**I. Overview**

Section 3013 of SAFETEA-LU, [Pub. L. 109-59 (August 15, 2005)] amended 49 U.S.C. 5311(c) by establishing the Public Transportation on Indian Reservations Program (Tribal Transit Program). This program authorizes direct grants "under such terms and conditions as may be established by the Secretary" to Indian tribes for any purpose eligible under FTA's Nonurbanized Area Formula Program,

49 U.S.C. 5311. The funding for the TTP will increase from \$8 million in FY 2006 to \$15 million in FY 2009. The Conference Report to SAFETEA-LU indicated that the funds set aside for Indian tribes in the TTP are not meant to replace or reduce funds that Indian tribes receive from States through FTA's Nonurbanized Area Formula Program. The Catalog of Federal Domestic Assistance (CFDA) number for the program is 20.509.

**II. Background**

On August 15, 2006, FTA published a **Federal Register** Notice of Funding Availability: Solicitation of Grant Applications for FY 2006 TTP Funds (71 FR 46878). This notice accomplished several purposes. First, the notice responded to written comments FTA received in response to an earlier **Federal Register** notice dated March 22, 2006, (71 FR 14618) "Public Transportation on Indian Reservations Program (49 U.S.C. 5311(c)(1)): Notice of Public Meetings, Proposed Grant Program Provisions," and responded to oral comments FTA received during two announced public meetings that were held on April 4, 2006, in Denver, Colorado, and on April 7, 2006, in Kansas City, Missouri. Second, the notice announced the availability of funds in FY 2006 for the TTP. Third, the notice announced a national solicitation for Grant Applications for FY 2006 TTP funds to be selected on a competitive basis; the grant terms and conditions that apply to this new program; and grant application procedures and selection criteria for FY 2006 projects. Projects selected for funding under that Notice are published elsewhere in today's issue of the **Federal Register**.

**III. Funding Opportunity Description****A. Authorized Funding for FY 2007**

Section 3013 of SAFETEA-LU established the TTP under 49 U.S.C. 5311(c). Section 5311(c) also authorized \$45 million from the Nonurbanized Area Formula Grants Program (49 U.S.C. 5311) for FY 2006-2009, to be apportioned for grants directly to Indian tribes. Under the TTP, Indian tribes are eligible direct recipients. The funds are to be apportioned for grants to Indian tribes for any purpose eligible under the Nonurbanized Area Formula Program (Section 5311 program). In FY 2007, \$10 million is available for allocation to projects selected through the process announced in this notice.

**B. Background**

Prior to SAFETEA-LU, the Section 5311 program did not include a separate

public transit program for tribes. Tribes were eligible under the Section 5311 program only as subrecipients. SAFETEA-LU authorized a TTP and authorized tribes to be direct recipients of Section 5311 Program funds. As expressed in the Conference Report (H. Conf. Rpt. 109, 203 at 943) for SAFETEA-LU, Congress intended that the funds available for the TTP not replace or reduce funds tribes receive from States under the Section 5311 program.

#### IV. Award Information

The number and size of awards will be determined by a competitive process. However, funding is available for start up services, enhancements or expansion of existing transit services, and for planning studies and operational planning. Planning grants will be limited to \$25,000 in FY 2007 funds per applicant. Tribes may apply for multiple year projects, but given the demand for the funding, it is likely that only one year will be considered for FY 2007 funding. Priority for FY 2007 funding will be given to continuation funding for start-up projects selected in FY 2006. All tribes seeking FY 2007 funds must submit a grant application to FTA by the deadline indicated above. However, tribes applying for continuation funding may incorporate by reference materials or information previously submitted to FTA as part of their application for FY 2006 funding.

#### V. Eligibility Information

##### A. Eligible Applicants

Eligible direct recipients include Federally-recognized Indian tribes or Alaska Native villages, groups, or communities as identified by the Bureau of Indian Affairs (BIA) in the U.S. Department of the Interior. To be eligible recipients, tribes must have the requisite legal, financial and technical capabilities to receive and administer Federal funds under this program.

##### B. Eligible Projects

Eligible recipients may use TTP funds for any purpose authorized under the Section 5311 program. This means that grants can be awarded to recipients located in rural and small urban areas with populations under 50,000 not identified as an urbanized area by the Bureau of the Census for public transportation capital projects, operating costs of equipment and facilities for use in public transportation, planning, and the acquisition of public transportation services, including service agreements with private providers of public transportation services. Service funded

under this program must be designed to be accessible to members of the general public who have disabilities. Coordinated human service transportation that primarily serves elderly persons and persons with disabilities, but that is not restricted from carrying other members of the public, is considered available to the general public if it is marketed as public transportation.

