BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8286-4]

Notice of Proposed Administrative Settlement Pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; request for public comment.

SUMMARY: In accordance with the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. 9601 *et seq.*, and the authority of the Attorney General of the United States to compromise and settle claims of the United States, notice is hereby given of a proposed administrative settlement resolving, subject to reservations and limitations, liability that owners of the St. Joe Chat Pile and of the underlying property located in Ottawa County, Oklahoma, might otherwise incur under CERCLA Sections 106 or 107, 42 U.S.C. 9606, or 9607, arising from the sale of chat on the property in question. The settlement is entered into by the United States on behalf of the U.S. Environmental Protection Agency (EPA).

Chat is a gravel-like mine refuse or mine tailings that is generally contaminated with the hazardous substances lead, cadmium and zinc. Approximately 49 million cubic yards of chat, including the St. Joe Pile, pollute the Tar Creek Superfund Site (Site). The Site is located in an approximately 40-square-mile area in northern Ottawa County, Oklahoma. The Site was mined for lead and zinc ore from the late 1800's through the early 1970's, and chat is part of the waste material left behind by the mining and milling activity. EPA has determined that one of the best ways to address contaminated chat piles on the Site is to sell and remove the chat for use in a manner that will not present a threat to human health or to the environment. Sale and removal of the

chat will reduce the costs of additional response actions for the Site. The purpose of this Settlement Agreement is to encourage the sale of the chat in the St. Joe Chat Pile, by resolving certain liabilities of those with interests in the chat or in the property containing the chat, thereby helping free the chat for sale.

Under the settlement, settlors (chat owners and property owners) agree to execute an agreement for the sale of the chat pile (if they own an interest in the chat), to provide access, and to refrain from activities that would inhibit sales. The settlement also includes settlors' agreement not to sue the United States regarding any direct or indirect claim for reimbursement from the EPA Hazardous Substance Superfund pursuant to Internal Revenue Code, 26 U.S.C. 9507, through CERCLA Sections 106(b)(2), 111, 112, and 113, any claim under CERCLA Sections 107 or 113, or under any citizen suit provision of CERCLA, 42 U.S.C. 9659, the Resource Conservation and Recovery Act, 42 U.S.C. 6972, the Clean Air Act, 42 U.S.C. 7604, the Clean Water Act, 33 U.S.C. 1365, or any other similar statutes or other applicable environmental laws.

In return, subject to reservations and limitations, the United States covenants not to sue or take civil judicial or administrative action against the settlors pursuant to Sections 106 and 107 of CERCLA, 42 U.S.C. 9606, and 9607, or other applicable law, for liability of response actions and/or claims for natural resource damages arising from the sale of the chat.

For thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the settlement. The Agency will consider all comments received and may modify or withdraw its consent to the settlement if comments received disclose facts or considerations which indicate that the settlement is inappropriate, improper, or inadequate. The Agency's response to any comments received will be available for public inspection at 1445 Ross Avenue, Dallas, Texas 75202-2733.

DATES: Comments must be submitted on or before April 9, 2007.

ADDRESSES: The proposed settlement and additional background information relating to the settlement are available for public inspection at 1445 Ross Avenue, Dallas, Texas 75202-2733. A copy of the proposed settlement may be obtained from Kenneth Talton (6SF-TE), U.S. EPA Region 6, 1445 Ross Avenue, Dallas, Texas 75202-2733 at (214) 665-7475. Comments should reference the Tar Creek Superfund Site,

Ottawa County, Oklahoma, EPA Docket Number 06-12-06 and should be addressed to Kenneth Talton at the address listed above.

FOR FURTHER INFORMATION CONTACT: James Costello (6RC-S), U.S. EPA Region 6, 1445 Ross Avenue, Dallas, Texas 75202-2733 at (214) 665-8045.

Dated: March 1, 2007.

Richard E. Greene,

Regional Administrator, Region 6.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPPT-2007-0162; FRL-8118-6]

Certain New Chemicals; Receipt and Status Information

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a premanufacture notice (PMN) or an application for a test marketing exemption (TME), and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from December 18, 2006 to February 2, 2007, consists of the PMNs and TMEs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

DATES: Comments identified by the specific PMN number or TME number, must be received on or before April 9, 2007.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2007-0162, by one of the following methods.

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- *Mail:* Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania

Ave., NW., Washington, DC 20460-0001.

• **Hand Delivery:** OPPT Document Control Office (DCO), EPA East Bldg., Rm. 6428, 1201 Constitution Ave., NW., Washington, DC. Attention: Docket ID number EPA-HQ-OPPT-2007-0162. The DCO is open from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number for the DCO is (202) 564-8930. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to docket ID number EPA-HQ-OPPT-2007-0162. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through [regulations.gov](http://www.regulations.gov) or e-mail. The [regulations.gov](http://www.regulations.gov) Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through [regulations.gov](http://www.regulations.gov) your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: All documents in the docket are listed in the docket's index available in [regulations.gov](http://www.regulations.gov). To access the electronic docket, go to <http://www.regulations.gov>, select "Advanced Search," then "Docket Search." Insert the docket ID number where indicated and select the "Submit" button. Follow the instructions on the [regulations.gov](http://www.regulations.gov) web site to view the docket index or access available documents. Although listed in the index, some information is

not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available electronically at <http://www.regulations.gov>, or, if only available in hard copy, at the OPPT Docket. The OPPT Docket is located in the EPA Docket Center (EPA/DC) at Rm. 3334, EPA West Bldg., 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room hours of operation are 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. The telephone number of the EPA/DC Public Reading Room is (202) 566-1744, and the telephone number for the OPPT Docket is (202) 566-0280. Docket visitors are required to show photographic identification, pass through a metal detector, and sign the EPA visitor log. All visitor bags are processed through an X-ray machine and subject to search. Visitors will be provided an EPA/DC badge that must be visible at all times in the building and returned upon departure.

