

(9) Where the NTSB reasonably believes that a requester or group of requesters acting together is attempting to divide a request into multiple series of requests for the purpose of avoiding fees, the NTSB may aggregate those requests and charge accordingly.

(d) *Requirements for waiver or reduction of fees.* For fee purposes, the NTSB will determine, whenever reasonably possible, the use to which a requester will put the requested records.

(1) The NTSB will furnish records responsive to a request without charge, or at a reduced charge, where the NTSB determines, based on all available information, that the requester has shown that:

(i) Disclosure of the requested information is in the public interest because it is likely to contribute significantly to public understanding of the operations of activities of the government, and

(ii) Disclosure of the requested information is not primarily in the commercial interest or for the commercial use of the requester.

(2) In determining whether disclosure of the requested information is in the public interest, the NTSB will consider the following factors:

(i) Whether the subject of the requested records concerns identifiable operations or activities of the federal government, with a connection that is direct and clear, and not remote or attenuated. In this regard, the NTSB will consider whether a requester's use of the documents would enhance transportation safety or contribute to the NTSB's programs.

(ii) Whether the portions of a record subject to disclosure are meaningfully informative about government operations or activities. The disclosure of information already in the public domain, in either a duplicative or substantially identical form, would not be as likely to contribute to such understanding where nothing new would be added to the public's understanding.

(iii) Whether disclosure of the requested information would contribute to the understanding of a reasonably broad audience of persons interested in the subject, as opposed to the individual understanding of the requester. The NTSB will consider a requester's expertise in the subject area and ability to effectively convey information to the public.

(iv) Whether the disclosure is likely to enhance the public's understanding of government operations or activities.

(3) In determining whether the requester is primarily in the commercial

interest of the requester, the NTSB will consider the following factors:

(i) The existence and magnitude of any commercial interest the requester may have, or of any person on whose behalf the requester may be acting. The NTSB will provide requesters with an opportunity in the administrative process to submit explanatory information regarding this consideration.

(ii) Whether the commercial interest is greater in magnitude than any public interest in disclosure.

(4) Additionally, the NTSB may, at its discretion, waive publication, reproduction, and search fees for qualifying foreign countries, international organizations, nonprofit public safety entities, State and Federal transportation agencies, and colleges and universities, after approval by the Chief, Records Management Division.

(5) Where only some of the records to be released satisfy the requirements for a waiver of fees, the NTSB will grant a waiver for those particular records.

(6) Requests for the waiver or reduction of fees should address the factors listed in paragraphs (e)(2) and (e)(3) of this section, insofar as they apply to each request. The NTSB will exercise its discretion to consider the cost-effectiveness of its use of administrative resources in determining whether to grant waivers or reductions of fees.

(e) Services available free of charge.

(1) The following documents are available without commercial reproduction cost until limited supplies are exhausted:

(i) Press releases;

(ii) Safety Board regulations (Chapter VIII of Title 49, Code of Federal Regulations);

(iii) Indexes to initial decisions, Board orders, opinion and orders, and staff manuals and instructions;

(iv) Safety recommendations; and

(v) NTSB Annual Reports.

(2) The NTSB public Web site, located at <http://www.nts.gov>, also includes an e-mail subscription service for press releases, safety recommendations, and other announcements.

§ 801.61 Appeals of fee determinations.

Requesters seeking an appeal of the FOIA Officer's fee or fee waiver determination must send a written appeal to the NTSB's Managing Director within 20 days. The NTSB's Managing Director will determine whether to grant or deny any appeal made pursuant to § 801.21 within 20 working days (excluding Saturdays, Sundays, and legal public holidays) after receipt of such appeal, except that this time limit

may be extended for as many as 10 additional working days, in accordance with § 801.23.

Dated: April 10, 2007.

50 CFR Part 679

[Docket No. 070213033-7033-01; I.D. 040907D]

Fisheries of the Economic Exclusive Zone Off Alaska; Pacific Cod in the Bering Sea and Aleutian Islands

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; modification of a closure.

SUMMARY: NMFS is opening directed fishing for Pacific cod by catcher vessels less than 60 feet (18.3 meters (m)) length overall (LOA) using pot or hook-and-line gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to fully use the 2007 total allowable catch (TAC) of Pacific cod specified for catcher vessels less than 60 feet (18.3 m) LOA using pot or hook-and-line gear in the BSAI.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), April 30, 2007, through 2400 hrs, A.l.t., December 31, 2007. Comments must be received at the following address no later than 4:30 p.m., A.l.t., April 30, 2007.

ADDRESSES: Send comments to Sue Salvesson, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region, NMFS, Attn: Ellen Sebastian. Comments may be submitted by:

- Mail to: P.O. Box 21668, Juneau, AK 99802;

- Hand delivery to the Federal Building, 709 West 9th Street, Room 420A, Juneau, Alaska;

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

NMFS closed directed fishing for Pacific cod by catcher vessels less than 60 feet (18.3 m) LOA using pot or hook-and-line gear in the BSAI under § 679.20(d)(1)(iii) on March 30, 2007 (72 FR 15848, April 3, 2007).

NMFS has determined that as of April 6, 2007, approximately 411 metric tons of Pacific cod remain in the 2007 Pacific cod TAC allocated to catcher vessels less than 60 feet (18.3 m) LOA using pot or hook-and-line gear in the BSAI. Therefore, in accordance with § 679.25(a)(2)(i)(C) and (a)(2)(iii)(D), and to fully use the 2007 TAC of Pacific cod specified for catcher vessels less than 60

feet (18.3 m) LOA using pot or hook-and-line gear in the BSAI, NMFS is terminating the previous closure and is opening directed fishing for Pacific cod by catcher vessels less than 60 feet (18.3 m) LOA using pot or hook-and-line gear in the BSAI. The opening is effective 1200 hrs, A.l.t., April 30, 2007, through 2400 hrs, A.l.t., December 31, 2007.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the opening of the Pacific cod fishery by catcher vessels less than 60 feet (18.3 m) LOA using pot or hook-and-line gear in the BSAI. Immediate notification is necessary to allow for the orderly conduct and efficient operation of this fishery, to allow the industry to plan for the fishing season, and to avoid potential disruption to the fishing fleet

and processors. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of April 6, 2007.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Without this inseason adjustment, NMFS could not allow the fishery for Pacific cod by catcher vessels less than 60 feet (18.3 m) LOA using pot or hook-and-line gear in the BSAI to be harvested in an expedient manner and in accordance with the regulatory schedule. Under § 679.25(c)(2), interested persons are invited to submit written comments on this action to the above address until April 30, 2007.

This action is required by § 679.25 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*
