

Direct Broadcast Satellite (DBS) operators to provide service to Alaska and Hawaii if “technically feasible,” or to provide a technical analysis showing that such service is not technically feasible. In addition, some Mobile Satellite Service (MSS) operators and Non-geostationary Satellite Orbit Fixed Satellite Service (NGSO FSS) operators have similar geographic coverage requirements. For example, Ka-band NGSO FSS systems must provide service between 70 degrees North Latitude and 55 degrees South Latitude for at least 75 percent of every 24-hour period in accordance with section 25.145(c)(1) of the Commission’s rules. Finally, this certification will also apply to geographic service rules that take effect in the future.

The addition of the certification will require modification of the FCC Form 312 which is housed in the International Bureau Filing System (“MyIBFS”), an electronic filing system. In 2005, the Commission received approval from the Office of Management and Budget (OMB) for mandatory electronic filing of all satellite and earth station applications. Therefore, all certifications must be filed with the Commission electronically in MyIBFS.

This collection is used by the Commission staff in carrying out its duties concerning satellite communications as required by sections 301, 308, 309 and 310 of the Communications Act, 47 U.S.C. sections 301, 308, 309, 310. This collection is also used by the Commission staff in carrying out its duties under the World Trade Organizations (WTO) Basic Telecom Agreement. The information collection requirements accounted for in this collection are necessary to determine the technical and legal qualifications of applicants or licensees to operate a station, transfer or assign a license, and to determine whether the authorization is in the public interest, convenience and necessity. Without such information, the Commission could not determine whether to permit respondents to provide telecommunication services in the U.S. Therefore, the Commission would be unable to fulfill its statutory responsibilities in accordance with the Communications Act of 1934, as amended, and the obligations imposed on parties to the WTO Basic Telecom Agreement.

Federal Communications Commission.

Marlene Dortch,

Secretary.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

Public Information Collection Requirement Submitted to OMB for Review and Approval.

May 10, 2007.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden, invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before June 15, 2007. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Jasmeet K. Seehra, Office of Management and Budget (OMB), Room 10236 NEOB, Washington, DC 20503, (202) 395-3123, or via fax at (202) 395-5167 or via Internet at Jasmeet_K_Seehra@omb.eop.gov and to Cathy Williams, Federal Communications Commission, Room 1-C823, 445 12th Street, SW., Washington, DC. If you would like to obtain or view a copy of this information collection, you may do so by visiting the FCC PRA Web page at: <http://www.fcc.gov/omd/pra>.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Cathy

Williams at (202) 418-2918 or via the Internet at PRA@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-1084.
Title: Rules and Regulations Implementing Minimum Customer Account Record Exchange Obligations on All Local and Interexchange Carriers (CARE).

Form No.: Not applicable.

Type of Review: Revision to a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 1,778.

Estimated Time per Response: 0.27 hours—6.7 hours.

Frequency of Response: Annual reporting requirement.

Obligation to Respond: Required to obtain or retain benefits.

Total Annual Burden: 39,844 hours.

Total Annual Cost: None.

Nature and Extent of Confidentiality: An assurance of confidentiality is not offered because this information collection does not require the collection of personal identifiable information (PII) from individuals.

Privacy Act Impact Assessment: Not applicable.

Needs and Uses: In addition to the existing information collection requirements that we previously approved by OMB, in the Order on Reconsideration, In the Matter of Rules and Regulations Implementing Minimum Customer Account Record Exchange Obligations on All Local Exchange Carriers (LECs) and Interexchange Carriers (IXCs) (2005 Report and Order), CG Docket No. 02-386, FCC 06-134, which was released on September 13, 2006, the Commission concluded that minor modifications to 47 CFR 64.4002 are needed to clarify carriers’ respective obligations under that rule section.

Paragraph 64.4002(d) is modified to require that LEC notify an IXC when the LEC has removed at its local switch a presubscribed customer of the IXC in connection with the customer’s selection of “no-PIC” (preferred interexchange carrier) status. In this context, the selection of “no-PIC” status by the customer refers to the selection of no carriers for interLATA (Local Access Transport and Area) service or no carrier for interLATA service. The Commission concludes that this modification is needed to ensure that an IXC does not continue billing a customer for non-usage-related monthly charges where that customer has contacted his current LEC or his current IXC to select “no-PIC” status.