FOR FURTHER INFORMATION CONTACT: Colby Lintner, Regulatory Coordinator, Environmental Assistance Division, Office of Pollution Prevention and Toxics (7408M), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 554-1404; e-mail address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities that this action may apply to. Although others may be affected, this action applies directly to the submitter of the premanufacture notices addressed in the action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. **Submitting CBI.** Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then

identify electronically within the disk or CD ROM the specific information that is claimed CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. **Tips for preparing your comments.** When submitting comments, remember to:

- i. Identify the document by docket number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions - The agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- iv. Describe any assumptions and provide any technical information and/or data that you used.
- v. If you estimate potential costs or burdens, explain how you arrived at the estimate.
- vi. Provide specific examples to illustrate your concerns, and suggested alternatives.
- vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- viii. Make sure to submit your comments by the comment period deadline identified.

II. Why is EPA Taking this Action?

Section 5 of TSCA requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a PMN or an application for a TME and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from December 18, 2006 to February 2, 2007, consists of the PMNs and TMEs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

III. Receipt and Status Report for PMNs and TMEs

This status report identifies the PMNs and TMEs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period. If you

are interested in information that is not included in the following tables, you may contact EPA as described in Unit II. to access additional non-CBI information that may be available.

In Table I of this unit, EPA provides the following information (to the extent that such information is not claimed as

CBI) on the PMNs received by EPA during this period: the EPA case number assigned to the PMN; the date the PMN was received by EPA; the projected end date for EPA's review of the PMN; the submitting manufacturer; the potential uses identified by the manufacturer in the PMN; and the chemical identity.

I. 100 PREMANUFACTURE NOTICES RECEIVED FROM: 12/18/06 TO 02/02/07

Case No.	Received Date	Projected Notice End Date	Manufacturer/Importer	Use	Chemical
P-07-0128	12/11/06	03/10/07	Degussa Corporation	(S) Coil coatings	(G) Polymer of aromatic/cycloaliphatic/aliphatic polycarboxylic acid and aliphatic polyol

BILLING CODE 6560-50-S

FEDERAL ELECTION COMMISSION

[Notice 2007-5]

Filing Dates for the Georgia Special Election in the 10th Congressional District

AGENCY: Federal Election Commission.

ACTION: Notice of filing dates for special election.

SUMMARY: Georgia has scheduled a special general election on June 19, 2007, to fill the U.S. House of Representatives seat in the Tenth Congressional District held by the late Representative Charlie Norwood. Under Georgia law, a majority winner in a nonpartisan special election is declared elected. Should no candidate achieve a majority vote, a special runoff election will be held on July 17, 2007, between the top two vote-getters.

Committees participating in the Georgia special elections are required to file pre- and post-election reports. Filing

dates for these reports are affected by whether one or two elections are held.

FOR FURTHER INFORMATION CONTACT: Mr. Kevin R. Salley, Information Division, 999 E Street, NW., Washington, DC 20463; Telephone: (202) 694-1100; Toll Free (800) 424-9530.

SUPPLEMENTARY INFORMATION:**Principal Campaign Committees**

All principal campaign committees of candidates who participate in the Georgia Special General and Special Runoff Elections shall file a 12-day Pre-General Report on June 7, 2007; a Pre-Runoff Report on July 5, 2007; and a Post-Runoff Report on August 16, 2007. (See chart below for the closing date for each report).

If only one election is held, all principal campaign committees of candidates in the Special General Election shall file a 12-day Pre-General Report on June 7, 2007; and a Post-General Report on July 19, 2007. (See chart below for the closing date for each report).

Unauthorized Committees (PACs and Party Committees)

Political committees filing on a semiannual basis in 2007 are subject to special election reporting if they make previously undisclosed contributions or expenditures in connection with the Georgia Special General or Special Runoff Elections by the close of books for the applicable report(s). (See chart below for the closing date for each report).

Committees filing monthly that support candidates in the Georgia Special General or Special Runoff Election should continue to file according to the monthly reporting schedule.

Disclosure of Electioneering Communications (Individuals and Other Unregistered Organizations)

Federal Election Commission electioneering communications rules govern television and radio communications that refer to a clearly identified federal candidate and are distributed within 60 days prior to a special general election (including a special general runoff). 11 CFR 100.29. See also 2 U.S.C. 434(f). The statute and regulations require, among other things, that individuals and other groups not registered with the FEC who make electioneering communications costing more than \$10,000 in the aggregate in a calendar year disclose that activity to the Commission within 24 hours of the distribution of the communication. See 2 U.S.C. 434(f)(1) and 11 CFR 104.20.

The 60-day electioneering communications period in connection with the Georgia Special General runs from April 20, 2007 through June 19, 2007. The 60-day electioneering communications period in connection with the Georgia Special Runoff runs from May 18, 2007 through July 17, 2007.

Calendar of Reporting Dates for Georgia Special Election
