

Council's regular business session. The Council will then review staff's recommendations for 2008, 2009, and 2010 surfclam and ocean quahog quota specifications and associated management measures, and then the Council will develop and adopt quota specifications and associated management measures for a multi-year surfclam and ocean quahog specification program. The Council will review the Atlantic Mackerel, Squid, and Butterfish Committee's recommendations for 2008 quota specifications and associated management measures, and will develop and adopt 2008 quota specifications and associated management measures for squid, mackerel, and butterfish. The Council will receive a presentation on the Status of NMFS' Recreational Data Collection Initiative. The Council will then review alternatives associated with various measures proposed in Amendment 1 to the Tilefish FMP, and select preferred alternatives for that Amendment, and then review and adopt the Public Hearing Document (PHD) and associated Draft Environmental Impact Statement (DEIS). The Council will review and take action on the Standardized Bycatch Reporting Methodology Omnibus Amendment for Secretarial submission. The Council will review and consider actions taken by the ASMFC regarding Amendment 15 to the Summer Flounder, Scup, and Black Sea Bass FMP. The Council will conclude its meeting by receiving various committee reports and by addressing any continuing and/or new business.

Although non-emergency issues not contained in this agenda may come before the Council for discussion, these issues may not be the subject of formal Council action during these meetings. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final actions to address such emergencies.