#### VI. Cost Sharing or Matching

No cost sharing is required for this program. However, FTA encourages tribes to leverage the program funds and demonstrate commitment to the project through in-kind contributions and use of other funding sources that are available to support public transportation service.

#### VII. Terms and Conditions

Section 3013 of SAFETEA-LU amended 49 U.S.C. 5311(c) by authorizing funds for the TTP "under such terms and conditions as may be established by the Secretary." Pursuant to this discretionary statutory authority in Section 5311(c), FTA published a **Federal Register** notice dated March 22, 2006 (71 FR 14618), "Public Transportation on Indian Reservations Program (49 U.S.C. 5311(c)(1)): Notice of Public Meetings, Proposed Grant Program Provisions," and proposed certain statutory and regulatory terms and conditions that should apply to grants awarded under the TTP. The statutory and regulatory terms and conditions pertained only to U.S. Department of Transportation and FTA requirements. As FTA indicated its March 22, 2006 **Federal Register** notice (71 FR 14618), FTA does not possess the requisite authority to waive cross-cutting or government-wide statutory and regulatory requirements (e.g., National Environmental Policy Act requirements). However, to the extent permitted by law, and in recognition of the unique status and autonomy of Indian tribal governments, FTA has made every effort to establish terms and conditions that balance the objective of the TTP, which will directly benefit transit projects for Indian tribes, with other national objectives (e.g., safety) that are important not only to Indian tribes, but also to the general public.

FTA received a substantial number of comments from Indian tribes and other groups concerning certain proposed terms and conditions for the TTP. FTA addressed these comments in the **Federal Register** Notice dated August 15, 2006, (71 FR 46878) and established appropriate grant requirements for the TTP.

*The following terms and conditions apply to the TTP:*

1. Common Grant Rule (49 CFR part 18), "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments." This is a government-wide requirement that applies to all Federal assistance programs.

2. Civil Rights Act of 1964, as amended (42 U.S.C. 2000d). Unless Indian tribes are specifically exempted from civil rights statutes, compliance with civil rights statutes is being required, including compliance with equity in service. However, Indian tribes will not be required to comply with FTA program-specific guidance for Title VI and Title VII.

3. Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794 *et seq.*), and the Americans with Disabilities Act (ADA) requirements in 49 CFR parts 27, 37, and 38. These are government-wide requirements that apply to all Federal programs.

4. Drug and Alcohol Testing requirements (49 CFR part 655). FTA will apply this requirement because it addresses a national safety issue for operators of public transportation.

5. National Environmental Policy Act, as amended (42 U.S.C. 4321 *et seq.*). This is a government-wide requirement that applies to all Federal programs.

6. Charter Service and School Bus transportation requirements in 49 CFR parts 604 and 605. The definition of "public transportation" in 49 U.S.C. 5302(a)(10) specifically excludes school bus and charter service.

7. National Transit Database (NTD) Reporting requirement. Title 49 U.S.C. 5335 requires NTD reporting for recipients of Section 5311 funds. The TTP is a Section 5311 program that will provide funds directly to Indian tribes. Therefore, this reporting requirement applies.

8. Bus Testing requirements (49 CFR part 665). To ensure that vehicles acquired under this program will meet adequate safety and operational standards, this requirement will apply.

A comprehensive list and description for all of the statutory and regulatory terms and conditions that apply to the TTP are set forth in FTA's Master Agreement for the TTP available on FTA's Web site at: [http://www.fta.dot.gov/17861\\_18441\\_ENG\\_HTML.htm](http://www.fta.dot.gov/17861_18441_ENG_HTML.htm). In addition, as part of their application for grant award, FTA will require selected tribes to sign the Certifications and Assurances for the fiscal year in which they apply for a grant. FTA has provided information concerning

Certifications and Assurances in Appendix B of this notice.

### VIII. Application and Submission Information

This notice includes all the information that a tribe will need to apply for competitive selection. It is available on the FTA Web site at <http://www.fta.dot.gov>. FTA will announce final selections on the Web site and in the **Federal Register**. FTA will also post a synopsis of this announcement on the government-wide electronic grants Web site at <http://www.grants.gov>.

