On April 9, 2007, the Drug Enforcement Administration (DEA) published an Interim Final Rule with Request for Comment (72 FR 17401) implementing section 716 of the CMEA. - The requirement that importers, exporters, brokers and traders file return declarations regarding importations, exports, and international transactions with DEA.

These provisions are being temporarily stayed until June 8, 2007. This temporary stay applies only to those provisions implemented by section 716 of CMEA. All other provisions regarding the importation, exportation, and international transactions involving List I and List II chemicals remain in full force and effect.

Implementation of the Interim Final Rule Published April 9, 2007

The following implementation guidance is provided pursuant to the temporary stay of 21 CFR 1313.12(c)(1)(ii), 1313.13(c)(5), 1313.16, 1313.17, 1313.26, 1313.27, 1313.32(d), 1313.32(e), and 1313.35. Effective June 8, 2007, all United States importers, exporters, brokers and traders of List I and List II chemicals must use the revised DEA Form 486 to notify DEA of their imports, exports, and international transactions. This revised form is available on the Diversion Control Program Web site, http://www.deadiversion.usdoj.gov.

Persons who submit import, export, and international transaction advance notifications to DEA on the new form prior to June 8, 2007, are not required to provide a return declaration to DEA regarding those transactions. Effective June 8, 2007, all persons previously granted regular importer status will no longer hold that status. Every import of a List I and List II chemical must be reported to DEA not later than 15 days prior to the proposed importation. This report must include the name of the person to whom the chemical is proposed to be transferred and the amount of the chemical proposed to be transferred. As DEA discussed in the Interim Final Rule, DEA will evaluate each proposed importation based not only on the chemical to be imported but on the transferee information supplied by the importer as well. This process will allow for the establishment of regular customer status by transferees of United States importers, and for establishment of regular importer status by importers importing a specific listed chemical intended for sale to a specific customer.

Effective June 8, 2007, all persons importing, exporting, and conducting international transactions involving List I and List II chemicals must provide return declarations to DEA.
