

III. Discussion and Commission Findings

After careful review, the Commission finds that the proposed rule change is consistent with Section 6(b) of the Act¹⁰ in general and Section 6(b)(5) of the Act¹¹ in particular, which require that the rules of the Exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade and, in general, to protect investors and the public interest.¹² The proposed rule change, as amended, enables the Director of Arbitration to remove an arbitrator when a conflict arises after the commencement of the hearing or when information required to be disclosed pursuant to Exchange Rule 610 and of which the parties were previously unaware, is not disclosed. Similarly, the proposed rule change also permits an arbitrator to be removed where circumstances known before the commencement of the hearing develop into a conflict after the commencement of the hearing. Enabling the Director of Arbitration to remove arbitrators with any of these conflicts if they fail to recuse themselves will address circumstances in which an arbitrator with a conflict could otherwise continue serving on a panel. We believe that allowing the Director of Arbitration to exercise this authority will facilitate the removal of arbitrators with either previously undisclosed and unknown conflicts or newly-arising conflicts (whether from known or unknown circumstances), and will therefore enhance the fairness and transparency of the arbitration process. *Accelerated Approval of the Proposed Rule Change as Modified by Amendment Nos. 2 and 3.* The Commission finds good cause for approving the proposed rule change as modified by Amendment Nos. 2 and 3 to the proposed rule change prior to the thirtieth day after the amendment is published for comment in the **Federal Register** pursuant to Section 19(b)(2) of the Act.¹³ Amendment No. 2 responded to a comment by providing that parties aware of conflicts prior to the time that the arbitrator was appointed could not delay action on that knowledge. Amendment No. 3, which clarified Amendment No. 2, set forth the two grounds for removal of an arbitrator after commencement of the hearing: first, a conflict arising after the

commencement of the hearing; and second, a failure to disclose information pursuant to Rule 610 if the parties were previously unaware of the undisclosed information. The Commission finds that, given the concerns the commenter raised with respect to the possibility that the arbitration process might be manipulated by parties seeking to remove an arbitrator based on information known to a party at an earlier date but acted upon only after the party assessed the arbitrator, it is appropriate and responsive for the Exchange to amend the proposed rule change to provide that an arbitrator cannot be removed after taking the oath of arbitration for a particular case based on a conflict of which the parties were previously aware. In essence, the rule provides that parties who come into knowledge of a conflict may not delay before requesting removal of an arbitrator. Similarly, the Commission believes that it is appropriate to permit the Director of Arbitration to remove an arbitrator for whom a conflict arises after commencement of the hearing, as the NYSE rules do not presently provide for such removal. Accordingly, the Commission finds good cause to accelerate approval of the proposed rule change, as amended.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-55591; File No. SR-Phlx-2007-30]

Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Ratio Spreads

April 6, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 27, 2007, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared substantially by the Phlx.

¹³ 15 U.S.C. 78s(b)(2).

The Exchange filed the proposal pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission.⁵ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Phlx proposes to amend Phlx Rules 1033, "Bids and Offers—Premium," and 1066, "Certain Types of Orders Defined," to define and permit ratio spreads in all options traded on the Exchange.

The text of the proposed rule change is available at the Exchange, in the Commission's Public Reference Room, and at <http://www.phlx.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Phlx included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Phlx has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to define and permit ratio spreads in options overlying equities, indexes, and Exchange Traded Fund Shares ("ETFs"), and to establish by rule permissible ratios for such orders.

Currently, Phlx Rule 1033 permits members to trade spread orders in which the respective legs consist of different numbers of contracts (ratio spreads) for foreign currency options only. The proposed rule change would expand the rule to permit ratio spreads for all options traded on the Exchange by deleting from the rules language limiting such orders to options overlying foreign currencies.

Specifically, the Phlx proposes to amend Phlx Rule 1033(g) to permit ratio

spreads for spread, straddle, and combination orders, as defined in Phlx Rule 1066, in equity, ETF, and index options by deleting the current language that limits such orders to foreign currency options. The amended rules would permit spread, straddle, and combination orders in equity, ETF, and index options with a ratio that is equal to or greater than one-to-three and less than or equal to three-to-one.

Phlx Rule 1066 currently defines a "spread order" as an order to buy a stated number of option contracts and to sell *the same* number of option contracts in a different series of the same option. The proposed amendment would re-define the term "spread order" as an order to buy *a stated* number of option contracts and to sell a stated number of option contracts (which may be a different number of contracts) in a different series of the same option. The definition would also clarify that such an order may be bid for or offered on a total net debit or credit basis.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act⁷ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest by permitting ratio spreads in all options traded on the Exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Phlx has filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act⁸ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁹ Because the Phlx has designated the foregoing

proposed rule change as one that does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder. As required by Rule 19b-4(f)(6)(iii) under the Act,¹⁰ the Phlx provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to filing the proposal with the Commission or such shorter period as designated by the Commission.

A proposed rule change filed under Rule 19b-4(f)(6) under the Act¹¹ normally does not become operative prior to 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest.¹² The Phlx has asked the Commission waive the 30-day operative delay to allow the Phlx to have the same rules governing ratio spreads as those currently in effect on other options exchanges.¹³

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it would allow the Phlx to implement rules governing ratio spreads consistent with those adopted by other options exchanges without delay.¹⁴ For this reason, the Commission designates that the proposal become operative immediately.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors,
