

GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary in 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>. We strongly encourage grantees to submit their reports through e-Reports, the Department's electronic performance reporting initiative.

4. *Performance Measures:* Under GPRA, Federal departments and agencies must clearly describe the goals and objectives of programs, identify resources and actions needed to accomplish goals and objectives, develop a means of measuring progress made, and regularly report on achievement. One important source of program information on successes and lessons learned is the project evaluation conducted under individual grants. The Department has developed the following GPRA performance measures for evaluating the overall effectiveness of TCPCTIP projects:

(a) The percentage of students mastering academic knowledge and skills that meet challenging State-defined or program-defined academic standards, as measured by the percentage of career and technical education students who receive degrees, certificates, or credentials.

(b) The percentage of students who meet State-established or program-established industry-validated career and technical skills standards.

(c) The percentage of programs offering skill competencies, related assessments, and industry-recognized skills certificates in postsecondary programs.

(d) The percentage of students who are retained in, and complete postsecondary career and technical education programs.

(e) The percentage of student placed in jobs, military service, or higher-level continuing education programs upon graduation or completion of the postsecondary career and technical education programs. Accordingly, each TCPCTIP grantee must assess progress on the above performance measures in evaluating the success of its project, and

provide, in its annual performance and final reports, data about its progress on these measures.

ELECTION ASSISTANCE COMMISSION

Sunshine Act Notice

AGENCY: United States Election Assistance Commission (EAC).

ACTION: Notice of virtual public forum for EAC Standards Board.

DATE AND TIME: Thursday, May 17, 2007, 7 a.m. EDT through Tuesday, May 22, 7 a.m. EDT.

PLACE: EAC Standards Board virtual meeting room at <http://www.eac.gov>.

Once at the main page of EAC's Web site, viewers should click the link to the Standards Board Virtual Meeting Room. The virtual meeting room will open on Thursday, May 17, 2007, at 7 a.m. EDT and will close on Tuesday, May 22, at 7 a.m. EDT. The site will be available 24 hours per day during that 5-day period.

PURPOSE: The EAC Standards Board will review and provide comment on a draft EAC report that was developed by Design for Democracy. The draft report contains best practices suggestions on the design of voter information, optical scan ballots and direct recording electronic (DRE) ballots based on legislative guidelines, information design principles and user centered research.

The EAC Standards Board virtual meeting room was established to enable the Standards Board to review and discuss draft documents in a public forum when it is not feasible for an in-person board meeting. The May 17-22, 2007 forum is the first use of this virtual meeting room and as such is a test of the concept. The Standards Board will not take any votes or propose any resolutions during this 5-day forum. Members will post comments about the draft best practices suggestions for the design of voter information and ballots.

Statement of Exceptional Circumstances

This notice of a special forum will not be published in the **Federal Register** 15 days prior to the dates that the forum will be open. Late notice was unavoidable due to the short timeline between when EAC will receive the draft report and the scheduled date for final approval of June 14, 2007. The timetable for the noticed forum was expedited to allow EAC sufficient time to receive, review and consider comments from members of the Standards Board, EAC Board of Advisors and the public prior to preparation of the report.

This activity is open to the public. The public may view the proceedings of this special forum by visiting the EAC Standards Board virtual meeting room at www.eac.gov at any time between Thursday, May 17, 2007, 7 a.m. EDT and Tuesday, May 22, 2007, 7 a.m. EDT. The public also may view the draft report of suggested best practices for voter information and ballot designs, which will be posted on EAC's Web site beginning May 17, 2007. The public may file written statements to the EAC Standards Board at standardsboard@eac.gov.

Data on EAC's Web site is accessible to visitors with disabilities and meets

the requirements of Section 508 of the Rehabilitation Act.
