A Public Health Action Plan To Combat Antimicrobial Resistance (Part I: Domestic Issues): Meeting for Public Comment on the Antimicrobial Resistance Interagency Task Force Annual Report

The Centers for Disease Control and Prevention (CDC), Food and Drug Administration (FDA), and National Institutes of Health (NIH) announce an open meeting concerning antimicrobial resistance.

Name: A Public Health Action Plan to Combat Antimicrobial Resistance (Part I: Domestic Issues): Meeting for Public Comment on the Antimicrobial Resistance Interagency Task Force Annual Report.

Times and Dates: 11:30 a.m.–12:30 p.m., Wednesday, June 27, 2007.

Place: Hyatt Regency Bethesda, Bethesda, Maryland, One Bethesda Metro Center (7400 Wisconsin Ave), Bethesda, Maryland, USA 20814; Tel: 1-301-652-2000; Fax: 1-301-652-4525).

Status: Open to the public, limited only by the space available.

Purpose: To present the annual report of progress by Federal agencies in accomplishing activities outlined in A Public Health Action Plan to Combat Antimicrobial Resistance (Part I: Domestic Issues) and solicit comments from the public regarding the annual report. The Action Plan serves as a blueprint for activities of Federal agencies to address antimicrobial resistance. The focus of the plan is on domestic issues.

Matters To Be Discussed: The agenda will consist of welcome and introductory comments, an executive summary, and brief reports in four focus areas: Surveillance, Prevention and Control, Research, and Product Development. The meeting will then be open for general discussion.

Comments and suggestions from the public for Federal agencies related to each of the focus areas will be taken under advisement by the Antimicrobial Resistance Interagency Task Force. The

agenda does not include development of consensus positions, guidelines, or discussions or endorsement of specific commercial products.

The Action Plan, Annual Report, and meeting agenda are available at <http://www.cdc.gov/drugresistance>. The public meeting is sponsored by the CDC, FDA, and NIH in collaboration with seven other Federal agencies and departments that were involved in developing and writing A Public Health Action Plan to Combat Antimicrobial Resistance (Part I: Domestic Issues).

Agenda items are subject to change as priorities dictate.

Limited time will be available for oral questions, comments, and suggestions from the public. Depending on the number wishing to comment, a time limit of three minutes may be imposed. In the interest of time, visual aids will not be permitted, although written material may be submitted for subsequent review by the Task Force. Written comments and suggestions from the public are encouraged and should be received by the contact person or email listed below prior to the opening of the meeting or no later than the end of July 2007.

Persons anticipating attending the meeting are requested to send written notification to the contact person below by June 21, 2007, including name, organization (if applicable), address, phone, fax, and e-mail address.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Comment Request

Proposed projects:

Title: Supporting Healthy Marriage (SHM) Project: Control Services Survey.

OMB No.: New Collection.

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services, is conducting a demonstration and evaluation called the Supporting Healthy Marriage (SHM) Project. Supporting Healthy Marriage is designed to inform program operators and policymakers of the most effective ways to help low-income married couples strengthen and maintain healthy marriages. In particular, the project will measure the effectiveness of marriage education programs by randomly assigning eligible volunteer

couples to SHM program groups and control groups.

In order to conduct a strong test of the SHM program, the researchers must understand whether marriage education services similar to SHM are readily accessible to control group members elsewhere in the communities where SHM is offered. To measure the difference between services received by the program group and control group, the evaluator will administer a brief survey to participants in each SHM demonstration pilot site. The purpose of this survey is to identify the kinds of services that participants have received over the last six months, either from the SHM program or from other agencies in the community. This survey will allow the research team to determine whether there is a sufficient differential between the services received by the participants in the program group and those in the control group to constitute a strong test of the SHM intervention.

Respondents: Low-income married couples with children.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
SHM Control Services Survey	808	1	.17	137.4

Estimated Total Annual Burden Hours: 137.4.

In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Administration, Office of Information Services, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. E-mail address: infocollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d)

ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Dated: April 23, 2007.
