## DEPARTMENT OF DEFENSE

### Office of the Secretary

#### Department of Defense Task Force on the Future of Military Health Care

**AGENCY:** Office of the Assistant  
Secretary of Defense (Health Affairs);  
DoD.

**ACTION:** Notice of meeting.

**SUMMARY:** Pursuant to the Federal  
Advisory Committee Act of 1972 (5  
U.S.C., Appendix, as amended), the  
Sunshine in the Government Act of  
1976 (5 U.S.C. 552b, as amended) and  
41 Code of Federal Regulations (CFR)  
§ 102-3.140 through 160, the  
Department of Defense announces the  
following committee meeting:

*Name of Committee:* Department of  
Defense Task Force on the Future of  
Military Health Care, a duly established  
subcommittee of the Defense Health  
Board.

*Date of Meeting:* May 22, 2007.

*Time of Meeting:* 8:30 a.m. to 12 p.m.

*Place of Meeting:* National

Transportation Safety Board Conference  
Center, 429 L'Enfant Plaza, Washington,  
DC 20594.

*Purpose of Meeting:* To obtain,  
review, and evaluate information related  
to the Task Force's congressionally-  
directed mission to examine matters  
relating to the future of military health  
care. The Task Force members will  
receive briefings on topics related to the  
delivery of military health care during  
the public meeting.

*Agenda:* Discussion topic will be  
Disease Management issues related to  
the military healthcare system.

Prior to the public meeting the Task  
Force will conduct a Preparatory Work  
Meeting from 8 a.m.-8:25 a.m. to solely  
analyze relevant issues and facts in  
preparation for the Task Force's next  
public meeting. In addition, the Task  
Force, following its public meeting, will  
conduct an additional Preparatory Work  
Meeting from 12:10 p.m. to 2 p.m. to  
analyze relevant issues and facts in  
preparation for the Task Force's next  
public meeting. Both Preparatory  
Meetings will be held at the National  
Transportation Safety Board Conference  
Center, and pursuant to 41 Code of  
Federal Regulations, Part 102-3.160(a),  
both Preparatory Work Meetings are  
closed to the public.

Additional information and meeting  
registration is available online at the  
Task Force Web site:  
[www.DoDfuturehealthcare.net](http://www.DoDfuturehealthcare.net).

**FOR FURTHER INFORMATION CONTACT:**

Colonel Christine Bader, Executive  
Secretary, Department of Defense Task  
Force on the Future of Military Health  
Care, TMA/Code: DHS, Five Skyline  
Place, Suite 810, 5111 Leesburg Pike,  
Falls Church, Virginia 22041-3206,  
(703) 681-3279, ext. 109  
([christine.bader@ha.osd.mil](mailto:christine.bader@ha.osd.mil)).

**SUPPLEMENTARY INFORMATION:** Open  
sessions of the meeting will be limited  
by space accommodations. Any  
interested person may attend; however,  
seating is limited to the space available  
at the National Transportation Safety  
Board Conference Center. Individuals or  
organizations wishing to submit written  
comments for consideration by the Task  
Force should provide their comments in  
an electronic (PDF Format) document  
through the Task Force Web site  
(<http://www.DoDfuturehealthcare.net>) at  
the "Contact Us" page, no later than five  
(5) business days prior to the scheduled  
meeting.

Dated: May 8, 2007.

## DEPARTMENT OF DEFENSE

### Department of the Army, Corps of Engineers

#### Availability of a Tiered Final Environmental Impact Statement Containing a Draft Air Quality General Conformity Determination for the Proposed Construction of a Dredged Material Containment Facility in the Patapsco River, at Masonville, Baltimore City, MD

**AGENCY:** Department of the Army, U.S.  
Army Corps of Engineers, DOD.

**ACTION:** Notice of availability.

**SUMMARY:** In accordance with  
requirements of the National  
Environmental Policy Act (NEPA), the  
U.S. Army Corps of Engineers (USACE),  
Baltimore District, has prepared a Final  
Environmental Impact Statement (FEIS)  
for the proposed construction of a  
dredged material containment facility  
(DMCF) by the Maryland Port  
Administration (MPA). This FEIS was  
prepared as part of the submission of  
MPA's application for a Department of  
the Army permit to construct the facility

in the Patapsco River, Baltimore City,  
MD. This application will be evaluated  
pursuant to Section 10 of the Rivers and  
Harbors Act of 1899 and Section 404 of  
the Clean Water Act.

The preferred alternative is for the  
construction of a stone, sand, and  
cofferdam structure that would impact  
approximately 131 acres of waters of the  
United States, including jurisdictional  
wetlands. The structure would be  
initially constructed to 10 feet above the  
mean lower low water (MLLW)  
elevation, with a future temporary  
elevation to 42 feet above MLLW, and  
an ultimate elevation of 36 feet above  
MLLW. The project would also include  
mechanical dredging of approximately  
1.5 million cubic yards of overburden  
material within the footprint of the  
proposed disposal site, and the  
placement of this material at the Hart  
Miller Island disposal site, Baltimore  
County, MD. On-site (Masonville  
borrow) and offsite borrow material  
(Seagirt borrow material and upland  
borrow) would be used for the  
construction of the containment facility.  
The Seagirt borrow material would  
come from the Seagirt Marine Terminal  
Access Channel deepening and  
widening project. The Draft EIS was  
advertised in the **Federal Register** on  
May 19, 2006 (71 FR 29128). A  
supplement to the Draft EIS was  
advertised in the **Federal Register** on  
June 30, 2006 (71 FR 37545). The need  
to prepare a Supplement was due to the  
applicant's proposal to change the  
source of borrow material for the  
proposed construction of the preferred  
alternative to include the use of suitable  
material dredged from the Seagirt  
Marine Terminal Access Channels. The  
FEIS evaluates the construction of a  
DMCF with a footprint of 141 acres,  
which includes 131 acres of tidal open  
water and wetlands. The DMCF would  
be constructed to an initial height of 10  
feet above MLLW and then raised to a  
height of 42 feet above MLLW before  
being graded to a final height of 36 feet  
MLLW, which would be the same height  
as the adjacent land. A detailed  
description of the proposed project and  
effects to the human environment are  
discussed in the FEIS for the Masonville  
DMCF. The FEIS outlines measures the  
applicant may implement to address  
impacts to air quality resulting from  
activities described in the permit  
application.

**ADDRESSES:** Please send written  
comments to the U.S. Army Corps of  
Engineers, Baltimore District, Attn: Mr.  
Jon Romeo, CENAB-OP-RMN, P.O. Box  
1715, Baltimore, MD 21203-1715. You  
may submit electronic comments to
