

Dated: May 7, 2007.

L.M. Bynum,

*Alternate OSD Federal Register Liaison
Officer, Department of Defense.*

[FR Doc. 07-2329 Filed 5-10-07; 8:45 am]

BILLING CODE 5001-06-M

DEPARTMENT OF DEFENSE

Office of the Secretary

Department of Defense Task Force on the Future of Military Health Care

AGENCY: Office of the Assistant
Secretary of Defense (Health Affairs);
DoD.

ACTION: Notice of meeting.

SUMMARY: Pursuant to the Federal
Advisory Committee Act of 1972 (5
U.S.C., Appendix, as amended), the
Sunshine in the Government Act of
1976 (5 U.S.C. 552b, as amended) and
41 Code of Federal Regulations (CFR)
§ 102-3.140 through 160, the
Department of Defense announces the
following committee meeting:

Name of Committee: Department of
Defense Task Force on the Future of
Military Health Care, a duly established
subcommittee of the Defense Health
Board.

Date of Meeting: May 22, 2007.

Time of Meeting: 8:30 a.m. to 12 p.m.

Place of Meeting: National

Transportation Safety Board Conference
Center, 429 L'Enfant Plaza, Washington,
DC 20594.

Purpose of Meeting: To obtain,
review, and evaluate information related
to the Task Force's congressionally-
directed mission to examine matters
relating to the future of military health
care. The Task Force members will
receive briefings on topics related to the
delivery of military health care during
the public meeting.

Agenda: Discussion topic will be
Disease Management issues related to
the military healthcare system.

Prior to the public meeting the Task
Force will conduct a Preparatory Work
Meeting from 8 a.m.-8:25 a.m. to solely
analyze relevant issues and facts in
preparation for the Task Force's next
public meeting. In addition, the Task
Force, following its public meeting, will
conduct an additional Preparatory Work
Meeting from 12:10 p.m. to 2 p.m. to
analyze relevant issues and facts in
preparation for the Task Force's next
public meeting. Both Preparatory
Meetings will be held at the National
Transportation Safety Board Conference
Center, and pursuant to 41 Code of
Federal Regulations, Part 102-3.160(a),
both Preparatory Work Meetings are
closed to the public.

Additional information and meeting
registration is available online at the
Task Force Web site:
www.DoDfuturehealthcare.net.

FOR FURTHER INFORMATION CONTACT:

Colonel Christine Bader, Executive
Secretary, Department of Defense Task
Force on the Future of Military Health
Care, TMA/Code: DHS, Five Skyline
Place, Suite 810, 5111 Leesburg Pike,
Falls Church, Virginia 22041-3206,
(703) 681-3279, ext. 109
(christine.bader@ha.osd.mil).

SUPPLEMENTARY INFORMATION: Open
sessions of the meeting will be limited
by space accommodations. Any
interested person may attend; however,
seating is limited to the space available
at the National Transportation Safety
Board Conference Center. Individuals or
organizations wishing to submit written
comments for consideration by the Task
Force should provide their comments in
an electronic (PDF Format) document
through the Task Force Web site
(<http://www.DoDfuturehealthcare.net>) at
the "Contact Us" page, no later than five
(5) business days prior to the scheduled
meeting.

Dated: May 8, 2007.

L.M. Bynum,

*Alternate OSD Federal Register Liaison
Officer, Department of Defense.*

BILLING CODE 5001-06-M

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

Availability of a Tiered Final Environmental Impact Statement Containing a Draft Air Quality General Conformity Determination for the Proposed Construction of a Dredged Material Containment Facility in the Patapsco River, at Masonville, Baltimore City, MD

AGENCY: Department of the Army, U.S.
Army Corps of Engineers, DOD.

ACTION: Notice of availability.

SUMMARY: In accordance with
requirements of the National
Environmental Policy Act (NEPA), the
U.S. Army Corps of Engineers (USACE),
Baltimore District, has prepared a Final
Environmental Impact Statement (FEIS)
for the proposed construction of a
dredged material containment facility
(DMCF) by the Maryland Port
Administration (MPA). This FEIS was
prepared as part of the submission of
MPA's application for a Department of
the Army permit to construct the facility

in the Patapsco River, Baltimore City,
MD. This application will be evaluated
pursuant to Section 10 of the Rivers and
Harbors Act of 1899 and Section 404 of
the Clean Water Act.

The preferred alternative is for the
construction of a stone, sand, and
cofferdam structure that would impact
approximately 131 acres of waters of the
United States, including jurisdictional
wetlands. The structure would be
initially constructed to 10 feet above the
mean lower low water (MLLW)
elevation, with a future temporary
elevation to 42 feet above MLLW, and
an ultimate elevation of 36 feet above
MLLW. The project would also include
mechanical dredging of approximately
1.5 million cubic yards of overburden
material within the footprint of the
proposed disposal site, and the
placement of this material at the Hart
Miller Island disposal site, Baltimore
County, MD. On-site (Masonville
borrow) and offsite borrow material
(Seagirt borrow material and upland
borrow) would be used for the
construction of the containment facility.
The Seagirt borrow material would
come from the Seagirt Marine Terminal
Access Channel deepening and
widening project. The Draft EIS was
advertised in the **Federal Register** on
May 19, 2006 (71 FR 29128). A
supplement to the Draft EIS was
advertised in the **Federal Register** on
June 30, 2006 (71 FR 37545). The need
to prepare a Supplement was due to the
applicant's proposal to change the
source of borrow material for the
proposed construction of the preferred
alternative to include the use of suitable
material dredged from the Seagirt
Marine Terminal Access Channels. The
FEIS evaluates the construction of a
DMCF with a footprint of 141 acres,
which includes 131 acres of tidal open
water and wetlands. The DMCF would
be constructed to an initial height of 10
feet above MLLW and then raised to a
height of 42 feet above MLLW before
being graded to a final height of 36 feet
MLLW, which would be the same height
as the adjacent land. A detailed
description of the proposed project and
effects to the human environment are
discussed in the FEIS for the Masonville
DMCF. The FEIS outlines measures the
applicant may implement to address
impacts to air quality resulting from
activities described in the permit
application.

ADDRESSES: Please send written
comments to the U.S. Army Corps of
Engineers, Baltimore District, Attn: Mr.
Jon Romeo, CENAB-OP-RMN, P.O. Box
1715, Baltimore, MD 21203-1715. You
