

with the proposed action and alternatives, including the no action alternative.

The final PEIS evaluates two alternatives in addition to the no action alternative. The proposed action (alternative 1, DTRA's Preferred Alternative) involves expanding existing test beds and creating new ones; expanding the range of test types including targets, simulants, delivery systems and explosives; implementing infrastructure improvements at the Permanent High Explosive Test Site Administrative Park; and testing special weapons and delivery systems.

Alternative two contains all of the actions described in alternative one plus the use of chemical simulants and taggants/tracers that are considered to have higher toxicity levels than those considered under alternative one. The increased hazards of using these chemicals lead to identifying alternative one as the preferred alternative.

DATES: Effective Dates: DTRA will take no final action on the proposed activities before April 15, 2007 or April 16, 2007. After April 15, 2007, DTRA will issue a Record of Decision (ROD). This ROD will document the Agency's final determinations, in light of the PEIS, with regard to its intended activities at WSMR. A NoA will be published in the **Federal Register** announcing the ROD's availability for public viewing.

ADDRESSES: The final PEIS is available for public viewing on the DTRA Web site, <http://www.dtra.mil>, and at the following public libraries: Albuquerque Public Library, 501 Copper Ave. Northwest, Albuquerque, NM; Socorro Public Library, 401 Park Street, Socorro, NM; Alamogordo Public Library, 920 Oregon Ave., Alamogordo, NM; Branigan Memorial Library, 200 East Picacho Ave., Law Cruces, NM; Consolidated Library Building 464, White Sands Missile Range, NM; Holloman Air Force Base Library, 596 4th Street, Holloman Air Force Base, NM; and the El Paso Public Library, 501 North Oregon Street, El Paso, TX.
