DEPARTMENT OF JUSTICE

Drug Enforcement Administration

[Docket No. 05-22]

Planet Trading, Inc., d/b/a/ United Wholesale Distributors, Inc.; Denial of Application

On February 15, 2005, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration, issued an Order to Show Cause to Planet Trading, Inc., (Respondent) of Orlando, Florida. The Show Cause Order proposed to deny Respondent's pending application for a DEA Certificate of Registration as a distributor of the list I chemicals ephedrine and pseudoephedrine on the ground that Respondent's registration would be inconsistent with the public interest. Show Cause Order at 1, *see also* 21 U.S.C. 823(h).

More specifically, the Show Cause Order alleged that both ephedrine and pseudoephedrine are "commonly used to illegally manufacture methamphetamine, a Schedule II controlled substance." Show Cause Order at 1. The Show Cause Order alleged that "DEA knows by experience" that a "gray market" exists "in which certain pseudoephedrine and ephedrine products are distributed only to convenience stores and gas stations, from where they have a high incidence of diversion" into the illicit manufacture of methamphetamine. *Id.* at 2. Relatedly, the Show Cause Order alleged that only "[a] very small percentage" of legitimate sales of list I chemical products occur in gray market retailers and that the average gray market retailer "could expect to sell * * * only about \$10.00 to \$30.00 worth of pseudoephedrine products" a month. *Id.* at 3. The Show Cause Order also alleged that the expected sales for combination ephedrine products are "only one-fourth of" this amount. *Id.*

The Show Cause Order alleged that during a pre-registration investigation, Respondent's president advised DEA investigators that his firm distributes sundry items and tobacco products to convenience stores, gas stations, and small independent groceries, which constitute the gray market for list I

chemical products. *Id.* at 2. The Show Cause Order further alleged that during an interview, Respondent stated that he had "little or no background in handling list I chemical products." *Id.* The Show Cause Order also alleged that Respondent told the investigators that he intended to sell list I products that were marketed in bottles and not blister packs because the latter "were not good sellers." *Id.*

The Show Cause Order also alleged that Respondent intended to store the list I products in a warehouse "with all other items [and] without any additional security installed." *Id.* at 3. The Show Cause Order further alleged that "[b]ecause [Respondent's] customers are allowed to serve themselves from the warehouse shelves, all customers will have unescorted access to the list I chemicals stored in the warehouse." *Id.*

Finally, the Show Cause Order alleged that Respondent's "proposed sales of combination ephedrine and pseudoephedrine products are inconsistent with the known legitimate market and known end-user demand for products of this type," and thus Respondent "would be serving an illegitimate market for [these] product[s]." *Id.* The Show Cause Order concluded by alleging that because Respondent's owner had "no experience handling list I chemicals" and its warehouse has "insufficient security," its "registration would likely lead to increased diversion of list I chemicals." *Id.*

Respondent, through its owner Mr. Vihang Patel, requested a hearing. The case was assigned to Administrative Law Judge (ALJ) Mary Ellen Bittner, who conducted a hearing in Tampa, Florida, on November 1, 2005. At the hearing, both parties put on witnesses and introduced documentary evidence. Following the hearing, the Government submitted proposed findings of fact and conclusions of law.

On April 25, 2006, the Administrative Law Judge submitted her decision which recommended that Respondent's application be denied. Neither party filed exceptions. The record was then forwarded to me for final agency action.

Having considered the record as a whole, I hereby issue this decision and final order. I adopt the ALJ's decision in
