SUPPLEMENTARY INFORMATION: The NSTAC advises the President on issues and problems related to implementing national security and emergency preparedness telecommunications policy. Notice of this meeting is given under the Federal Advisory Committee Act (FACA), Public Law 92-463, as amended (5 U.S.C. App.1 *et seq.*).

At the upcoming meeting, between 2 p.m. and 2:25 p.m., the members will receive comments from government stakeholders and receive an update from the NSTAC's International Task Force (ITF). This portion of the meeting will be open to the public.

Between 2:25 p.m. and 3 p.m., the committee will discuss Global Infrastructure Resiliency (GIR). This portion of the meeting will be closed to the public.

Persons with disabilities who require special assistance should indicate this when arranging access to the teleconference and are encouraged to identify anticipated special needs as early as possible.

Basis for Closure: The GIR discussion will likely involve sensitive infrastructure information concerning system threats and explicit physical/cyber vulnerabilities of the undersea communications infrastructure. Public disclosure of such information would heighten awareness of potential vulnerabilities and increase the likelihood of exploitation by terrorists or other motivated adversaries. Pursuant to Section 10(d) of the Federal Advisory Committee Act, Public Law 92-463, as amended (5 U.S.C. App. 1 *et seq.*), the Department has determined that this discussion will concern matters which, if disclosed, would be likely to frustrate significantly the implementation of a proposed agency action. Accordingly, the relevant portion of this meeting will be closed to the public pursuant to the authority set forth in 5 U.S.C. 552b(c)(9)(B).

Sallie McDonald,

Deputy Manager, National Communications System.

AGENCY: Customs and Border Protection, Department of Homeland Security.

ACTION: General notice.

SUMMARY: This document announces that truck carriers participating in the ACE Truck Manifest Test and electing to use third parties to submit manifest information to the Bureau of Customs and Border Protection (CBP) via the Automated Commercial Environment (ACE) Secure Data Portal are no longer required to have ACE portal accounts. Thus, truck carriers without ACE portal accounts, while participating in the test of the ACE truck manifest system, may now use third parties (such as Customs brokers or other truck carriers) with ACE portal accounts to electronically transmit truck manifest information, via the ACE portal, on their behalf.

DATES: Truck carriers participating in the ACE Truck Manifest Test without ACE portal accounts may use third parties with ACE portal accounts to electronically transmit truck manifest information via the ACE portal, on their behalf, beginning March 15, 2007.

FOR FURTHER INFORMATION CONTACT: Mr. James Swanson, via e-mail at james.d.swanson@dhs.gov.

SUPPLEMENTARY INFORMATION:

Background

On February 4, 2004 and September 13, 2004, CBP published general notices in the **Federal Register** (69 FR 55167 and 69 FR 5360) announcing a test, in conjunction with the Federal Motor Carrier Safety Administration (FMCSA), allowing participating truck carriers to transmit electronic manifest data in ACE, including advance cargo information as required by section 343(a) of the Trade Act of 2002, as amended by the Maritime Transportation Security Act of 2002. The advance cargo information requirements are detailed in the final rule published in the **Federal Register** at 68 FR 68140 on December 5, 2003. Truck carriers participating in the test opened up Truck Carrier [Portal] Accounts which provided them with the ability to electronically transmit truck manifest data and obtain release of their cargo, crew, conveyances, and equipment via the ACE Portal or electronic data interchange (EDI) messaging.

In the September 13, 2004, notice, CBP stated that, in order to be eligible for participation in this test, a carrier must have:

1. Submitted an application (*i.e.*, statement of intent to establish an ACE [Portal] Account and to participate in the testing of electronic truck manifest functionality) as set forth in the February 4, 2004, notice;
