

listed on a national securities exchange, which thus have never paid listing fees. In this regard, the Exchange acknowledges that some companies other than those returning to good standing after recent delisting—*e.g.*, a company trading on the over-the-counter market—may seek to take advantage of the waiver of listing fees for companies not listed on a national securities exchange but registered under the Act. However, the Exchange expects the number of such companies eligible for the waiver to be very small, since not many of these companies would meet the Exchange's quantitative listing requirements.

The Commission also notes that the Exchange has represented that the waiver of listing fees should not have a material financial impact on the exchange, or impact the Exchange's resource commitment to its regulatory oversight of the listing process or its regulatory programs.

Further, the proposal does not have any impact on whether a company is actually eligible to list on the Exchange. The Commission expects, and the Exchange has represented, that a full and independent review of compliance with listing standards will be conducted for any company seeking to take advantage of either of the fee waivers, just as for any company that applies for listing on the Exchange.

In light of these arguments, the Commission agrees that the proposed waivers, which are retroactively effective to February 28, 2007, the date of the filing of the proposed rule change,⁹ do not constitute an inequitable allocation of reasonable dues, fees, and other charges, do not permit unfair discrimination between issuers, and are generally consistent with the Act.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁰ that the proposed rule change (File No. SR-NYSEArca-2007-24) be, and it hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹¹

Jill M. Peterson,

Assistant Secretary.