### IX. Guidelines for Preparing Grant Application

FTA is conducting a national solicitation for applications under the TTP. Project selection will be made on a competitive basis. FTA will divide the applications into three categories for the purpose of reviewing and selecting projects to be funded:

A. Start ups—applications for funding of new transit service;

B. Existing transit services—applications for funding of enhancements or expansion of existing transit services (including continuation of funding for start-ups selected for FY 2006 funding); and

C. Planning—applications for funding of planning studies and operational planning.

The application should provide information on all items for which tribes are requesting funding in FY 2007, and indicate the specific category in which the tribe is applying.

### X. Application Content

#### A. Applicant Information

1. Name of federally recognized tribe and, if appropriate, the specific tribal agency submitting the application.

2. Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number if available. (**Note:** If selected, applicant will be required to provide DUNS number prior to grant award, and DUNS number is required for submitting through [grants.gov](http://grants.gov)).

3. Contact information for notification of project selection: Contact name, address, and fax and phone number.

4. Description of public transportation services currently provided by tribe if any including areas served.

5. Name of person(s) authorized to apply on behalf of tribe (signed transmittal letter should accompany application if submitted in hard copy or e-mail).

#### B. Technical, Legal, and Financial Capacity to Implement the Proposed Project

Tribes that cannot demonstrate adequate capacity in technical, legal and financial areas will not be considered for funding. Every application must describe the tribe's technical, legal, and financial capacity to implement the proposed project.

1. *Legal Capacity:* Provide documentation or other evidence to show that the applicant is a Federally recognized tribe. Also, who is the authorized representative to execute legal agreements with FTA on behalf of the tribe? If currently operating transit service, does the tribe have appropriate Federal or State operating authority?

2. *Technical Capacity:* Give examples of the tribe's management of other Federal projects. What resources does the tribe have to implement a transit project?

3. *Financial Capacity:* Does the tribe have adequate financial systems in place to receive and manage a Federal grant? Describe the tribe's financial systems and controls.

#### C. Project Information

1. *Budget:* Provide the Federal amount requested for each purpose for which funds are sought and any funding from other sources that will be provided. If applying for a multi year project (not to exceed 4 years), show annual request for each year by budget line item.

2. *Project Description:* Indicate the category for which funding is requested i.e., Start-ups, Enhancements or replacements of existing transit services, or Planning studies or operational planning grants. Provide a summary description of the proposed project and how it will be implemented (e.g., number and type of vehicles, service area, schedules, type of services, fixed route or demand responsive, route miles (if fixed route) and size of service area, major origins and destinations, population served, and whether the tribe provide the service directly or contract for services and how will vehicles be maintained.

3. *Project Timeline:* Include significant milestones such as date of contract for purchase of vehicle(s), actual or expected delivery date of vehicles, and service start up dates.

#### D. Application Evaluation Criteria

Applications for funding of transit services should address the application criteria based on project to be funded (for more detail see section XII)

1. *Criterion 1:* Project Planning and Coordination.

2. *Criterion 2:* Demonstration of Need.

3. *Criterion 3:* Benefits of Project.

4. *Criterion 4:* Financial Commitment and Operating Capacity.

Applications for planning grants should address the criteria in section XII, C of this notice.

#### E. Submission Dates and Times

Applicants may submit complete applications for the TTP in one of the three ways: electronically through [grants.gov](http://grants.gov), in hard copy to Federal Transit Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590, *Attention:* Lorna R. Wilson; or sending by e-mail to [fta.tribalprogram@dot.gov](mailto:fta.tribalprogram@dot.gov) by August 2, 2007 or submitted electronically through the [Grants.gov](http://Grants.gov) Web site by the same date. FTA will announce grant selections when the competitive selection process is complete.

#### F. Intergovernmental Review

This program is not subject to Executive Order 12372, "Intergovernmental Review of Federal Programs."

#### G. Funding Restrictions

FTA will only consider applications for funding from eligible recipients for eligible activities (see section VI). Due to funding limitations, applicants that are selected for funding may receive less than the amount requested. The application process will allow an Indian tribe to apply for multiple years of funding not to exceed four years. No more than \$25,000 in funding will be awarded per planning grant. The remaining funds will be made available for applications for funding of start up or new systems, and enhancements or expansion of existing transit service.

