

Operating License and Technical Specifications.

Date of initial notice in Federal Register: January 16, 2007 (72 FR 1781).

The Commission's related evaluation of the amendment is contained in a Safety Evaluation dated April 2, 2007.

No significant hazards consideration comments received: No.

Virginia Electric and Power Company, et al., Docket Nos. 50-280 and 50-281, Surry Power Station, Units 1 and 2, Surry County, Virginia

Date of application for amendments: May 26, 2006, as supplemented on January 19, 2007.

Brief Description of amendments: These amendments revised the Technical Specification (TS) requirements related to steam generator tube integrity and Reactor Coolant System leakage definitions and requirements. The TSs were revised to implement TS Task Force (TSTF) Standard TS Change Traveler, TSTF-449, "Steam Generator Tube Integrity," (TSTF-449, Rev. 4) with minor deviations to be consistent with Surry's custom TSs.

Date of Issuance: March 29, 2007.

Effective date: As of date of issuance and shall be implemented within 180 days.

Amendment Nos.: 251, 250.

Renewed Facility Operating License Nos. DPR-32 and DPR-37: Amendments changed the licenses and the technical specifications.

Date of initial notice in Federal Register: August 15, 2006 (71 FR 46941). The supplement dated January 19, 2007, provided additional information that clarified the application, did not expand the scope of the application as originally noticed, and did not change the staff's original proposed no significant hazards consideration determination. The Commission's related evaluation of the amendments is contained in a Safety Evaluation dated March 29, 2007.

No significant hazards consideration comments received: No.

Virginia Electric and Power Company, et al., Docket Nos. 50-280 and 50-281, Surry Power Station, Units 1 and 2, Surry County, Virginia

Date of application for amendments: July 5, 2006, as supplemented on September 21 and November 20, 2006.

Brief Description of amendments: These amendments revised the main control room (MCR) and emergency switchgear room (ESGR) air-conditioning system (ACS) Technical Specifications to reflect the completion

of permanent modifications to the equipment and associated power supply configuration. The revisions include the addition of requirements and/or action statements addressing the inoperability of two or more air handling units (AHUs) on a unit, as well as AHU powered from an H emergency bus. The proposed change, paralleling requirements in the Improved Technical Specifications, also adds MCR and ESGR ACS requirements during refueling operations and irradiated fuel movement in the fuel building. In addition, the proposed change clarified the service water requirements for the ACS chillers that serve the MCR and ESGRs.

Date of Issuance: April 2, 2007.

Effective date: As of date of issuance and shall be implemented within 45 days.

Amendment Nos.: 252, 251.

Renewed Facility Operating License Nos. DPR-32 and DPR-37: Amendments changed the licenses and the technical specifications.

Date of initial notice in Federal Register: September 26, 2006 (71 FR 56193). The supplements dated September 21 and November 20, 2006, provided additional information that clarified the application, did not expand the scope of the application as originally noticed, and did not change the staff's original proposed no significant hazards consideration determination. The Commission's related evaluation of the amendments is contained in a Safety Evaluation dated April 2, 2007.

No significant hazards consideration comments received: No.

Dated at Rockville, Maryland, this 16th day of April 2007.

For the Nuclear Regulatory Commission.

Catherine Haney,

Director, Division of Operating Reactor Licensing, Office of Nuclear Reactor Regulation.

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Notice of Cancellation of Public Hearing on Potential Withdrawal of Tariff Concessions and Increase in Applied Duties in Response to European Union (EU) Enlargement

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of cancellation of April 24, 2007 public hearing concerning a list of goods for which tariff concessions may be withdrawn and duties may be

increased in the event the United States cannot reach agreement with the European Communities (EC) for adequate compensation owed under World Trade Organization (WTO) rules as a result of EU enlargement.

SUMMARY: On March 22, 2007, USTR published FR Doc E7-5268 (Vol. 72, No. 55) announcing that the Trade Policy Staff Committee (TPSC) was seeking public comment on a list of goods for which U.S. tariff concessions may be withdrawn and applied duties may be raised and announcing that the TPSC will hold a public hearing on Tuesday, April 24, 2007, on the list. All respondents to this notice have chosen to submit their comments in writing only and there were no requests to testify. Therefore, the April 24 public hearing will be cancelled.

The United States is continuing to negotiate with the EU regarding the EU's provision of adequate and permanent compensation to the United States for an event that increased duties on U.S. imports to EU markets above WTO bound rates of duty. On January 1, 2007, as part of its enlargement process, the EU raised tariffs above bound rates on some imports into the countries of Romania and Bulgaria. If this issue is not resolved, the United States may seek to exercise its rights under Article XXVIII of the *General Agreement on Tariffs and Trade 1994* ("GATT 1994") to withdraw substantially equivalent concessions and raise tariffs on select goods primarily supplied by the EU.

FOR FURTHER INFORMATION CONTACT: Questions should be directed to: Laurie Molnar, Director for European Trade Issues, (202) 395-3320; Office of the United States Trade Representative.

Carmen Suro-Bredie,

Chairman, Trade Policy Staff Committee.
