ENVIRONMENTAL PROTECTION AGENCY

[FRL-8295-8]

National Advisory Council for Environmental Policy and Technology

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of meeting.

SUMMARY: Under the Federal Advisory Committee Act, P.L. 92463, EPA gives notice of a meeting of the National Advisory Council for Environmental Policy and Technology (NACEPT). NACEPT provides advice to the EPA Administrator on a broad range of environmental policy, technology, and management issues. The Council is a panel of individuals who represent diverse interests from academia, industry, non-governmental organizations, and local, State, and tribal governments. The purpose of this meeting is to discuss the NACEPT agenda, including sustainable water infrastructure, environmental stewardship, cooperative conservation, energy and the environment, environmental technology, and environmental indicators. The Council will also review and approve the NACEPT Environmental Technology Subcommittee's Second Report. A copy

of the agenda for the meeting will be posted at <http://www.epa.gov/ocem/nacept/cal-nacept.htm>.

DATES: NACEPT will hold a two day open meeting on Thursday, April 26, 2007, from 8:30 a.m. to 6 p.m. and Friday, April 27, 2007, from 8 a.m. to 2 p.m.

ADDRESSES: The meeting will be held at the Four Points by Sheraton Hotel, 1201 K Street, NW., Washington, DC 20005. The meeting is open to the public, with limited seating on a first-come, first-served basis.

FOR FURTHER INFORMATION CONTACT: Sonia Altieri, Designated Federal Officer, altieri.sonia@epa.gov, (202) 233-0061, U.S. EPA, Office of Cooperative Environmental Management (1601E), 1200 Pennsylvania Avenue, NW., Washington, DC 20460.

SUPPLEMENTARY INFORMATION: Requests to make oral comments or to provide written comments to the Council should be sent to Sonia Altieri, Designated Federal Officer, at the contact information above. The public is welcome to attend all portions of the meeting.

Meeting Access: For information on access or services for individuals with disabilities, please contact Sonia Altieri at 202-233-0061 or altieri.sonia@epa.gov. To request accommodation of a disability, please contact Sonia Altieri, preferably at least 10 days prior to the meeting, to give EPA as much time as possible to process your request.

Dated: March 29, 2007.

Sonia Altieri,
Designated Federal Officer.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8295-7]

Science Advisory Board Staff Office; Notification of a Public Meeting of the Science Advisory Board Hypoxia Advisory Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA's Science Advisory Board (SAB) Staff Office is announcing a public meeting of the SAB Hypoxia Advisory Panel to discuss and develop its preliminary draft advisory report concerning the hypoxic zone in the Gulf of Mexico.

DATES: The meeting will be held on June 13, 2007 from 9 a.m.–5 p.m., June 14, 2007 from 9 a.m.–5 p.m., and on June 15, 2007 from 9 a.m.–12 p.m.

ADDRESSES: The meeting will be held in New Orleans, Louisiana at the Astor Crowne Plaza located at 739 Canal Street (Canal and Bourbon Street).

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information regarding the public meeting may contact Dr. Holly Stallworth, Designated Federal Officer (DFO), U.S. EPA Science Advisory Board Staff Office by telephone/voice mail at (202) 343-9867, or via e-mail at stallworth.holly@epa.gov. The SAB mailing address is: U.S. EPA Science Advisory Board (1400F), 1200 Pennsylvania Avenue, NW., Washington, DC 20460. General information about the SAB, as well as any updates concerning the meeting announced in this notice, may be found in the SAB Web site at: <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the SAB Hypoxia Advisory Panel will hold a public meeting to develop a report that details advances in the state of the science regarding hypoxia in the Northern Gulf of Mexico. The SAB was established by 42 U.S.C. 4365 to provide independent scientific and technical advice to the EPA Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Background: EPA participates with other Federal agencies, states and tribes in the Mississippi River/Gulf of Mexico Watershed Nutrient Task Force. In 2001, the Task Force released the Action Plan for Reducing, Mitigating and Controlling Hypoxia in the Northern Gulf of Mexico (or Action Plan available at <http://www.epa.gov/msbasin/taskforce/actionplan.htm>). The Action Plan was informed by the science described in 2000 in An Integrated Assessment of Hypoxia in the Northern Gulf of Mexico (or Integrated Assessment available at http://www.noaa.gov/products/hypox_finalfront.pdf) developed by the National Science and Technology Council, Committee on Environment and Natural Resources. Six technical reports provided the scientific foundation for the Integrated Assessment and are available at <http://>

www.nos.noaa.gov/products/pub_hypox.html. Given the passage of 6 years, EPA's Office of Water has requested that the SAB develop a report that evaluates the updated science regarding the causes and extent of hypoxia in the Gulf of Mexico, as well as the scientific basis of possible management options in the Mississippi River Basin.

In response to EPA's request, the SAB Staff Office formed the SAB Hypoxia Advisory Panel. Background on the Panel formation process was provided in a **Federal Register** notice published on February 17, 2006 (71 FR 8578–8580). The SAB Hypoxia Advisory Panel met on September 6–7, 2006 (71 FR 45543–45544), again on December 6–8, 2006 (71 FR 66329–66330) and again on February 28–March 2, 2007 (72 FR 5968–5969). Teleconferences of the full Hypoxia Advisory Panel and its three subgroups have also been published in **Federal Register** Notices (71 FR 55786–55787, 71 FR 59107, 71 FR 77743–77744 and 72 FR 11359–11360). Information about the SAB Hypoxia Advisory Panel is available on the SAB Web site at: <http://www.epa.gov/sab>.

Availability of Meeting Materials: Materials in support of this meeting will be placed on the SAB Web site <http://www.epa.gov/sab/> in advance of the meeting.

Procedures for Providing Public Input: Interested members of the public may submit relevant written or oral information for the SAB to consider during the advisory process.

Oral Statements: In general, individuals or groups requesting an oral presentation at a public meeting will be limited to five minutes per speaker, with no more than a total of one hour for all speakers. Interested parties should contact Dr. Stallworth, DFO, at the contact information noted above, no later than June 4, 2007, to be placed on the public speaker list for the June 13–15, 2007 meeting. **Written Statements:** Written statements should be received in the SAB Staff Office no later than June 4, 2007 so that the information may be made available to the SAB for their consideration prior to this meeting. Written statements should be supplied to the DFO in the following formats: one hard copy with original signature, and one electronic copy via e-mail to stallworth.holly@epa.gov (acceptable file format: Adobe Acrobat PDF, WordPerfect, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format).

Meeting Access: For information on access or services for individuals with disabilities, please contact Dr. Stallworth at (202) 343–9867 or

stallworth.holly@epa.gov. To request accommodation of a disability, please contact Dr. Stallworth, preferably at least 10 days prior to the meeting to give EPA as much time as possible to process your request.

Dated: April 2, 2007.

Anthony F. Maciorowski,
Deputy Director, EPA Science Advisory Board
Staff Office.

BILLING CODE 6725–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

[Document Identifier: OS–0990–0000]

Thirty-Day Notice

AGENCY: Office of the Secretary.

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed collection for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Type of Information Collection Request:

Existing Collection without an OMB number.

Title of Information Collection: National Blood Collection and Utilization Survey.

Form/OMB No.: OS–0990–New.

Use: The Advisory Committee on Blood Safety and Availability, Health and Human Services (HHS), was established to provide policy advice to the Secretary and the Assistant Secretary for Health. The advice of the committee is partly dependent on the analysis of relevant blood collection and utilization data which is also widely distributed and used by the transfusion medicine community. To that end, the Office of Public Health and Science (OPHS) is responsible for conducting a bi-annual cross-sectional national blood products survey. OPHS performed the 2005 National Blood Collection and Utilization Survey (NBCUS) using a nationally representative sample of hospitals and blood collection centers. Previously private and government financed versions of the NBCUS have successfully surveyed greater than 90% of the U.S. blood collection and processing facilities and more than 2900 hospital based transfusion blood banks in the United States. The objective of the 2007 NBCUS is to produce reliable and accurate estimates of national and regional collections, utilization, and safety of all blood products—red blood cells, fresh frozen plasma, and platelets. New to the 2007 NBCUS is the identification and collection of baseline data for biovigilance blood safety