#### H. Other Submission Requirements

Applicants submitting hard copies should submit five (5) copies of their project proposal application to the Federal Transit Administration, 1200 New Jersey Avenue, SE., Washington, DC 20059, *Attention:* Lorna Wilson, or apply electronically through the government-wide electronic grant application portal at [www.grants.gov](http://www.grants.gov). Alternatively, applicants may submit applications as an e-mail attachment to mailbox: [fta.tribalprogram@dot.gov](mailto:fta.tribalprogram@dot.gov). Applicants applying by e-mail must fax signature documents to 202-366-7951, *Attention:* Lorna Wilson.

### XI. Application Review Process

#### A. Competitive Selection Process

FTA will divide applications into three categories. The three evaluation categories are as follows:

- Start-ups—Applications for funding of new transit service.

- Existing transit services—Applications for funding of enhancements or expansion of existing transit services (including continuation of funding for start-ups selected for FY 2006 funding).

- Planning—Applications for funding of transit planning studies and/or operational planning.

Applications will be grouped into their respective category for review and scoring purposes. Applications for planning will be evaluated using a pass/fail system, whereas start-up and existing transit services applications will be scored based on the evaluation criteria to determine rank for funding award determination purposes. An applicant can receive up to 25 points for each evaluation criteria.

FTA intends to award the full amount of funding available in FY 2007 for the TTP. FTA encourages applicants to review the evaluation criteria and all other related application information prior to preparation of application. Applicants may receive technical assistance for application development by contacting their FTA regional Tribal liaison, Tribal Transportation Assistance Program (TTAP) center, or the National Rural Transportation Assistance Program (RTAP) office. Contact information for technical assistance can be found in Appendix C.

#### B. Evaluation Criteria

##### 1. Project Planning and Coordination (25 Points)

In this section, the applicant should describe how the proposed project was developed and demonstrate that there is a sound basis for the project and that it is ready to implement if funded. Information may vary depending on whether the tribe has a formal plan that includes transit.

- a. Applicants without a formal plan that includes transit are advised to consider and address the following areas:

- i. Provide a detailed project description including the proposed service, vehicle and facility needs and other pertinent characteristics of the proposed service implementation.

- ii. Identify existing transportation services available to the tribe and discuss whether the proposed project will provide opportunities to coordinate service with existing transit services including human service agencies, intercity bus services, or other public transit providers.

- iii. Discuss the level of support either by the community and/or tribal government for the proposed project.

- iv. Describe the implementation schedule for the proposed project such as time frame, staffing, and procurement.

- b. Applicants with a formal transit plan are advised to consider and address the following areas:

- i. Describe the planning document and/or the planning process conducted to identify the proposed project.

- ii. Describe how the mobility and client access needs of tribal human service agencies were considered in the planning.

- iii. Describe what opportunities for public participation were provided in the planning process and how the proposed transit service or existing service has been coordinated with transportation provided for the clients of human service agencies, with intercity bus transportation in the area, or with any other rural public transit providers.

- iv. Describe how the proposed service complements rather than duplicates any currently available services.

- v. Describe the implementation schedule for the proposed project, including time frame, staffing, procurements, etc.

- vi. Describe any other planning or coordination efforts that were not mentioned above.

- c. Based on the information provided as discussed in the above section, proposals will be rated on the following:

- i. Is there a sound basis for the proposed project?

- ii. Is the project ready to implement?

##### 2. Demonstration of Need (25 Points)

In this section, the application should demonstrate the transit needs of the tribe and discuss how the proposed transit improvements will address the identified transit needs of the tribe.

Applications may include information such as destinations and services not currently accessible by transit, need for access to jobs or health care, special needs of the elderly and individuals with disabilities, income-based community needs, or other mobility needs.

Based on the information provided, the proposals will be rated on the following:

- a. Is there a demonstrated need for the project?

- b. How well does the project fulfill the need?

##### 3. Benefits of Project (25 Points)

In this section, applications should identify expected project benefits. Possible examples include increased ridership and daily trips, improved service, improved operations and

coordination, and economic benefits to the community.

Benefits can be demonstrated by identifying the population of tribal members and non-tribal members in the proposed project service area and estimating the number of daily, one-way trips the transit service will provide and or the number of individual riders. There may be many other, less quantifiable, benefits to the tribe and surrounding community from this project. Please document, explain or show the benefits in whatever format is reasonable to present them.

