SUPPLEMENTARY INFORMATION: In order to help ensure that TVA land management and permitting activities are self-sustaining to the full extent possible, the agency is amending its administrative cost recovery regulations by eliminating certain mandatory cost recovery exemptions. This determination is consistent with the objectives of increasing efficiency and recovering the cost of government services from those who most directly benefit from the services.

TVA is amending its administrative cost recovery regulation by eliminating the following exemptions: Conveyances of land pursuant to Section 4(k)(d) of the Tennessee Valley Authority Act of 1933, as amended (16 U.S.C. 831c(k)(d)); TVA phosphate land transactions; and permits and licenses for use of TVA land by distributors of TVA power.

TVA is also amending the rule to reflect new organizational changes within the agency. The terms "Vice President of Land Management" or "Manager of Power Properties" are to be amended to read "Senior Manager of the TVA organization that manages the land."

TVA published a proposed rule on April 14, 2006. TVA considers this final

rule to be a nonsubstantive rule relating to agency management and public property pursuant to 5 U.S.C. 553(a)(2). However, TVA provided a thirty day public comment period to hear from any interested parties. No comments were received. Since this rule relates to services provided by the agency, a regulatory flexibility analysis is not required.
