II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq is establishing a fee of \$0.0035 per share executed for orders that are designated as Directed Intermarket Sweep Orders (unless the order is for a security priced under \$1, in which case the fee is 0.3% of the transaction value). As described in SR-NASDAQ-2007-020,⁶ a Directed Order allows a market participant to enter an order into Nasdaq that is designated for routing to another exchange without first checking the Nasdaq book. By designating a Directed Order as an Intermarket Sweep Order, the market participant entering the order represents that it is complying with the requirements of Regulation NMS Rules 610 and 611.⁷ Because these orders bypass the Nasdaq book, and because Nasdaq will incur costs for post-trade surveillance of members' compliance with these rules, Nasdaq believes that an increased routing fee of \$0.0035 is warranted.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁸ in general, and with Section 6(b)(4) of the Act,⁹ in particular, in that it provides for the equitable allocation of reasonable dues, fees, and other charges among members and issuers and other persons using any facility or system which Nasdaq operates or controls. Nasdaq believes that an increased fee for Directed Intermarket Sweep Orders is appropriate in light of their special characteristics.

⁶ See Securities Exchange Act Release No. 55405 (March 6, 2007), 72 FR 11069 (March 12, 2007).

⁷ 17 CFR 242.610 and 242.611.

⁸ 15 U.S.C. 78f.

⁹ 15 U.S.C. 78f(6)(4).

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁰ and subparagraph (f)(2) of Rule 19b-4 thereunder because it establishes or changes a due, fee, or other charge.¹¹ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq recently amended Rule 11890, which covers the breaking of trades determined to be clearly erroneous, to add a new Rule 11890(c)(4) that assesses a fee of \$500 for unsuccessful appeals of clearly erroneous adjudications by Nasdaq. Nasdaq is now adding a

sentence to the rule to provide that in instances where Nasdaq, on behalf of a member, requests a determination by another market center that a transaction is clearly erroneous, Nasdaq will pass any resulting charges through to the relevant member. The proposed change reflects the fact that NYSE Arca recently adopted a similar \$500 appellate fee, and other market centers may follow suit.⁶

If a Nasdaq member enters an order into Nasdaq that is routed to NYSE Arca and executed there, the Nasdaq member may not have standing to file under NYSE Arca rules to seek a determination that the execution was clearly erroneous if it is not an NYSE Arca member. Accordingly, Nasdaq Execution Services, Nasdaq's routing broker-dealer, which is a member of NYSE Arca, will file a petition under NYSE Arca rules if the Nasdaq member requests. If an appeal is unsuccessful, Nasdaq will be charged under NYSE Arca rules. Accordingly, Nasdaq proposes to pass the charge through, on a dollar-for-dollar basis, to the member that requested the appeal.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁷ in general, and with Section 6(b)(4) of the Act,⁸ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which Nasdaq operates or controls. Nasdaq believes that the change will allocate charges for adjudications under the clearly erroneous rules of other market centers to the Nasdaq members that initiate such adjudications.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

SUPPLEMENTARY INFORMATION:

Title: Rural Transportation Research.

Background: Section 5513(f) of The Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users of 2005 (SAFETEA-LU) provides a grant to the New England Transportation Institute (hence "the Institute") in White River Junction, Vermont, to conduct rural transportation research. The Institute will undertake research and analysis in support of two research issues: (1) Rural Transportation Issues Definition and Refinement; and (2) Rural Transportation Safety and Health. The research includes a 2-part survey to develop information that will help support a "portrait" of present rural transportation patterns. Applying the concepts of both "mobility" and "accessibility" to the rural Northeast, the Institute's surveys will explore the issues of "rural isolation" and, driver travel behavior. The survey will address these questions:

- How serious a problem is rural isolation and perceptions of access (or lack thereof)?
- How are the economic forces acting on the rural areas affecting the manner, and length of trips in the rural Northeast?
- How are demographics going to change and/or influence the demands made on the transportation system?
