In addition to the publicly available docket materials available for inspection electronically in the Federal Docket Management System at <http://www.regulations.gov>, and the hard copy available at the Regional Office, which are identified in the **ADDRESSES** section of this **Federal Register**, copies of the state submittal are also available for public inspection during normal business hours, by appointment at the State Air Agency: Office of Air Resources, Department of Environmental Management, 235 Promenade Street, Providence, RI 02908-5767.

II. Rulemaking Information

Organization of this document. The following outline is provided to aid in locating information in this preamble.

- A. Background and Purpose
- B. When did the Requirements first Become Known?
- C. What is the definition of an OSWI?
- D. When did Rhode Island submit its negative declaration?

A. Background and Purpose

Section 129 of the Clean Air Act requires EPA to publish rules regulating emissions from several classes of solid waste incinerators. Under Section 111(d) of the Clean Air Act, EPA published regulations at 40 CFR Part 60 Subpart B which require states to submit plans to control emissions of specific pollutants from designated facilities. As federal rules covering each category of solid waste incinerator are promulgated, a State must either submit a plan or accept delegation of a federal plan. If a state does not have a designated facility within its boundaries, the state may submit a negative declaration in lieu of a control plan.
