

elements, including: (1) Conservation of the Refuge's fish and wildlife populations and habitats in their natural diversity; (2) facilitation of subsistence use by local residents; (3) access for traditional activities; and (4) conservation of resource values, including cultural resources, wilderness, and rivers. The final revised CCP will detail programs, activities, and measures necessary to best administer the Refuge to protect these values and fulfill Refuge purposes over the next 15 years. Until the revised CCP is completed, management will continue to be guided by the original CCP, Federal legislation regarding management of National Wildlife Refuges, and other legal, regulatory, and policy guidance. The original CCP was approved in 1988.

Public Involvement

We plan to hold public involvement activities in communities within the Refuge. We plan to visit every one of the occupied villages within the Refuge at least once during plan revision. With appropriate advance notice, scoping meetings will be held between October 15, 2007, and the end of February 2008, as weather and other conditions permit. We will also be accepting comments via mail, e-mail, telephone, and through personal contacts throughout the planning process.

Public Availability of Comments

Before including your name, address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
