## DEPARTMENT OF COMMERCE

### Foreign–Trade Zones Board

#### Order No. 1510

#### **Approval for Expansion of Subzone 208A, and of Expanded Manufacturing Authority, Pfizer Inc (Pharmaceutical Products), Groton, Connecticut**

Pursuant to its authority under the Foreign–Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a–81u), the Foreign–Trade Zones Board (the Board) adopts the following Order:

Whereas, the New London Foreign Trade Zone Commission, grantee of FTZ 208, has requested authority on behalf of Pfizer Inc (Pfizer) to expand the subzone and scope of manufacturing authority at Subzone 208A at the Pfizer pharmaceutical manufacturing plant in Groton, Connecticut (FTZ Docket 31–2006, filed 7/20/06);

Whereas, notice inviting public comment has been given in the **Federal Register** (71 FR 43107, 7/31/06); and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and the Board's regulations are satisfied, and that approval of the application is in the public interest;

Now, therefore, the Board hereby approves the expansion of the subzone and the scope of authority under zone procedures within Subzone 208A for the manufacture of pharmaceutical products at the Pfizer Inc plant located in Groton, Connecticut, as described in the application and the **Federal Register** notice, subject to the FTZ Act and the Board's regulations, including Section 400.28.

Signed at Washington, DC, this 10th day of April 2007.

**David M. Spooner,**

*Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign–Trade Zones Board.*

### International Trade Administration

#### A–201–805

#### **Certain Circular Welded Non–Alloy Steel Pipe and Tube from Mexico: Notice of Preliminary Intent to Rescind Antidumping Duty New Shipper Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** In response to a request from Conduit S.A. de C.V. (Conduit), a Mexican producer of certain circular welded non–alloy steel pipe and tube (pipe and tube), the Department of Commerce (the Department) initiated a new shipper review of the antidumping duty order on pipe and tube from Mexico. The period of review covers November 1, 2005, through April 30, 2006. Based on our findings at verification, the Department preliminarily determines that the merchandise Conduit sold and entered into the United States was not subject merchandise. Because the respondent has consequently made no sales or shipments of the subject merchandise to the United States during the period of review, we preliminarily intend to rescind this new shipper review.

**EFFECTIVE DATE:** April 20, 2007.

**FOR FURTHER INFORMATION CONTACT:** John Drury or Patrick Edwards, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230;

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

The Department published an antidumping duty order on pipe and tube from Mexico on November 2, 1992. *See Notice of Antidumping Duty Order: Circular Welded Non–Alloy Steel Pipe from Mexico*, 57 FR 49453 (November 2, 1992). On May 26, 2006, the Department received a timely request from Conduit, in accordance with 19 CFR § 351.214(c), to initiate a new shipper review of the antidumping duty order on pipe and tube from Mexico. Pursuant to 19 CFR § 351.214(b), Conduit certified that it is both the exporter and producer of the subject merchandise, that it did not export subject merchandise to the United States during the period of the investigation, and that since the investigation was initiated, it has never been affiliated with any exporter or producer who exported the subject merchandise to the United States. Conduit also submitted documentation establishing the date on which the shipment that was the basis for this new shipper review was first entered for consumption, the volume shipped, and the date of its first sale to an unaffiliated customer in the United States.

The Department published the initiation of the new shipper review of the antidumping duty order on pipe and tube from Mexico on July 10, 2006. *See Circular Welded Non–Alloy Steel Pipe and Tube from Mexico: Initiation of New Shipper Antidumping Duty Review*, 71 FR 38851 (July 10, 2006).

##### **Scope of the Order**

The merchandise under review is circular welded non–alloy steel pipes and tubes, of circular cross-section, not more than 406.4 millimeters (16 inches) in outside diameter, regardless of wall thickness, surface finish (black, galvanized, or painted), or end finish (plain end, beveled end, threaded, or threaded and coupled). These pipes and tubes are generally known as standard pipes and tubes and are intended for the low–pressure conveyance of water, steam, natural gas, and other liquids and gases in plumbing and heating systems, air conditioning units, automatic sprinkler systems, and other related uses, and generally meet ASTM A–53 specifications. Standard pipe may also be used for light load–bearing applications, such as for fence tubing, and as structural pipe tubing used for framing and support members for reconstruction or load–bearing purposes in the construction, shipbuilding, trucking, farm equipment, and related
