NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice.

SUMMARY: NARA is giving public notice that the agency proposes to request extension of two currently approved information collections. The first information collection is used by customers/researchers for ordering reproductions of NARA's motion picture, audio, and video holdings that are housed in the Washington, DC area of the National Archives and Records Administration. The second information collection is the Microfilm Rental Order Form, NA Form 14127, used by customers/researchers for renting roll(s) of a microfilm publication. The public is invited to comment on the proposed information collection pursuant to the Paperwork Reduction Act of 1995.

DATES: Written comments must be received on or before July 16, 2007 to be assured of consideration.

ADDRESSES: Comments should be sent to: Paperwork Reduction Act Comments (NHP), Room 4400, National Archives and Records Administration, 8601 Adelphi Rd, College Park, MD 20740-6001; or faxed to 301-713-7409; or electronically mailed to tamee.fechhelm@nara.gov.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the proposed information collection and supporting statement should be directed to Tamee Fechhelm at telephone number 301-837-1694, or fax number 301-713-7409.

SUPPLEMENTARY INFORMATION: Pursuant to the Paperwork Reduction Act of 1995 (Public Law 104-13), NARA invites the general public and other Federal agencies to comment on proposed information collections. The comments and suggestions should address one or more of the following points: (a) Whether the proposed information collection is necessary for the proper performance of the functions of NARA; (b) the accuracy of NARA's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of information technology; and (e) whether small businesses are affected by this collection. The comments that are submitted will be summarized and included in the NARA request for Office of Management and Budget (OMB) approval. All comments will become a matter of public record. In this notice, NARA is soliciting comments

concerning the following information collection:

1. *Title:* Item Approval Request List.

OMB number: 3095-0025.

Agency form number: NA Form 14110 and 14110A.

Type of review: Regular.

Affected public: Business or for-profit, nonprofit organizations and institutions, federal, state and local government agencies, and individuals or households.

Estimated number of respondents: 2,816.

Estimated time per response: 15 minutes.

Frequency of response: On occasion.

Estimated total annual burden hours: 704 hours.

Abstract: The information collection is prescribed by 36 CFR 1254.72. The collection is prepared by researchers who cannot visit the appropriate NARA research room or who request copies of records as a result of visiting a research room. NARA offers limited provisions to obtain copies of records by mail and requires requests to be made on prescribed forms for certain bodies of records. NARA uses the Item Approval Request List form to track reproduction requests and to provide information for customers and vendors.

2. *Title:* Microfilm Rental Order Form.

OMB number: 3095-0059.

Agency form number: NA Form 14127.

Type of review: Regular.

Affected public: Individuals or households.

Estimated number of respondents: 5,200.

Estimated time per response: 10 minutes.

Frequency of response: On occasion.

Estimated total annual burden hours: 867 hours.

Abstract: The NARA microfilm publications provide ready access to

records for research in a variety of fields including history, economics, political science, law, and genealogy. NARA emphasizes microfilming groups of records relating to the same general subject or to a specific geographic area. For example, the decennial population censuses from 1790 to 1930 and their related indexes are available on microfilm. Census records constitute the vast majority of microfilmed records available currently through the rental program.

Dated: May 9, 2007.

Martha Morphy,

Assistant Archivist for Information Services.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: Requests for copies must be received in writing on or before June 15, 2007 (Note that the new time period for requesting copies has changed from 45 to 30 days after publication). Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is

completed. Requesters will be given 30 days to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting the Life Cycle Management Division (NWML) using one of the following means:

Mail: NARA (NWML), 8601 Adelphi Road, College Park, MD 20740-6001.

E-mail: requestschedule@nara.gov.

FAX: 301-837-3698

Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

FOR FURTHER INFORMATION CONTACT:

Laurence Brewer, Director, Life Cycle Management Division (NWML), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: 301-837-1539. E-mail: records.mgt@nara.gov.

SUPPLEMENTARY INFORMATION: Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in

the case of schedules that cover records that may be accumulated throughout an agency. This notice provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction). It also includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it too includes information about the records. Further information about the disposition process is available on request.

Schedules Pending (Note that the new time period for requesting copies has changed from 45 to 30 days after publication):

1. Department of the Air Force, Agency-wide (N1-AFU-03-11, 41 items, 40 temporary items). Records relating to management of personnel and other resources for aviation and parachuting operations. Included are electronic data, aeronautical orders, incentive pay entitlement records, other military pay records, training records, mission accomplishment reports, sonic boom records, aircrew qualification certificates, waivers of flying or parachuting requirements, and flight, jump, and flight evaluation record folders. Proposed for permanent retention are recordkeeping copies of final individual flight records.

2. Department of the Army, Agency-wide, (N1-AU-06-14, 3 items, 3 temporary items). Records relating to the training, authorization and certification of Army law enforcement personnel carrying firearms. This schedule authorizes the agency to apply the proposed disposition instructions to any recordkeeping medium.

3. Department of Defense, Office of the Secretary of Defense, (N1-330-07-2, 1 item, 1 temporary item). Master file associated with an electronic information system used to track real and personal property. Data includes item authorizations, document registers, parts and equipment catalog information, hand receipt information, accounting data, maintenance and utilization information, and user history data.

4. Department of the Interior, National Park Service (N1-79-06-2, 8 items, 4 temporary items). Records of the Electronic Technical Information Center system, including metadata files covering circulation information and storage and disposition of records, and copies of source documents used to create microfilm versions.
