

attendance at the Institute; the number of students attending each training course offered by the Institute; and the types of students attending these courses (for example, students from Federal or State occupational safety and health agencies). The Office uses this information to demonstrate, in an accurate and timely manner, that the Agency is providing the training and employee education mandated by Section 21 of the Act. OSHA also uses this information to evaluate training output, and to make decisions regarding program/course revisions, budget support, and tuition costs.

The Agency uses the information collected under the "Course Information," "Personal Data," and "Employer Data" to identify private sector students so that it can collect tuition costs from them or their employers as authorized by 31 U.S.C. 9701 ("Fees and Charges for Government Services and Things of Value"); Office of Management and Budget Circular A-25 ("User Charges"); and 29 CFR part 1949 ("Office of Training and Education, Occupational Safety and Health Administration"). The information in the "Personal Data" and "Emergency Contacts" categories permits OSHA to contact students who are residing in local hotels/motels if an emergency arises at their home or place of employment, and to alert supervisors/alternate contacts of a trainee's injury or illness.

- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

## OFFICE OF THE U.S. TRADE REPRESENTATIVE

### Request for Petitions To Accelerate Tariff Elimination and Modify the Rules of Origin Under the U.S.-Chile Free Trade Agreement

**AGENCY:** Office of the United States Trade Representative.

**ACTION:** Notice of opportunity to file petitions requesting accelerated tariff elimination and changes to the rules of origin under the U.S.-Chile Free Trade Agreement ("the Agreement" or "USCFTA").

**SUMMARY:** This notice solicits petitions requesting accelerated tariff elimination under the USCFTA and describes the procedures for filing petitions. This notice also solicits proposals on appropriate changes that USTR should consider for liberalizing the USCFTA's rules of origin.

**DATES:** Public comments are due at USTR by close of business, July 20, 2007.

**ADDRESSES:** Submissions by electronic mail: [FR0712@ustr.eop.gov](mailto:FR0712@ustr.eop.gov). Submissions by facsimile: Kent Shigetomi, Office of the Americas, at (202) 395-9675. USTR strongly encourages the public to submit documents electronically rather than by facsimile. See requirements for submissions below.

**FOR FURTHER INFORMATION CONTACT:** Kent Shigetomi, Office of the Americas, Office of the United States Trade Representative, Room 523, 600 17th Street, NW., Washington, DC 20508; telephone: (202) 395-3412; facsimile: (202) 395-9675; e-mail: [FR0712@ustr.eop.gov](mailto:FR0712@ustr.eop.gov).

**SUPPLEMENTARY INFORMATION:** On December 5, 2005, the U.S.-Chile Free Trade Commission ("FTC" or "the Commission"), the bilateral body responsible for supervising the implementation of the USCFTA, decided to launch negotiations to accelerate the elimination of tariffs under the Agreement. Article 3.3(4) of the USCFTA provides that Parties may

agree to accelerate the elimination of customs duties set out in their tariff schedules. Section 201(b) of the U.S.-Chile Free Trade Agreement Implementation Act ("the FTA Act" or "the Act") authorizes the President to proclaim modifications in the staging of duty treatment set out in the Agreement, subject to the Act's consultation and layover requirements.

Further, on January 24, 2007, the Commission agreed to consider liberalizing the rules of origin established in the Agreement, particularly in light of more recent free trade agreements. The USCFTA requires each government to provide preferential tariff treatment to goods that meet the Agreement's origin rules. In the United States, those rules are implemented through the FTA Act. Under the Act, goods imported into the United States qualify for preferential treatment if they meet the requirements of the general USCFTA rules of origin set out in section 202 of the Act and the USCFTA product-specific rules set out in the HTS. The Agreement allows the Parties to amend the Agreement's origin rules as they deem appropriate. Section 202(o)(2) of the USCFTA Act authorizes the President to proclaim modifications to the USCFTA's product-specific origin rules set forth in the HTS, subject to the consultation and layover provisions of section 103(a) of the Act.

#### Additional Information

The United States and Chile have not yet decided whether to accelerate the elimination of tariffs or to make further changes to the Agreement's rules of origin and, if such changes were made, what the scope or extent of such changes should be. The United States and Chile expect to take into account several factors in considering whether to make such changes, including (1) the extent that any such changes may reduce transaction and manufacturing costs or increase trade between Chile and the United States; (2) the feasibility of devising, implementing, and monitoring new rules of origin; and (3) the level and breadth of interest that manufacturers, processors, traders, and consumers in the United States and Chile express for making particular changes. The United States and Chile expect to make only those changes that are broadly supported by stakeholders in both countries.

#### Requirements for Comments/Proposals

Submitters should indicate whether they have discussed their proposals with representatives of the relevant sector in Chile and, if such discussions have taken place, what the result of

those discussions was. Submissions should indicate if representatives of the relevant sector in Chile do not support the proposal. USTR encourages interested parties to consider submitting proposals jointly with interested parties in Chile.

**Scope and Coverage of Proposals:** USTR encourages interested parties to review the broadest appropriate range of items and to submit proposals that reflect a consensus reached after such a broad-based review. A single proposal can thus include requests covering multiple tariff headings. Proposals should cover entire 8-digit tariff subheadings, and may also be submitted at the 6, 4, or 2 digit level where the intent is to cover all subsidiary duties.

**Requirements for Submissions:** In order to facilitate prompt processing of submissions, USTR strongly urges and prefers electronic (e-mail) submissions in response to this notice. In the event that an interested party cannot make a submission by e-mail, it should send the submission by facsimile. Facsimile submissions should not exceed 20 pages.

E-mail submissions should be single copy transmissions in English, and use the appropriate subject line, "Chile FTA Tariff Acceleration," "Chile FTA Rules of Origin," or both, depending on the nature of the submission. Documents should be submitted as WordPerfect ("\*.WPD"), MS Word ("\*.DOC"), or text ("\*.TXT") files. Documents should not be submitted as electronic image files or contain embedded images (for example, "\*.JPG", "\*.TIF", "\*.PDF", "\*.BMP", or "\*.GIF") as these files are often excessively large. Supporting documentation submitted as spreadsheets are acceptable in QuattroPro or Excel, pre-formatted for printing on 8½ x 11 inch paper. To the extent possible, an interested party should include any data attachments to the submission in the same file as the submission itself, and not as separate files. E-mail submissions should not include separate cover letters or messages in the body of the e-mail. An interested party should include information that might appear in a cover letter directly in the attached file containing the submission itself, including the identity of the submitter and the submitter's e-mail address.

Petitions will be available for public inspection by appointment with the staff of the USTR Public Reading Room, except for information granted "business confidential" status pursuant to 15 CFR 2003.6. If the submission contains business confidential information, the submitter must provide a non-confidential version of the