Based on the information provided, proposals will be rated based on:

- a. Will the project improve transit efficiency or increase ridership?

- b. Will the project provide improved mobility for the tribe?

- c. Will the project improve access to important destinations and services?

- d. Are there other qualitative benefits?

##### 4. Financial Commitment and Operating Capacity (25 Points)

In this section, the application should identify any other funding sources used by the tribe to support existing or proposed transit services, including human service transportation funding, Indian Reservation Roads, or other FTA programs such as the Job Access and Reverse Commute (JARC), New Freedom, section 5311, section 5310, or section 5309 bus and bus facilities funding.

For existing services, the application should show how TTP funding will supplement (not duplicate or replace) current funding sources. If the transit system was previously funded under section 5311 through the State's apportionment, describe how requested TTP funding will expand available services.

Describe any other resources the tribe will contribute to the project, including in-kind contributions, commitments of support from local businesses, donations of land or equipment, and human resources, and describe to what extent does the new project or funding for existing service leverage other funding.

The tribe should show its ability to manage programs by demonstrating the existing programs it administers, in any area of expertise such as human services. Based on the information provided the proposals will be rated on the extent to which the proposal demonstrates that:

- a. This project provides new services or complements existing service.

- b. TTP funding does not replace existing funding.

c. Tribe has or will provide non-financial support to project.

d. Tribe has demonstrated ability to provide other services or manage other programs.

e. Project funds are used in coordination with other services for efficient utilization of funds.

### C. Proposals for Planning Grants

For planning grants, the applications should describe, in no more than three pages, the need for and a general scope of the proposed study.

#### 1. Criteria: Need for Planning Study.

Based on the information provided, proposals will be rated pass/fail based on the following:

a. Is the tribe committed to planning for transit?

b. Is the scope of the proposed study for tribal transit?

### D. Review and Selection Process

Each application will be screened by a panel of members including FTA Headquarters, and regional staff and representatives of the Indian Reservation Roads Program. Incomplete or non-responsive applications will be disqualified. FTA will make an effort to award a grant to as many qualified applicant as possible.

## XII. Award Administration Information

FTA will award grants directly to federally recognize Indian tribes for the projects selected through this competition. Following publication of the selected recipients, projects, and amounts, FTA regional staff will assist the successful applicants to prepare an electronic application for grant award. At that time, the tribe will be required to sign the Certification and Assurances contained in Appendix B. The Master Agreement is available on FTA's Web site at [http://www.fta.dot.gov/17861\\_18441\\_ENG\\_HTML.htm](http://www.fta.dot.gov/17861_18441_ENG_HTML.htm).

Applicants that are selected for grant awards under the TTP will be required to formally designate, by resolution or other formal tribal action, an authorized representative who will have the authority to execute grant agreements on behalf of the Indian tribe with FTA and who will also have the authority on behalf of the Indian tribe to execute FTA's Annual List of Certifications and Assurances.

FTA will notify all applicants, both those selected for funding and those not selected, when the competitive selection process is complete. Projects selected for funding will be published in a **Federal Register** notice.

## XIII. Other Information

### A. Technical Assistance

Technical assistance regarding these requirements is available from each FTA regional office. The regional offices will contact those applicants selected for funding regarding procedures for making the required certifications and assurances to FTA before grants are made and will provide assistance in preparing the documentation necessary for grant award.

### B. Certifications and Assurances

Applicants that are selected and formally notified of FTA's intention to award a grant under the TTP will be required to complete and execute FTA's Annual list of Certification and Assurances in accordance with the procedures described in this Notice of Funding Availability. The Annual List of Certifications and Assurances is attached in Appendix B for informational purposes only.

### C. Reporting

Title 49 U.S.C. 5335 requires recipients, including tribes, of Section 5311 program funds to report data, specified in 49 U.S.C. 5311(b)(4) to the National Transit Database (NTD). ## Appendix B—Certifications and Assurances

### Federal Fiscal Year 2007 Certifications and Assurances for the Federal Transit Administration Tribal Transit Program

In accordance with 49 U.S.C. 5323(n), the following certifications and assurances have been compiled for the Federal Transit

Administration (FTA) Public Transportation on Indian Reservation Program (Tribal Transit Program) authorized by 49 U.S.C. 5311(c)(1).

