DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 622

[Docket No. 060525140-6221-02]

RIN 0648-XA21

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Snapper/Grouper Resources of the South Atlantic; Trip Limit Reduction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; inseason adjustment.

SUMMARY: NMFS reduces the commercial trip limit for golden tilefish in the South Atlantic to 300 lb (136 kg) per trip in or from the exclusive economic zone (EEZ). This trip limit reduction is necessary to protect the South Atlantic golden tilefish resource.

DATES: This rule is effective 12:01 a.m., local time, May 17, 2007, through January 1, 2008, unless changed by further notification in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT:

Jason Rueter, telephone 727-824-5305, fax 727-824-5308, e-mail jason.rueter@noaa.gov.

SUPPLEMENTARY INFORMATION: The snapper-grouper fishery of the South Atlantic is managed under the Fishery Management Plan for the Snapper-Grouper Resources of the South Atlantic (FMP). The FMP was prepared by the South Atlantic Fishery Management Council and is implemented under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

Under 50 CFR 622.44(c)(2), NMFS is required to reduce the trip limit in the commercial fishery for golden tilefish when 75 percent of the fishing year quota is met to 300 lb (136 kg) per trip, by filing a notification to that effect in the **Federal Register**. Based on current statistics, NMFS has determined that 75 percent of the available commercial quota of 295,000 lb (133,810 kg), gutted weight, for golden tilefish will be reached on or before May 17, 2007. Accordingly, NMFS is reducing the commercial golden tilefish trip limit to 300 lb (136 kg) in the South Atlantic EEZ from 12:01 a.m., local time, on May 17, 2007, until the fishery closes or 12:01 a.m., local time, on January 1, 2008, whichever occurs first.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant

Administrator for Fisheries, NOAA, (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(3)(B) as such prior notice and opportunity for public comment is unnecessary and contrary to the public interest. Such procedures would be unnecessary because the rule itself already has been subject to notice and comment, and all that remains is to notify the public of the closure. Allowing prior notice and opportunity for public comment is contrary to the public interest because of the need to immediately implement this action in order to protect the fishery since the capacity of the fishing fleet allows for rapid over harvest of the quota. Prior notice and opportunity for public comment would require additional time and would likely result in a harvest well in excess of the established quota. For the aforementioned reasons, the AA also finds good cause to waive the 30-day delay in the effectiveness of this action under 5 U.S.C. 553(d)(3).

This action is taken under 50 CFR 622.43(a) and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 10, 2007.

James P. Burgess,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
