If approved, the proposed annual RFIs would assist the National 9-1-1 Office in addressing the myriad of issues posed by implementing new technologies in 9-1-1 services in a systematic, prioritized fashion, with active involvement of its constituency in this process. The results of the proposed annual RFIs would be used to: (1) Identify areas to target programs and activities to achieve the greatest benefit; (2) develop programs and initiatives aimed at cooperative efforts to Enhance 9-1-1 services nationwide; and (3) to provide informational support to States, regions, and localities in their own efforts to Enhance 9-1-1 services.

SUPPLEMENTARY INFORMATION:

Title: Disclosure of Financial and Other Information by National Banks (12 CFR 18).

OMB Control No.: 1557-0182.

Type of Review: Extension, without revision, of a currently approved collection.

Description: The collections of information are found in 12 CFR 18.4(c) and 18.8. Section 18.4(c) permits a bank to prepare an optional narrative for inclusion in its annual disclosure statement. Section 18.8 requires that a national bank promptly furnish materials in response to a request.

The regulation applies to approximately 1,800 national banks and 50 Federal branches and agencies. Most banks will use their Call Reports or information prepared for annual reports as their disclosure material.

This program of periodic financial disclosure is needed, not only to facilitate informed decision making by existing and potential customers and investors, but also to improve public understanding of, and confidence in, the financial condition of individual national banks and the national banking system. Further, financial disclosure reduces the likelihood that the market will overreact to incomplete information.

Affected Public: Businesses or other for-profit.

Burden Estimates:

Estimated Number of Respondents: 1,850.

Estimated Number of Responses: 1,850.

Estimated Annual Burden: 925 hours.

Frequency of Response: On occasion.