The Applicant understands and agrees that these certifications and assurances are pre-award requirements and do not encompass all statutory and regulatory requirements that may apply to the Applicant or its Project. A comprehensive list of those requirements will be contained in the Grant Agreement including the Master Agreement accompanying an award under the Tribal Transit Program (TTP).

FTA and the Applicant also understand and agree that not every certification and assurance will apply to every Project for which FTA provides Federal financial assistance through the TTP. The type of Project will determine which requirements apply. For example FTA believes that the following requirements within the listed certifications and assurances will have limited, if any, impact:

1. Many provisions required by the Office of Management and Budget (OMB) set forth in Certification F involve requirements that in most cases will not be invoked, such as:

a. Title III of the Uniform Relocation and Real Property Acquisition Policies Act, as amended, and implementing U.S. Department Of Transportation (U.S. DOT) regulations will apply only when the Applicant acquires real property with FTA assistance.

b. Title II of the Uniform Relocation and Real Property Acquisition Policies Act, as amended, and implementing U.S. DOT regulations will apply only when the Applicant's project requires relocation of a person or business; and the Lead-Based Paint Poisoning Prevention Act is invoked only in connection with residential construction, not likely to take place under the TTP.

c. The Flood Disaster Protection Act applies to projects in flood hazard areas.

d. Only for construction projects will the Davis-Bacon Act, Seismic Safety regulations, and OMB engineering supervision requirements apply.

e. Many environmental protection requirements are limited to the specific problem addressed by the statute. If, for example, the project will not affect endangered species, the requirements of the Endangered Species Act will not be invoked.

2. With respect to Certification H, "Bus Testing," only if the Applicant acquires the first bus of a new bus model or the first bus of a new major configuration of a new bus will FTA's Bus Testing requirements be invoked.

Except to the extent that FTA determines otherwise in writing, each Applicant for TTP assistance, however, must provide all certifications and assurance set forth below. FTA may not award any Federal assistance under the TTP until the Applicant provides these certifications and assurances.

#### *A. Assurance of Authority of the Applicant and Its Representative*

The authorized representative of the Applicant and the attorney who sign these certifications, assurances, and agreements affirm that both the Applicant and its

authorized representative have adequate authority under Federal and Indian tribal law, regulations, or by-laws to:

(1) Execute and file the application for Federal assistance on behalf of the Applicant;

(2) Execute and file the required certifications, assurances, and agreements on behalf of the Applicant binding the Applicant; and

(3) Execute grant agreements with FTA on behalf of the Applicant.

#### *B. Standard Assurances*

The Applicant assures that it will comply with all applicable Federal statutes and regulations in carrying out any project supported by an FTA grant. The Applicant agrees that it is under a continuing obligation to comply with the terms and conditions of the Grant Agreement issued for its project with FTA. The Applicant recognizes that Federal laws and regulations may be modified from time to time and those modifications may affect project implementation. The Applicant understands that Presidential executive orders and Federal directives, including Federal policies and program guidance may be issued concerning matters affecting the Applicant or its project. The Applicant agrees that the most recent Federal laws, regulations, and directives will apply to the project, unless FTA issues a written determination otherwise.

#### *C. Applicant's Capacity to Comply With Relevant Section 5311 Requirements*

The Applicant assures that:

(1) It has or will have the necessary legal, financial, and managerial capability to apply for, receive, and disburse Federal assistance authorized for 49 U.S.C. 5311; and to carry out each project, including the safety and security aspects of that project;

(2) It has or will have satisfactory continuing control over the use of project equipment and facilities;

(3) The project equipment and facilities will be adequately maintained; and

(4) Its project will achieve maximum feasible coordination with transportation service assisted by other Federal sources.

#### *D. Nondiscrimination Assurance*

As required by Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. 2000d, and by U.S. DOT regulations, "Nondiscrimination in Federally-Assisted Programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act," 49 CFR part 21 at 21.7, the Applicant assures that it will comply with all requirements imposed by or issued pursuant to 42 U.S.C. 2000d, and 49 CFR part 21, so that no person in the United States, on the basis of race, color, or national origin, will be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination in any program or activity (particularly in the level and quality of transportation services and transportation-related benefits) for which the Applicant receives Federal assistance awarded by the U.S. DOT or FTA.

