DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[WY-920-1320-EL, WYW160394]

Notice of Competitive Coal Lease Sale, Wyoming

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of competitive coal lease sale.

SUMMARY: Notice is hereby given that certain coal resources in the Pit 14 Coal Tract described below in Sweetwater County, Wyoming, will be offered for competitive lease by sealed bid in accordance with the provisions of the Mineral Leasing Act of 1920, as amended (30 U.S.C. 181 *et seq.*).

DATES: The lease sale will be held at 10 a.m., on Tuesday, June 5, 2007. Sealed bids must be submitted on or before 4 p.m., on Monday, June 4, 2007.

ADDRESSES: The lease sale will be held in the First Floor Conference Room (Room 107), of the Bureau of Land Management (BLM) Wyoming State Office, 5353 Yellowstone Road, P.O. Box 1828, Cheyenne, WY 82003. Sealed bids must be submitted to the Cashier, BLM Wyoming State Office, at the address given above.

FOR FURTHER INFORMATION CONTACT: Mavis Love, Land Law Examiner, or Robert Janssen, Coal Coordinator, at 307-775-6258, and 307-775-6206, respectively.

SUPPLEMENTARY INFORMATION: This coal lease sale is being held in response to a lease by application (LBA) filed by Black Butte Coal Company, Point of Rocks, Wyoming. The coal resources to be offered consist of all reserves recoverable by surface mining methods in the following-described lands located in Sweetwater County, 28 miles southeast of Rock Springs, Wyoming, approximately 14 miles south of Interstate 80, about 3 miles east of Black Butte Creek, and just southwest of the permit boundary of the existing Black Butte surface mine:

T. 17 N., R. 101 W., 6th P.M., Wyoming
Section 2: Lots 3, 4, SW $\frac{1}{4}$ NW $\frac{1}{4}$;
Section 4: Lots 1, 2, S $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$,
NE $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$;
Section 10: NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$;
T. 18 N., R. 101 W., 6th P.M., Wyoming
Section 34: E $\frac{1}{2}$, E $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$;
Containing 1,399.48 acres more or less.

All of the acreage applied for has been determined to be suitable for surface mining. There are no existing surface facilities or structures that will be impacted by the proposed pit. There are no producing oil and/or gas wells on the tract. All of the surface and mineral estate on the LBA tract is controlled by the BLM.

The tract contains surface mineable coal reserves within the Upper Cretaceous Almond Formation. In the LBA area, the coal cropline extends roughly southwest to northeast along the northwestern edge of the proposed pit.

Mining is expected to begin along this cropline. The coal seams dip more rapidly than the ground surface toward the southeast and an economic cutoff of about 200 feet of overburden is projected for the final mine cut.

Numerous coal seams occur in the immediate area, but only four are considered to be mineable within the proposed pit. These are identified, in descending order, as the AG, AF, AFL,

and AE seams. The AG is the uppermost seam and is the most consistent over the LBA, generally ranging from 4–6 feet thick. The interburden between the AG and AF seams ranges from about 5–40 feet thick on the LBA. The AF seam ranges from 2–12 feet thick on the LBA and is joined with the AE seam near the cropline in Section 4. The AFL seam is a localized split that is largely confined to Section 34. The parting between the AF and AFL seams ranges from 0–20 feet thick and the AFL seam itself ranges from 2–3 feet thick on the LBA. The interburden between the AF and AE seams ranges from 0–45 feet thick on the LBA. The AE seam varies from 2–8 feet thick on the LBA. The composite mineable coal thickness ranges from 10–20 feet thick over the LBA.

The LBA tract contains an estimated 11,218,740 tons of mineable coal in the four seams described above that could be recovered by surface mining methods. This mineable reserve is based on a minimum 20 foot overburden thickness to avoid any coal oxidation areas, a minimum coal thickness of 2 feet, and a maximum stripping ratio of 14.6:1 (bank cubic yards per ton of coal). Other coal seams and splits are found in the LBA area, but these have not been included in this reserve estimate due to thickness, depth, poor quality, limited areal extent, or any combination of factors.

Potential bidders must establish their own practicable criteria for mining, including their estimate of recoverable reserves based on multiple seams and thin seam mining.

