STATUS: Audio recordings of working subcommittee teleconferences are available upon conclusion of each meeting at: http://vote.nist.gov/subcomm_mtgs.htm. Agendas for each teleconference will be posted approximately one week in advance of each meeting at the above Web site.

SUMMARY: The Technical Guidelines Development Committee (the "Development Committee") was established to act in the public interest to assist the Executive Director of the U.S. Election Assistance Commission (EAC) in the development of voluntary voting system guidelines. The Committee held their first plenary meeting on July 9, 2004. At this meeting, the Development Committee agreed to a resolution forming three working groups: (1) Human Factors & Privacy; (2) Security & Transparency; and (3) Core Requirements & Testing to gather and analyze information on relevant issues. These working subcommittees propose resolutions to the TGDC on best practices, specifications and standards. Specifically, NIST staff and Committee members will meet via the above scheduled teleconferences to review and discuss progress on tasks defined in resolutions passed at Development Committee plenary meetings. The resolutions define technical work tasks for NIST that will assist the Committee in developing recommendations for voluntary voting system guidelines. The Committee met in its eighth plenary session on March 22–23, 2007.

Documents and transcriptions of Committee proceedings are available at <http://vote.nist.gov/PublicHearingsandMeetings.html>.

SUPPLEMENTARY INFORMATION: The Technical Guidelines Development Committee (the "Development Committee") was established pursuant to 42 U.S.C. 15361, to act in the public interest to assist the Executive Director of the Election Assistance Commission in the development of the voluntary voting system guidelines. The

information gathered and analyzed by the working subcommittees during their teleconference meetings will be reviewed at future Development Committee plenary meetings.

CONTACT INFORMATION: Alan Eustis 301-975-5099.
