

deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation but the manufacturer is, the cash-deposit rate will be the rate established for the most recent period for the manufacturer of the subject merchandise; and (4) the cash-deposit rate for all other manufacturers or exporters will continue to be the "all others" rate of 25.77 percent, which is the "all others" rate established in the LTFV investigation. See *SSB Order*. These cash-deposit rates, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 22, 2007.

David M. Spooner,

Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D.032107C]

Marine Mammals; File No. 1100-1849

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of permit.

SUMMARY: Notice is hereby given that Shane Moore, Moore & Moore Films, Box 2980, 1203 Melody Creek Lane, Jackson, Wyoming 83001 has been issued a permit to conduct commercial/educational photography.

ADDRESSES: The permit and related documents are available for review upon written request or by appointment in the following office(s):

Permits, Conservation and Education Division, Office of Protected Resources,

NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 713-2289; fax (301) 427-2521; and

Alaska Region, NMFS, P.O. Box 21668, Juneau, AK 99802-1668; phone (907) 586-7221; fax (907) 586-7249.

FOR FURTHER INFORMATION CONTACT:

Carrie Hubard or Kate Swails, (301) 713-2289.

SUPPLEMENTARY INFORMATION: On July 19, 2006 notice was published in the *Federal Register* (71 FR 40995) that a request for a commercial/educational photography permit to take killer whales (*Orcinus orca*), gray whales (*Eschrichtius robustus*), and minke whales (*Balaenoptera acutorostrata*) had been submitted by the above-named individual. The requested permit has been issued under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216).

The applicant will take 10 killer whales of the Eastern North Pacific Transient stock, 10 gray whales, and 10 minke whales annually by close approach for filming in the Gulf of Alaska and Bering Sea. The purpose of this project is to document the behavior of marine animals in the presence of the carcass of a gray or minke whale that was killed by killer whales. The applicant will fix a remotely operated video camera in an underwater housing to the sea floor approximately 15 feet from the carcass. The camera will be deployed after the killer whales have left the carcass and would be controlled from a boat approximately 100 yards away. In addition, if killer whales, gray whales, or minke whales pass near the boat, the applicant will submerge a small camera on a pole to take photographs of passing animals. This footage will be shared freely with the scientific community as it may reveal to what extent killer whales continue to feed on submerged kills, how they feed on these carcasses, and document what other animals may benefit from these carcasses as well. Filming activities will occur between April 1 and August 31 of each year. The permit will expire three years from the date of issuance.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), a final determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Dated: March 23, 2007.

P. Michael Payne,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 032307A]

North Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting of the North Pacific Fishery Management Council's Halibut Charter Stakeholder Committee.

SUMMARY: The North Pacific Fishery Management Council (Council) Halibut Charter Stakeholder Committee will meet in Anchorage, AK at the North Pacific Research Board meeting room.

DATES: The meeting will be held on April 12, 2007, from 8:30 a.m. to 4:30 p.m. and on April 13, 2007, from 8:30 a.m. to 12 noon.

ADDRESSES: The meeting will be held at the North Pacific Research Board, 1007 West 3rd Avenue, Suite 100 Anchorage, AK 99501.

Council address: North Pacific Fishery Management Council, 605 W. 4th Ave., Suite 306, Anchorage, AK 99501-2252.

FOR FURTHER INFORMATION CONTACT: Jane DiCosimo, Council staff; telephone: (907) 271-2809.

SUPPLEMENTARY INFORMATION: The agenda will include the following: report on status of Council actions; report on status of State actions; subcommittee report on finance mechanisms to compensate reallocation from commercial to charter sectors; continued revisions to permanent solution alternatives; separating allocation from permanent solution analysis; charter halibut bycatch mortality estimates; new proposals; other business.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Gail Bendixen at (907) 271-2809 at least 7 working days prior to the meeting date.

Dated: March 23, 2007.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 032007B]

National Artificial Reef Plan (as Amended): Guidelines for Siting, Construction, Development, and Assessment of Artificial Reefs

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of agency decision.

