SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau is planning to resubmit to the Office of Management and Budget for approval, the Quarterly Financial Report (QFR) Program

information collection forms. In an effort to reduce the reporting burden for the QFR, the Census Bureau has consolidated two of its forms into one and eliminated form QFR 103 (NB). The QFR forms submitted for approval are: QFR 200 (MT) which consolidates the QFR 101 (MG) and QFR 102 (TR) long forms; and QFR 201 (MG), which is the renumbered QFR 101A (MG) short form. The eliminated form, QFR 103 (NB), was a classification form used to determine the North American Industry Classification System (NAICS) industry of respondents. The QFR is now using other sources available to the Census Bureau for classification.

The QFR Program has published up-to-date aggregate statistics on the financial results and position of U.S. corporations since 1947. The QFR is a principal economic indicator that also provides financial data essential to the calculation of key Government measures of national economic performance. The importance of this data collection is reflected by the granting of specific authority to conduct the program in Title 13 of the United States Code, Section 91, which requires that financial statistics of business operations be collected and published quarterly. Public Law 109-79 extended the authority of the Secretary of Commerce to conduct the QFR Program under Section 91 through September 30, 2015.

The current scope of the QFR includes corporations in the Mining, Manufacturing, Wholesale Trade, and Retail Trade sectors. The main purpose of the QFR is to provide timely, accurate data on business financial conditions for use by Government and private-sector organizations and individuals. The primary public users are U.S. Governmental organizations with economic policymaking responsibilities. In turn, these organizations play a major role in providing guidance, advice, and support to the QFR Program. The primary private-sector data users are a diverse group including universities, financial analysts, unions, trade associations, public libraries, banking institutions, and U.S. and foreign corporations.

II. Method of Collection

The Census Bureau will primarily use mail out/mail back survey forms to collect the QFR data discussed in this notice. Companies will be asked to respond to the survey within 25 days of the end of the quarter for which the data are being requested. Letters and/or telephone calls encouraging participation will be directed to companies in the survey sample that have not responded by the designated

time. During the third quarter of 2006, the QFR Program introduced an encrypted Internet Data Collection System (Census Taker) for optional use as a substitute for the paper form mailed to all companies. Census Taker is an electronic version of the data collection instrument. It provides improved quality with automatic data checks and is context-sensitive to assist the data provider in identifying potential reporting problems before submission, thus reducing the need for follow-up. Census Taker is completed via the Internet eliminating the need for downloading software and increasing the integrity and confidentiality of the data.

III. Data

OMB Number: 0607-0432.
Form Number: QFR 200 (MT), and QFR 201 (MG).

Type of Review: Regular review.

 Total—34,604 annually

Estimated Time per Response:

Form QFR 200 (MT)—Average hours 3.0
 Form QFR 201 (MG)—Average hours 1.2

Estimated Total Annual Burden

Hours: 71,000.

Estimated Total Annual Cost: \$1.8 million.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 United States Code, Sections 91 and 224.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB

approval of this information collection; they also will become a matter of public record.

Canned Pineapple Fruit from Thailand; Final Results of the Full Sunset Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On October 27, 2006, the Department of Commerce (“the Department”) published a notice of preliminary results of the full sunset review of the antidumping duty order on canned pineapple fruit (“CPF”) from Thailand (71 FR 62994) pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”). We provided interested parties an opportunity to comment on our preliminary results. We received a case brief from respondent interested parties, Pineapple Processors' Group, Thai Food Processors' Association, Thai Pineapple Canning Industry Corp., Ltd., Malee Sampran Public Co., Ltd. (“Malee”), The Siam Agro Industry Pineapples and Others Public Co., Ltd. (“SAICO”), Great Oriental Food Products Co., Ltd., Thai Pineapple Products and Other Fruits Co. Ltd., The Tipco Foods (Thailand) PCL, Pranburi Hotei Co. Ltd., and Siam Fruit Canning (1988) Co., Ltd. (collectively, “Respondents”). We received a rebuttal brief from the domestic interested party, Maui Pineapple Company (“Maui”). As a result of this sunset review, the Department finds that revocation of this order would be likely to lead to continuation or recurrence of dumping at the levels indicated in the “Final Results of Review” section of this notice.

EFFECTIVE DATE: March 6, 2007.

FOR FURTHER INFORMATION CONTACT:

Martha Douthit, Myrna Lobo, or Dana Mermelstein, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC, 20230; telephone: 202-482-5050, 202-482-2371, and 202-482-1391, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 27, 2006, the Department of Commerce (the “Department”) published in the **Federal Register** a notice of preliminary results of the full sunset review of the antidumping duty order on CPF, pursuant to section 751(c) of the Act. See *Canned Pineapple Fruit from Thailand: Preliminary Results of the Full Sunset Review of the Antidumping Duty Order* (“Preliminary Results”). In our *Preliminary Results*, we determined that revocation of the order would likely result in continuation or recurrence of dumping with a margin of 51.16 percent for SAICO, 41.74 percent for Malee, and 24.64 percent for “all others.” We received a case brief on behalf of Respondents. We did not receive a case brief from Maui. Maui filed a timely rebuttal brief. No hearing was requested.

Scope of the Order

The product covered by this order is CPF, defined as pineapple processed and/or prepared into various product forms, including rings, pieces, chunks, tidbits, and crushed pineapple, that is packed and cooked in metal cans with either pineapple juice or sugar syrup added. CPF is currently classifiable under subheadings 2008.20.0010 and 2008.20.0090 of the Harmonized Tariff Schedule of the United States (“HTSUS”). HTSUS 2008.20.0010 covers CPF packed in a sugar-based syrup; HTSUS 2008.20.0090 covers CPF packed without added sugar (i.e., juice-packed). Although these HTSUS subheadings are provided for convenience and for customs purposes, the written description of the scope is dispositive. There have been no scope rulings for the subject order.