The Pit 14 LBA coal is ranked as subbituminous B. The overall average quality is approximately 9965 BTU/lb with about 7.57% ash and 0.54% sulfur. These quality averages are generally higher than those for the coal reserves currently being mined at the adjacent surface mine.

The tract will be leased to the qualified bidder of the highest cash amount provided that the high bid meets or exceeds the BLM's estimate of the fair market value of the tract. The minimum bid for the tract is \$100 per acre or fraction thereof. The bids should be sent by certified mail, return receipt requested, or be hand delivered. The Cashier will issue a receipt for each hand-delivered bid. Bids received after 4 p.m., on Monday, June 4, 2007, will not be considered. The minimum bid is not intended to represent fair market value. The fair market value of the tract will be determined by the Authorized Officer after the sale. The lease issued as a result of this offering will provide for payment of an annual rental of \$3.00 per acre, or fraction thereof, and of a

royalty payment to the United States of 12.5 percent of the value of coal produced by strip or auger mining methods and 8 percent of the value of the coal produced by underground mining methods. The value of the coal will be determined in accordance with 30 CFR 206.250.

Bidding instructions for the tract offered and the terms and conditions of the proposed coal lease are available from the BLM Wyoming State Office at the addresses above. Case file documents, WYW160394, are available for inspection at the BLM Wyoming State Office.

Dated: March 8, 2007.

Deputy State Director, Minerals and Lands.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-932 (Review)]

Certain Folding Metal Tables and Chairs From China

AGENCY: United States International Trade Commission.

ACTION: Institution of a five-year review concerning the antidumping duty order on certain folding metal tables and chairs from China.

SUMMARY: The Commission hereby gives notice that it has instituted a review pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)) (the Act) to determine whether revocation of the antidumping duty order on certain folding metal tables and chairs from China would be likely to lead to continuation or recurrence of material injury. Pursuant to section 751(c)(2) of the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission; ¹ to be assured of consideration, the deadline for responses is June 20, 2007. Comments on the adequacy of responses may be filed with the Commission by July 16, 2007. For further information concerning the conduct of this review and rules of general application, consult

¹ No response to this request for information is required if a currently valid Office of Management and Budget (OMB) number is not displayed; the OMB Number is 3117-0016/USITC No. 07-5-169, expiration date June 30, 2008. Public reporting burden for the request is estimated to average 10 hours per response. Please send comments regarding the accuracy of this burden estimate to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436.

the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

DATES: *Effective Date:* May 1, 2007.

FOR FURTHER INFORMATION CONTACT:

Mary Messer (202-205-3193), Office of Investigations, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this review may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On June 27, 2002, the Department of Commerce issued an antidumping duty order on imports of certain folding metal tables and chairs from China (67 FR 43277). The Commission is conducting a review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by the Department of Commerce.

(2) The *Subject Country* in this review is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the Subject Merchandise. In its original determination, the Commission found two Domestic Like Products corresponding to Commerce's scope: certain folding metal chairs, encompassing both "residential" and "commercial" folding chairs, and certain folding metal tables, including

only residential folding metal tables. The Commission did not include banquet tables in its definition of the Domestic Like Product for folding metal tables. The Commission also found that an expansion of the Domestic Like Products to include "other rigid-frame casual tables and chairs" was not warranted.

(4) The *Domestic Industry* is the U.S. producers as a whole of the Domestic Like Product, or those producers whose collective output of the Domestic Like Product constitutes a major proportion of the total domestic production of the product. In its original determination, the Commission defined the Domestic Industry for folding metal chairs to include all producers of folding metal chairs in the United States, and the Domestic Industry for certain folding metal tables to include all producers of residential folding metal tables in the United States.

(5) The *Order Date* is the date that the antidumping duty order under review became effective. In this review, the Order Date is June 27, 2002.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the Subject Merchandise into the United States from a foreign manufacturer or through its selling agent.

Participation in the review and public service list.—Persons, including industrial users of the Subject Merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the review as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the review.

Former Commission employees who are seeking to appear in Commission five-year reviews are reminded that they are required, pursuant to 19 CFR 201.15, to seek Commission approval if the matter in which they are seeking to appear was pending in any manner or form during their Commission employment. The Commission's designated agency ethics official has advised that a five-year review is the "same particular matter" as the underlying original investigation for purposes of 19 CFR 201.15 and 18 U.S.C. 207, the post employment statute for Federal employees. Former employees may seek informal advice
