**TENNESSEE VALLEY AUTHORITY**

**18 CFR Part 1310**

**Administrative Cost Recovery**

**AGENCY:** Tennessee Valley Authority (TVA).

**ACTION:** Final rule.

**SUMMARY:** TVA is amending its administrative cost recovery regulations by eliminating cost recovery exemptions for the following: Conveyances of land pursuant to Section 4(k)(d) of the Tennessee Valley Authority Act of 1933, as amended (16 U.S.C. 831c(k)(d)); TVA phosphate land transactions; and permits and licenses for use of TVA land by distributors of TVA power.

The implementation of this rule amendment will allow TVA to recover more of its administrative costs incurred in processing certain actions from those who directly benefit from the actions.

**EFFECTIVE DATE:** April 11, 2007.

**FOR FURTHER INFORMATION CONTACT:** Nancy Greer, Senior Manager, Process and Performance Management, (865) 632-3339.

**SUPPLEMENTARY INFORMATION:** In order to help ensure that TVA land management and permitting activities are self-sustaining to the full extent possible, the agency is amending its administrative cost recovery regulations by eliminating certain mandatory cost recovery exemptions. This determination is consistent with the objectives of increasing efficiency and recovering the cost of government services from those who most directly benefit from the services.

TVA is amending its administrative cost recovery regulation by eliminating the following exemptions: Conveyances of land pursuant to Section 4(k)(d) of the Tennessee Valley Authority Act of 1933, as amended (16 U.S.C. 831c(k)(d)); TVA phosphate land transactions; and permits and licenses for use of TVA land by distributors of TVA power.

TVA is also amending the rule to reflect new organizational changes within the agency. The terms “Vice President of Land Management” or “Manager of Power Properties” are to be amended to read “Senior Manager of the TVA organization that manages the land.”

TVA published a proposed rule on April 14, 2006. TVA considers this final

rule to be a nonsubstantive rule relating to agency management and public property pursuant to 5 U.S.C. 553(a)(2). However, TVA provided a thirty day public comment period to hear from any interested parties. No comments were received. Since this rule relates to services provided by the agency, a regulatory flexibility analysis is not required.

**DEPARTMENT OF DEFENSE**

**Department of the Navy**

**32 CFR Part 706**

**Certifications and Exemptions Under the International Regulations for Preventing Collisions at Sea, 1972**

**AGENCY:** Department of the Navy, DOD.

**ACTION:** Final rule.

**SUMMARY:** The Department of the Navy is amending its certifications and exemptions under the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), to reflect that the Deputy Assistant Judge Advocate General (Admiralty and Maritime Law) has determined that USS SAMPSON (DDG 102) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with certain provisions of the 72 COLREGS without interfering with its special function as a naval ship. The intended effect of this rule is to warn mariners in waters where 72 COLREGS apply.

**DATES:** Effective Date: April 11, 2007.

**FOR FURTHER INFORMATION CONTACT:**

Commander Gregg A. Cervi, JAGC, U.S. Navy, Deputy Assistant Judge Advocate General (Admiralty and Maritime Law), Office of the Judge Advocate General, Department of the Navy, 1322 Patterson Ave., SE., Suite 3000, Washington Navy Yard, DC 20374-5066, telephone 202-685-5040.

**SUPPLEMENTARY INFORMATION:** Pursuant to the authority granted in 33 U.S.C. 1605, the Department of the Navy amends 32 CFR Part 706. This amendment provides notice that the Deputy Assistant Judge Advocate General (Admiralty and Maritime Law), under authority delegated by the Secretary of the Navy, has certified that USS SAMPSON (DDG 102) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with the following specific provisions of 72 COLREGS without interfering with its special function as a naval ship: Annex I, paragraph 2(f)(i), pertaining to the placement of the masthead light or lights above and clear

of all other lights and obstructions; Annex I, paragraph 2(f)(ii), pertaining to the vertical placement of task lights; Annex I, paragraph 3(a), pertaining to the location of the forward masthead light in the forward quarter of the ship, and the horizontal distance between the forward and after masthead lights; and Annex I, paragraph 3(c), pertaining to placement of task lights not less than two meters from the fore and aft centerline of the ship in the athwartship direction. The Deputy Assistant Judge Advocate General (Admiralty and Maritime Law) has also certified that the lights involved are located in closest possible compliance with the applicable 72 COLREGS requirements.

Moreover, it has been determined, in accordance with 32 CFR Parts 296 and 701, that publication of this amendment for public comment prior to adoption is impracticable, unnecessary, and contrary to public interest since it is based on technical findings that the placement of lights on this vessel in a manner different from that prescribed herein will adversely affect the vessel's ability to perform its military functions.