SUMMARY: The National Artificial Reef Plan (NOAA Technical Memorandum, NMFS OF-6) was originally published in November 1985, in fulfillment of a requirement under the National Fishing Enhancement Act of 1984. NMFS worked in partnership with the Atlantic States Marine Fisheries Commission and the Gulf States Marine Fisheries Commission to update and revise this plan. A revised version has been completed, entitled the "National Artificial Reef Plan (as Amended): Guidelines for siting, construction, development, and assessment of artificial reefs." This action is intended to promote the goals and objectives outlined in the National Fishing Enhancement Act.

DATES: The revised National Artificial Reef Plan (National Plan) was approved on March 7, 2007.

ADDRESSES: Copies of the "National Artificial Reef Plan (as Amended): Guidelines for siting, construction, development, and assessment of artificial reefs" are available from Christopher M. Moore, Director of the Partnerships and Communications Division, Office of Sustainable Fisheries, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, (301) 713-2379 ext. 165; fax (301) 713-0596.

SUPPLEMENTARY INFORMATION: The National Artificial Reef Plan of 1985 was developed by the Secretary of Commerce under direction of the National Fishing Enhancement Act of 1984. This Act directed the Secretary of Commerce to develop and publish a

long-term National Artificial Reef Plan to promote and facilitate responsible and effective artificial reef use based on the best scientific information available.

The National Plan provided guidance on various aspects of artificial reef use, including types of construction materials, planning, siting, design, and management of artificial reefs. This document was general in its scope and provided a framework for regional, state, and local planners to develop more detailed, site-specific artificial reef plans to meet local needs and conditions. The National Plan was designed to be a dynamic working document that would be updated as new information became available.

Since 1985, new information and research on artificial reefs have become available. Accordingly, NMFS has updated and revised the National Plan, in cooperation with the Atlantic States Marine Fisheries Commission and the Gulf States Marine Fisheries Commission. The National Plan was initially revised with input from state artificial reef programs and staff from the interstate marine fisheries commissions, the Minerals Management Service, and the National Marine Fisheries Service. The draft revision to the 1985 National Artificial Reef Plan was revised in response to comments that were provided through internal NOAA review and external review by the Atlantic States Marine Fisheries Commission and the Gulf States Marine Fisheries Commission.

The interstate marine fisheries commissions have been involved in the development and review of this document due to their extensive involvement and experience with state artificial reef management programs. Most coastal states have coordinated their artificial reef activities through the respective interstate marine fisheries commissions, and most interstate commissions have established technical advisory committees for marine artificial reef development. These committees are composed of the coordinators of the state marine artificial reef programs within the respective state agencies responsible for marine and coastal resources management. Committee membership also includes representatives from the National Marine Fisheries Service, U.S. Fish and Wildlife Service, Minerals Management Service, Environmental Protection Agency, and Regional Fishery Management Councils.

The revised National Plan provides information on the roles of federal, state, and local governments; interstate marine fisheries commissions; Regional Fishery Management Councils; and

private citizens in artificial reef development. The document also provides guidelines for siting, materials, design, construction, and management of artificial reefs; and information on regulatory and permitting requirements, liability issues, and research needs. The revised National Plan also includes updated information on artificial reef activities and programs, and it references other useful sources of information for artificial reef development. The most significant changes occur in the section of the plan dealing with materials for artificial reef development. New language in the revised National Plan is consistent with the guidelines and recommendations of the interstate marine fisheries commissions and representatives of state artificial reef programs relative to artificial reef development.

Authority: 33 U.S.C. 2101 *et seq.*

Dated: March 22, 2007.

James P. Burgess,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[I.D. 032207C]

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NOAA Fisheries), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Receipt of applications for scientific research/enhancement permit; request for comment.

SUMMARY: Notice is hereby given that NMFS has received an application for a permit from Zachary Larson, Crescent City, CA (Permit 1606). This permit would affect Southern Oregon/Northern California Coast (SONCC) coho salmon (*Oncorhynchus kisutch*). This document serves to notify the public of the availability of the permit application for review and comment before a final approval or disapproval is made by NMFS.

DATES: Written comments on the permit application must be received at the appropriate address or fax number (see **ADDRESSES**) no later than 5 p.m. Daylight Savings Time on April 27, 2007.

ADDRESSES: Written comments on this renewal and modification request