Paragraph 64.4002(e) of the Commission’s rules is modified to

include the effective date of any changes to a customer's local service account and the carrier identifications code of the customer's IXC among the categories of information that must be provided to the IXC by the LEC. The Commission concludes that knowing the effective date of account changes will help IXCs to maintain accurate customer account information and that including the carrier identification code of the customer's IXC will enable an IXC to verify that it is the proper recipient of the transmitted information.

Paragraph 64.402(g) of the Commission's rules is modified to make the information categories included in paragraph 64.402(g) consistent with those included in other LEC notifications requirements. Paragraph 64.4002(g) also is modified to require that when a customer changes LECs, but wishes to retain his current PIC, the new LEC must so notify the current PIC so that the current PIC does not erroneously assume, absent additional

notification from the new LEC, that the customer also wishes to cancel his current PIC.

Federal Communications Commission.
Gloria J. Miles,
Federal Register Liaison.

FEDERAL COMMUNICATIONS COMMISSION

[DA 07-1706]

Annual Adjustment of Revenue Thresholds

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: This document announces that the 2006 revenue threshold between Class A carriers and Class B carriers is increased to \$134 million.

The 2005 revenue threshold between larger Class A carriers and mid-sized carriers is increased to \$7.950 billion.

FOR FURTHER INFORMATION CONTACT: Raj Kannan, Pricing Policy Division, Wireline Competition Bureau at (202) 418-1565.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's public notice released April 12, 2007. This notice announces the inflation-adjusted 2006 revenue thresholds used for classifying carrier categories for various accounting and reporting purposes: (1) distinguishing Class A carriers from Class B carriers; and (2) distinguishing larger Class A carriers from mid-sized carriers. The revenue threshold between Class A carriers and Class B carriers is increased to \$134 million. The revenue threshold between larger Class A carriers and mid-sized carriers is increased to \$7.950 billion. The revenue thresholds for 2006 were determined as follows:

	Class A to Class B threshold	Larger Class A to midsize threshold
(1) GDP-CPI Base	86.68	102.40
(2) 2006 GDP-CPI	116.29	116.29
(3) Inflation Factor (line 2 ÷ 1)	1.3416	1.1356
(4) Original Revenue Threshold	\$100 million	\$7 billion
(5) 2006 Revenue Threshold (line 3 * 4)	\$134 million	\$7.950 billion

FCC Alerts Public and Merchants of Fraudulent Credit Card Purchases Through Internet Protocol (IP) Relay Service, a Form of Telecommunications Relay Services (TRS)

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In this document, the Commission urges merchants to use caution in handling telephone orders for goods. The Commission has received informal complaints that people without disabilities, who are posing as deaf or hard of hearing consumers, are misusing an Internet base telecommunications relay service ("TRS" or "Relay Service")

called "IP Relay" to perpetrate fraudulent business transactions, often by using stolen or fake credit cards.

ADDRESSES: Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Dana Jackson, (202) 418-2247 (voice), (202) 418-7898 (TTY), or e-mail Dana.Jackson@fcc.gov.

SUPPLEMENTARY INFORMATION: This is a summary of document DA 07-2006, released May 4, 2007. The full text of document DA 07-2006 and copies of any subsequently filed documents relating to this matter will be available for public inspection and copying during regular business hours at the FCC Reference Information Center, Portals II, 445 12th Street, SW., Room CY-A257, Washington, DC 20554. Document DA 07-2006 and copies of subsequently filed documents in this matter may also be purchased from the Commission's contractor at Portals II, 445 12th Street, SW., Room CY-B402, Washington, DC 20554. Customers may contact the Commission's contractor at their Web site <http://www.bcpiweb.com> or by calling 1-800-378-3160.

To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an e-mail to fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau at (202) 418-0530 (voice) or (202) 418-0432 (TTY). Document DA 07-2006 can also be downloaded in Word and Portable Document Format (PDF) at <http://www.fcc.gov/cgb.dro>.

Synopsis

The Commission urges merchants to use caution in handling telephone orders for goods. Merchants that accept orders made by telephone for goods and services should take steps to ensure that, for any order placed by phone, the payment method or credit card is valid and the purchaser is authorized to use the particular credit card. In addition, there are some indicia of fraudulent telephone orders or business transactions that merchants can use to help determine if an order placed by phone is legitimate. These indicia include a caller who: (1) Is happy to order "whatever you have in stock"; (2) supplies multiple credit cards as one or more are declined; (3) cannot provide the credit card verification code number