Specifically, during the period in which Federal assistance is extended to the project, or project property is used for a purpose for

which the Federal assistance is extended or for another purpose involving the provision of similar services or benefits, or as long as the Applicant retains ownership or possession of the project property, whichever is longer, the Applicant assures that:

(1) Each project will be conducted, property acquisitions will be undertaken, and project facilities will be operated in accordance with all applicable requirements imposed by or issued pursuant to 42 U.S.C. 2000d, and 49 CFR part 21, and understands that this assurance extends to its entire facility and to facilities operated in connection with the project.

(2) It will promptly take the necessary actions to effectuate this assurance, including notifying the public that complaints of discrimination in the provision of transportation-related services or benefits may be filed with U.S. DOT or FTA. Upon request by U.S. DOT or FTA, the Applicant assures that it will submit the required information pertaining to its compliance with these provisions.

(3) It will include in each subagreement, property transfer agreement, third party contract, third party subcontract, or participation agreement adequate provisions to extend the requirements imposed by or issued pursuant to 42 U.S.C. 2000d and 49 CFR part 21 to other parties involved therein including any subrecipient, transferee, third party contractor, third party subcontractor at any level, successor in interest, or any other participant in the project.

(4) Should it transfer real property, structures, or improvements financed with Federal assistance provided by FTA to another party, any deeds and instruments recording the transfer of that property shall contain a covenant running with the land assuring nondiscrimination for the period during which the property is used for a purpose for which the Federal assistance is extended or for another purpose involving the provision of similar services or benefits.

(5) The United States has a right to seek judicial enforcement with regard to any matter arising under the Act, regulations, and this assurance.

(6) It will make any changes in its Title VI implementing procedures as U.S. DOT or FTA may request to achieve compliance with the requirements imposed by or issued pursuant to 42 U.S.C. 2000d and 49 CFR part 21.

#### *E. Assurance of Nondiscrimination on the Basis of Disability*

As required by U.S. DOT regulations, "Nondiscrimination on the Basis of Handicap in Programs and Activities Receiving or Benefiting from Federal Financial Assistance," at 49 CFR 27.9, the Applicant assures that, as a condition to the approval or extension of any Federal assistance awarded by FTA to construct any facility, obtain any rolling stock or other equipment, undertake studies, conduct research, or to participate in or obtain any benefit from any program administered by FTA, no otherwise qualified person with a disability shall be, solely by reason of that disability, excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in

any program or activity receiving or benefiting from Federal assistance administered by the FTA or any entity within U.S. DOT. The Applicant assures that project implementation and operations so assisted will comply with all applicable requirements of U.S. DOT regulations implementing the Rehabilitation Act of 1973, as amended, 29 U.S.C. 794, et seq., and the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. 12101 et seq., and implementing U.S. DOT regulations at 49 CFR parts 27, 37, and 38, and any other applicable Federal laws that may be enacted or Federal regulations that may be promulgated.

*F. U.S. Office of Management and Budget (OMB) Assurances*

Consistent with OMB assurances set forth in SF-424B and SF-424D, the Applicant assures that, with respect to itself and its project, the Applicant:

(1) Has the legal authority to apply for Federal assistance and the institutional, managerial, and financial capability to ensure proper planning, management, and completion of the project described in its application;

(2) Will give FTA, the Comptroller General of the United States, and, if appropriate, the state, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives;

(3) Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain;

(4) Will initiate and complete the work within the applicable project time periods following receipt of FTA approval;

(5) Will comply with all applicable Federal statutes relating to nondiscrimination including, but not limited to:

(6) To the extent applicable, will comply with, or has complied with, the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (Uniform Relocation Act) 42 U.S.C. 4601 et seq., which, among other things, provide for fair and equitable treatment of persons displaced or persons whose property is acquired as a result of Federal or federally assisted programs. These requirements apply to all interests in real property acquired for project purposes and displacement caused by the project regardless of Federal participation in any purchase. As required by sections 210 and 305 of the Uniform Relocation Act, 42 U.S.C. 4630 and 4655, and by U.S. DOT regulations, "Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally Assisted Programs," 49 CFR 24.4, the Applicant assures that it has the requisite authority under its applicable tribal government law to comply with the requirements of the Uniform Relocation Act, 42 U.S.C. 4601 et seq., and U.S. DOT regulations, "Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally Assisted Programs," 49 CFR part 24, and will comply with that Act or has complied with that Act and those implementing regulations, including but not limited to the following:
