BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Combined Notice of Filings #1

April 3, 2007.

Take notice that the Commission received the following electric rate filings:

Docket Numbers: ER05-741-001.

Applicants: Public Service Company of New Mexico.

Description: Public Service Company of New Mexico submits its second Revised Sheet 40 et al to implement the Offer of Settlement approved in the Settlement Order.

Filed Date: 3/30/2007.

Accession Number: 20070403-0097.

Comment Date: 5 p.m. Eastern Time on Friday, April 20, 2007.

Docket Numbers: ER06-185-008.

Applicants: New York Independent System Operator, Inc.

Description: New York Independent System Operator submits a supplemental to its 12/29/06 filing pursuant to FERC's 4/7/06 Order.

Filed Date: 3/29/2007.

Accession Number: 20070402-0090.

Comment Date: 5 p.m. Eastern Time on Thursday, April 19, 2007.

Docket Numbers: ER07-274-001.

Applicants: Juice Energy, Inc.

Description: Juice Energy, Inc submits a notice of change in status pursuant to the requirements of Order 652.

Filed Date: 3/30/2007.

Accession Number: 20070403-0093.

Comment Date: 5 p.m. Eastern Time on Friday, April 20, 2007.

Docket Numbers: ER07-679-000.

Applicants: Public Service Company of New Mexico.

Description: Public Service Company of New Mexico submits Substitute Sheet

207 et al to FERC Electric Tariff, Original Volume 6 pursuant to section 205 of the FPA.

Filed Date: 3/30/2007.

Accession Number: 20070402-0070.

Comment Date: 5 p.m. Eastern Time on Friday, April 20, 2007.

Docket Numbers: ER07-680-000.

Applicants: ISO New England Inc; New England Power Pool.

Description: ISO New England Inc et al jointly submit their Market Rule 1 and Billing Policy changes relating to Meter Data Errors.

Filed Date: 3/30/2007.

Accession Number: 20070403-0092.

Comment Date: 5 p.m. Eastern Time on Friday, April 20, 2007.

Docket Numbers: ER07-681-000.

Applicants: Electric Energy, Inc. *Description:* Electric Energy, Inc submits modification 19 to a Power Contract dated 9/2/87 with the U.S. Dept of Energy designated as contract DE-AC05-760R01312 (Schedule FERC 10).

Filed Date: 3/30/2007.

Accession Number: 20070403-0032.

Comment Date: 5 p.m. Eastern Time on Friday, April 20, 2007.

Docket Numbers: ER07-682-000.

Applicants: Entergy Services, Inc. *Description:* Entergy Operating Companies submits amendments to the Entergy System Agreement to make adjustments to its compliance filing made on 12/18/06.

Filed Date: 3/30/2007.

Accession Number: 20070403-0089.

Comment Date: 5 p.m. Eastern Time on Friday, April 20, 2007.

Docket Numbers: ER07-683-000.

Applicants: Entergy Services, Inc. *Description:* Entergy Services Inc, agent and on behalf of the Entergy Operating Companies submits an amendment to the Entergy System Agreement.

Filed Date: 3/30/2007.

Accession Number: 20070403-0091.

Comment Date: 5 p.m. Eastern Time on Friday, April 20, 2007.

Docket Numbers: ER07-684-000.

Applicants: Entergy Services, Inc. *Description:* Entergy Services Inc, agent on behalf of the Entergy Operating Companies submits an amendment to one provision of Service Schedule MSS-3, Section 30.12, to the Entergy System Agreement.

Filed Date: 3/30/2007.

Accession Number: 20070403-0090.

Comment Date: 5 p.m. Eastern Time on Friday, April 20, 2007.

Docket Numbers: ER07-689-000.

Applicants: PJM Interconnection, L.L.C.

Description: PJM Interconnection, LLC submits an executed

Interconnection Service Agreement w/ Industrial Power Generating Company, LLC et al.

Filed Date: 3/30/2007.

Accession Number: 20070403-0215.

Comment Date: 5 p.m. Eastern Time on Friday, April 20, 2007.

Docket Numbers: ER07-690-000.

Applicants: LG&E Energy Marketing Inc.

Description: LG&E Energy Marketing, Inc submits limited amendments to its Tariff for Cost-Based Sales of Capacity and Energy.

Filed Date: 3/30/2007.

Accession Number: 20070403-0043.

Comment Date: 5 p.m. Eastern Time on Friday, April 20, 2007.

Docket Numbers: ER07-692-000.

Applicants: Florida Power Corporation.

Description: Florida Power Corporation dba Progress Energy Florida, Inc submits a cost-based Power Sales Agreement with Seminole Electric Cooperative, Inc.

Filed Date: 3/30/2007.

Accession Number: 20070403-0216.

