Federal Transit Administration

49 CFR Part 630

[Docket No: FTA-2007-27319]

RIN 2132-AA94

National Transit Database: Amendment To Reporting Requirements and Non-Substantive Technical Changes

AGENCY: Federal Transit Administration (FTA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This notice of proposed rulemaking (NPRM) provides interested parties with the opportunity to comment on proposed changes to the Federal Transit Administration's (FTA) National Transit Database (NTD) Uniform System of Accounts and Reporting System. The proposed changes will require recipients of formula grants for other than urbanized areas (Nonurbanized Area Formula Grants) to report annual transit data to the NTD. As mandated by the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), this proposed rule will also require the annual reporting of rural transit data as a condition for receiving grant awards under the Nonurbanized Area Formula Program.

Currently, FTA requires recipients of FTA Urbanized Area Formula Grants to provide an annual report to the Secretary of Transportation via the NTD using a uniform system of accounts and reporting system. This proposed rule will not affect existing mandatory reporting requirements for recipients of Urbanized Area Formula grants.

In addition, this proposed rule makes non-substantive changes, technical corrections, and conforming amendments to 49 CFR part 630, "Uniform System of Accounts and Reporting System." Technical corrections and conforming amendments are needed to update the regulation and make certain provisions clearer. These changes will have no

substantive effect on the regulated public.

DATES: Comments must be received on or before April 25, 2007. Late filed comments will be considered to the extent practicable.

ADDRESSES: You may submit comments by any of the following methods:
