those forms. We made a few editorial changes to the currently

approved RRA forms and the instructions to those forms that are designed to assist the respondents by increasing their understanding of the forms, clarifying the instructions for use when completing the forms, and clarifying the information that is required to be submitted to the districts with the forms. The proposed revisions to the RRA forms will be included starting in the 2008 water year.