Comment Date: 5 p.m. Eastern Time on Friday, April 20, 2007.

Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern Time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the

Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Philis J. Posey,

Acting Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP07-81-000]

Petal Gas Storage, L.L.C.; Notice of Intent To Prepare an Environmental Assessment for the Proposed Petal No. 3 Compressor Station Project and Request for Comments on Environmental Issues

April 3, 2007.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the Petal No. 3 Compressor Station Project, involving construction and operation of facilities by Petal Gas Storage, L.L.C. (Petal) in Forrest County, Mississippi. The EA will be used by the Commission in its decision-making process to determine whether or not to authorize the project.

This notice announces the opening of the scoping period that will be used to gather environmental input from the public and interested agencies on the project. Your input will help the Commission staff determine which issues need to be evaluated in the EA. Please note that the scoping period will close on May 3, 2007.

An effort is being made to send this notice to all individuals, organizations, Native American Tribes, and government entities interested in and/or potentially affected by the proposed project. This includes all landowners who are potential right-of-way grantors, whose property may be used

temporarily for project purposes, or who own homes within distances defined in the Commission's regulations of certain aboveground facilities. We encourage government representatives to notify their constituents of this planned project and encourage them to comment on their areas of concern.

A fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility on My Land? What Do I Need to Know?" was attached to the project notice provided to landowners. This fact sheet addresses a number of typically asked questions, including the use of eminent domain and how to participate in the Commission's proceedings. It is available for viewing on the FERC Internet Web site (<http://www.ferc.gov>).

Summary of the Proposed Project

Petal proposes to construct a new compressor station consisting of three 5,000-horsepower, electric-drive compressor units at its existing Petal Storage Facility in Forrest County, Mississippi. Petal would construct a new 60-foot by 200-foot building to house the proposed units and other appurtenant facilities. In addition, a 1,605-foot-long, 20-inch-diameter pipeline would be constructed in order to connect the proposed compressor station to Petal's existing gas storage operations.¹

Petal currently has an estimated working storage capacity of 18 billion cubic feet of natural gas in four storage caverns. The Petal Storage Facility is capable of delivering natural gas into five interstate pipeline systems. The proposed addition of the Petal No. 3 Compressor Station would allow Petal to utilize the full storage capacity of the Petal Storage Facility.

The general location of Petal's proposed facilities is shown on the map attached as appendix 1.²

Land Requirements for Construction

Construction of the proposed Petal No. 3 Compressor Station Project would affect a total of about 21.1 acres of land. Following construction, about 12.1 acres of land would be allowed to revert to its previous conditions. Disturbance associated with aboveground facilities

¹ Petal's application in Docket No. CP07-81-000 was filed with the Commission under Section 7 of the Natural Gas Act.

² The appendices referenced in this notice are not being printed in the **Federal Register**. Copies of all appendices, other than Appendix 1 (map), are available on the Commission's Web site at the "eLibrary" link or from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426, or call (202) 502-8371. For instructions on connecting to eLibrary refer to the last page of this notice. Copies of the appendices were sent to all those receiving this notice in the mail.

would comprise about 6.7 acres of permanently affected land. A new 1,485-foot-long access road would be constructed surrounding the compressor station building, permanently disturbing 0.5 acre of land.

A 75-foot-wide construction right-of-way is proposed for the associated pipeline. Petal would maintain a 50-foot-wide permanent right-of-way for operation and maintenance of the proposed facilities. Permanent disturbance of the pipeline would total about 1.8 acres. All land that would be affected by the proposed compressor station, pipeline, and access road is owned by Petal.

The EA Process

We are preparing the EA to comply with the National Environmental Policy Act (NEPA) which requires the Commission to take into account the environmental impacts that could result from an action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. NEPA also requires us to discover and address concerns the public may have about proposals. This process is referred to as "scoping." The main goal of the scoping process is to focus the analysis in the EA on the important environmental issues. By this Notice of Intent, the Commission staff requests public comments on the scope of the issues to address in the EA. All comments received are considered during the preparation of the EA.

Our independent analysis of the issues will be in the EA. Depending on the comments received during the scoping process, the EA may be published and mailed to Federal, State, and local agencies, public interest groups, interested individuals, affected landowners, newspapers and libraries in the project area, and the Commission's official service list for this proceeding. A comment period will be allotted for review if the EA is published. We will consider all comments on the EA before we make our recommendations to the Commission.

Public Participation

You can make a difference by providing us with your specific comments or concerns about the project. By becoming a commenter, your concerns will be addressed in the EA and considered by the Commission. Your comments should focus on the potential environmental effects of the proposal, reasonable alternatives to the proposal (including alternative locations and routes), and measures to avoid or lessen environmental impact. The more specific your comments, the more useful
