SUPPLEMENTARY INFORMATION:

Title: The Interagency Access Pass Application Process.

Bureau Form Number: None.

OMB Number: 1024–0252.

Expiration Date: 10/31/2007.

Type of request: Extension of a currently approved collection.

Description of Need: The currently approved information collection responds to The Federal Lands Recreation Enhancement Act (FLREA) which requires the Secretary of Agriculture, and the Secretary of the Interior, to make the America the Beautiful—The National Parks and Federal Recreational Lands Pass available, for free, to any United States citizen or person domiciled in the United States who has been medically determined to be permanently disabled for purposes of Section 7(20)(B)(i) of the Rehabilitation Act of 1973 (29 U.S.C. 705(20)(B)(i)). The Act further requires that the applicant provide adequate proof of the disability of such citizenship or residency. The Act specifies that the Pass shall be valid for the lifetime of the pass holder. The America the Beautiful—The National Parks and Federal Recreational Lands Access Pass (Interagency Access Pass) was created to meet the requirements of the FLREA. An Interagency Access Pass is a free, lifetime permit that is issued without charge by the Bureau of Land Management, Bureau of Reclamation, United States Fish and Wildlife Service, United States Forest Service, and the

National Park Service to citizens or persons who are domiciled (permanent residents) in the United States, regardless of age, and who have a medical determination and documentation of permanent disability. Furthermore, the Pass is to be non-transferable and entitles the permittee and any person accompanying him in a single, private, non-commercial vehicle, or alternatively, the permittee and 3 adults to enter with him where entry to the area is by any means other than private, non-commercial vehicle. The Pass must be signed by the holder.

In order to issue the Interagency Access Pass only to persons who have been medically determined to be permanently disabled, in accordance with the FLREA direction and in order to clarify, simplify, and to provide uniform guidance for the public on the process for obtaining the Interagency Access Pass, the Secretaries of Agriculture and Interior established eligibility and required documentation guidelines for issuing the Interagency Access Pass and published them within the America the Beautiful—The National Parks and Federal Recreational Lands Pass Standard Operating Procedures. The procedures require the individual to appear in person and sign the Pass in the presence of the issuing agency officer. Acceptable documentation to verify that the individual had been medically determined to have a permanent disability has been identified and includes:

A statement by a licensed physician attesting that the applicant has a permanent physical, mental, or sensory impairment that substantially limits one or more major life activities, and stating the nature of the impairment;
OR

A document issued by a Federal agency, such as the Veteran's Administration, which attests that the applicant has been medically determined to be eligible to receive Federal benefits as a result of blindness or permanent disability. Other acceptable Federal agency documents include proof of receipt of Social Security Disability Income (SSDI) or Supplemental Security Income (SSI);
OR

A document issued by a State agency such as the vocational rehabilitation agency, which attests that the applicant has been medically determined to be eligible to receive vocational rehabilitation agency benefits or services as a result of medically determined blindness or permanent disability. Showing a State motor

vehicle department disability sticker, license plate or hand tag is not acceptable documentation;

Information available to the general public through agency Web sites and publication will inform potential Pass applicants of the documentation requirements. However, there are instances where applicants learn about the Pass when arriving at a recreation site and do not have the required documentation available. For those instances, a fourth option is made available at recreation sites. If a person claims eligibility for the Access Pass but cannot produce any of the documentation outlined, that person must read, sign, and date the Statement of Disability Form in the presence of the officer issuing the Pass. If the applicant cannot read and/or sign, someone else may read, date, and sign the statement on his/her behalf in the applicant's presence, and the presence of the officer issuing the Pass. The Interagency Access Pass replaces the Golden Access Passport that was established in 1980 by an amendment to the Land and Water Conservation Fund Act (L&WCFA) of 1965. Previously issued Golden Access Passports will remain valid for the lifetime of the Passport holder. The requested information and Statement of Disability have been collected and used since the creation of the Golden Access Passport in 1980 to verify that the individual had been medically determined to have a permanent disability for the issuance of the Golden Access Passport under OMB control number 0596-0173, under the authority of the L&WCFA.

Comments are invited on: (1) The practical utility of the information being gathered; (2) the accuracy of the burden hour estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; (4) ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comments to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Anonymous comments will not be accepted.

All responses to this notice will be summarized and included in the request for the Office of Management and

Budget (OMB) approval. All comments will become a matter of public record.

Description of respondents: United States citizens or persons domiciled in the United States who have been medically determined to be permanently disabled for the purposes of Section 7(20)(B)(i) of the Rehabilitation Act of 1973 (29 U.S.C. 705 (20)(B)(i)).

Estimated average number of respondents: 73,400 per year.

Estimated average number of responses: 73,400 per year.

Estimated average time burden per response: 5 minutes.

Frequency of response: once per respondent.

Estimated total annual reporting burden: 6117 hours.

Dated: May 21, 2007.

BILLING CODE 4312-53-M

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731-TA-1111-1113 (Preliminary)]

Glycine From India, Japan, and Korea

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (Commission) determines, pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)) (the Act), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports from India, Japan, and Korea of glycine, provided for in statistical reporting number 2922.49.4020 of the Harmonized Tariff Schedule of the United States (HTS),² that are alleged to be sold in the United States at less than fair value (LTFV).

Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in section 207.21 of the Commission's rules, upon notice from the Department of Commerce (Commerce) of an affirmative preliminary determination in the investigations under section 733(b) of the Act, or, if the preliminary determination is negative, upon notice of an affirmative final determination in those investigations under section 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

² The imported products subject to investigation also include sodium glycinate which is provided for in subheading 2922.49.80 of the HTS.
